

Summary of Changes

Mailing Standards of the United States Postal Service, International Mail Manual

Issued April 1, 2024

This Summary of Changes to *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM[®]) includes revisions that have become effective during the previous 12 calendar months.

In chapters 1–9 and in “Country Price Groups and Weight Limits” of this online version of the IMM, change bars (vertical lines in the margin) indicate that *Postal Bulletin* updates have been incorporated in the adjacent text (note that the change bars appear only in the PDF version, and only for revisions that have become effective in the current calendar year, not for all the previous 12 months). However, in the individual country listings (ICLs) of this online IMM, change bars do *not* appear even though *Postal Bulletin* updates have been incorporated in the ICL text.

- Effective April 20, 2023, as noted in PB issue 22622, the following ICLs are revised to add text requiring that the customs declaration form include a Harmonized System (HS) code that corresponds to the detailed description for any good mailed to these countries:

Mailing Standards of the United States Postal Service, International Mail Manual

April 1, 2024

Mailing Standards of the United States Postal Service, International Mail Manual (IMM) provides our standards for all international mailing services and references for the applicable prices. Many mailers find it helpful to reference these standards as they prepare and deposit their mail.

Mailers looking for an overview of prices and international extra services can use [Notice 123, Price List](#). It provides the most commonly sought international mailing information in an easy-to-read and easy-to-find format. [Notice 123](#) is available on our Postal Explorer Web site at pe.usps.com. The Postal Explorer Web site also provides helpful search features, mailing tools, and price calculators to make mailing easy.

Summary of Changes

The IMM is updated frequently on Postal Explorer at pe.usps.com. The Summary of Changes section in the IMM notes revisions by IMM chapter, subchapter, part, section, or Individual Country Listing (ICL). Mailing standards in the IMM are revised by notices published in the *Postal Bulletin* or the *Federal Register*.

Availability

The current edition of the IMM and also archived editions back to 2001 are available in PDF and HTML formats on the Postal Explorer Web site at pe.usps.com.

How to Use This Book

The IMM is organized into nine chapters that describe mailing methods based on shape of mail, category of mail service, and topic. The chapters are followed by Individual Country Listings that contain specific mailing standards for each country.

1 International Mail Services

110 General Information

111 **Scope**

This manual sets forth the conditions and procedures for the preparation and treatment of mail sent from the United States to other countries and the treatment of mail received from other countries. Its counterpart in the domestic mail service is the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM). Cross-references to the DMM are provided wherever domestic conditions and procedures apply to the preparation or treatment of international mail.

112 **Mailer Responsibility**

Regardless of any statement contained in this manual or the statements of any employee of the United States Postal Service, the responsibility rests with the mailer to ensure that he or she has complied with the prescribed laws and regulations governing domestic and international mail, including, but not limited to, both those of the United States and those of the destination country.

The mailer must fulfill any nonpostal export requirements described in chapter 5 and must ensure that the electronically generated customs form is complete. Certain types of goods may be subject to prohibitions or restrictions. It is the mailer's responsibility to comply with import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.) and to determine what documents (e.g., commercial invoice, certificate of origin, health certificate, license, authorization for goods subject to quarantine such as plant, animal, or food products, etc.), if any, are required in the destination country.

Full responsibility rests with the mailer to comply with all postal and nonpostal laws and regulations regarding the mailing of dangerous goods. Anyone who mails, or causes to be mailed, nonmailable or improperly packaged dangerous goods can be subject to legal penalties, including but not limited to those specified in Title 18 of the United States Code (18 U.S.C.).

113 Individual Country Listings

Individual Country Listings (ICLs) provide information about conditions of mailing, postage prices, and extra services for each country. ICLs are arranged alphabetically. Most subtitles are followed by a chapter citation in parentheses.

120 Preparation for Mailing

121 **General Information for Mail Preparation**

121.1 **Packaging — Sender's Responsibility**

It is the responsibility of the sender to prepare items and to address them clearly and correctly. In preparing items for mailing, the sender must (1) use strong envelopes or durable packaging material to prevent deterioration or degradation, and (2) consider the nature of the articles being mailed and the distance they must travel to reach the addressee. USPS-produced packaging is not eligible for shipping mailable dangerous goods or live animals. (See DMM 601 for detailed instructions.)

121.2 **Use of Postal Service Equipment**

Consistent with Postal Operations Manual part 581, and without regard to mail class, mailers may use USPS-owned mail transport equipment (MTE) only to transport mail to a USPS facility. Mailers may not retain USPS-owned MTE for their internal operating use or personal convenience, and such equipment may not be furnished to mailers for such purposes. Mailers may not use USPS-owned MTE to transport mail from foreign countries when

such mail is not intended for dispatch through the U.S. Postal Service. In addition, mailers must not remove USPS-owned MTE from the United States for any purpose (e.g., transporting items that will be entered as domestic mail from outside the United States to the United States) without a written agreement between the customer and the USPS manager of Mail Transport Equipment. Under no circumstances will the U.S. Postal Service grant approval for USPS-owned MTE to be out of the United States for more than 14 days. For additional information, contact the USPS manager of Mail Transport Equipment at the following address:

122 Addressing

122.1 Destination Address

International destination addresses must comply with the standards in this section.

Note: In items c, d, and i, the term “full legal name” means the name that corresponds to the addressee’s government-issued identification — i.e., the addressee’s first name, middle initial (if applicable), and last name.

- a. At least the entire right half of the address side of the envelope, package, or card should be reserved for the destination address, postage, labels, and postal notations. If the mail item requires a customs declaration form, mailers may use an electronically generated combined customs form and shipping label.
- b. Addresses must appear in ink or be typewritten. Pencil is unacceptable.
- c. The addressee’s full legal name (see Note above) and complete address must appear legibly with roman letters and arabic numerals, all placed lengthwise on one side of the item. For parcels, addresses should also appear on a separate slip enclosed in the parcel.
- d. Addresses in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters must bear an interline translation in English of the addressee’s full legal name (see Note above) and complete address (including country). If the English translation is not known, the foreign language words must appear in roman characters (either printed or script). See [292.41](#) and [293.41](#) for an optional addressing procedure that applies only to direct country containers of International Priority Airmail (IPA) or International Surface Air Lift (ISAL) mail, respectively.
- e. Mail may *not* be addressed to a person in one country “in care of” a person in another country.
- f. Mail may *not* be addressed to *Boxholder* or *Householder*.

- g. The following exceptional form of address, in French or a language known in the country of destination, may appear on printed matter: the addressee's name or *Occupant*.

Example: Mr. Thomas Clark or Occupant

- h. The house number and street address or box number must appear when mail is addressed to towns or cities.
- i. The address of items sent to general delivery must indicate the addressee's full legal name (see Note above) and the city and country of destination. The use of just initials, simple given names, fictitious names, or figures is not permitted on articles addressed for general delivery.
- j. All lines of the delivery address should appear in all capital letters. The city destination must appear in capital letters together with the correct post code number or delivery zone number, if any. The last line of the address must show only the country name, written in full (no abbreviations) and in capital letters. If possible, the address should have no more than five lines. For example:

117 RUSSELL DRIVE	APARTADO 3068

122.2 Return Address

122.21 General

The return address tells the U.S. Postal Service or foreign post where to return a mailpiece that cannot be delivered. Due to heightened security concerns, the U.S. Postal Service recommends a complete return address on all mailpieces — see [122.23](#) for when a return address is required. A mailpiece may include only one return address, and the mailer must place it so that it does not affect either the clarity of the address of destination or the application of service labels and notations (postmarks, etc.).

122.22 Elements of a Return Address

A complete return address must include the sender's full legal name (see the Note in [122.1](#)) and complete return address in roman letters and arabic numerals — it *may* not include just initials except where they are an adopted trade name.

122.23 **Required Use of Return Address**

In bulk mailings, all mailpieces must bear a U.S.-origin return address visible on the outside of the mailpiece. For the purpose of this section, a “bulk mailing” is any IPA or ISAL mailing, or any other mailing paid with an advance deposit account and presented to the U.S. Postal Service for acceptance. In addition, a return address is required for mailpieces bearing a customs form under [123.7](#).

123 **Customs Forms and Online Shipping Labels**

123.1 **Types of Customs Forms**

123.11 **General**

As required under [123.6](#), a fully completed electronically generated customs form is required for international mail. A mailer may obtain an electronically generated customs form by using Click-N-Ship service, the Customs Form Online application, or USPS-approved vendor software, as described in [123.3](#). Alternatively, a mailer may obtain an electronically generated customs form by presenting a fully completed PS Form 2976-R at a USPS retail service counter. The following forms are available for international mail:

a. Electronically Generated Customs Forms:

- (1) PS Form 2976, *Customs Declaration CN 22 — Sender’s Declaration*.
- (2) PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*.
- (3) PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*.

Note: For international mail, PS Form 2976-B is used only for Priority Mail Express International items. However, as noted in DMM 703.2.3, PS Form 2976-B is also used with Priority Mail Express items sent to APO/FPO/DPO destinations.

b. Handwritten Customs Worksheets:

- (1) PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*. This form is available only as a hard copy that customers use as a worksheet that they must present with their mail item at a USPS retail service counter. The retail associate enters the information into the retail system or Customs Form Online application (see [123.722](#)), and then generates and prints the applicable customs form to affix to the mail item. Customers cannot use PS Form 2976-R as a stand-alone customs form.
Note: All USPS-supplied hard copies of PS Form 2976, PS Form 2976-A, and PS Form 2976-B that were preprinted with a barcode and designed for mailers to complete by hand are obsolete and prohibited from use.
- (2) PS Form 6182, *Commercial Invoice*, is used only for Global Express Guaranteed items and is required for certain commodities and destinations. To determine if a specific mailing

requires PS Form 6182, refer to the “Documentation Requirement” section of the specific destination country in Publication 141.

- c. Customs Declaration Envelopes:
- (1) PS Form 2976-E, *Customs Declaration Envelope — CP 91*, is a plastic envelope that is used to carry and protect customs declaration form sets and other documentation needed for customs clearance (see [123.73](#)).
 - (2) PS Form 2976-ES, Small Customs Declaration Envelope, is a small plastic envelope that is used to carry and protect customs declaration form sets and other documentation needed for customs clearance used with Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes and other small parcels that require a customs form (see [123.73](#)).

123.12 Authorized Editions

The following are the authorized customs forms:

- a. Electronically generated customs forms PS Form 2976, PS Form 2976-A, and PS Form 2976-B produced through an approved USPS system capable of electronically transmitting the associated customs data. Current authorized editions are available in the Guidelines for Privately Printed Customs Declaration Forms at <https://postalpro.usps.com/node/2713%postalpro.usps.com/node/2713>.
- b. Customs forms generated through the online service using Click-N-Ship service.
- c. Customs forms generated through the process of using the Customs Form Online application.
- d. The USPS-supplied hard copy edition PS Form 2976-R (dated April 2016), which a mailer uses to provide handwritten customs information when presenting a mailpiece at a USPS retail service counter. The retail associate uses this form to generate and print the appropriate customs form and to electronically transmit the associated customs data. A mailer may not use PS Form 2976-R as a stand-alone customs form. See [123.11b](#).

Note: All USPS-supplied hard copies of PS Form 2976, PS Form 2976-A and PS Form 2976-B containing a preprinted barcode and designed for mailers to complete by hand are obsolete and prohibited.

123.2 Availability

PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*, is available without charge at Post Office facilities. Mailers may request a reasonable supply for mail preparation; however, mailers must induct their prepared mailpieces only at a USPS retail service counter. Customs declaration forms are available through an online customs form application at usps.com/international/customs-forms.htm.

123.3 **Privately Printed Forms**

123.31 **Authorization**

A mailer may not use privately printed customs forms without written authorization. If authorized, a mailer may privately print PS Forms 2976, 2976-A, and 2976-B as specified in the Customs Form Certification Checklist, which is available by clicking on the link to that checklist at the Web site noted in [123.31b](#). In addition, each form must contain a unique barcode that can be read by Postal Service equipment. A mailer may obtain customs form and barcode specifications through the following methods:

- a. By calling the NCSC at 877-264-9693 (select option 3 for barcode certification).
- b. By visiting postalpro.usps.com/node/2713.
- c. By written request to the following address:

DELIVERY CONFIRMATION
NATIONAL CUSTOMER SUPPORT CENTER
US POSTAL SERVICE
225 N HUMPHREYS BLVD STE 501
MEMPHIS TN 38188-1001

Upon receipt of the request, the NCSC will send the mailer an application and specifications for preparing PS Forms 2976, 2976-A, and/or 2976-B.

123.32 **Required Electronic Transmission of Customs Declaration Information**

For an item bearing a privately printed customs form under [123.31](#), a mailer must electronically transmit customs declaration information by using USPS-produced Global Shipping Software (GSS), Shipping Services File 1.7 or higher, or other USPS-approved software. Failure to provide electronically transmitted customs declaration information before tendering the mailing may result in refusal at acceptance, delay in processing, and/or return of mail to the sender.

Specific options for electronically transmitting customs declaration information and additional information may be found in the Customs Form Certification Checklist, which is available by clicking on link to that checklist at the Web site noted in [123.31b](#).

123.4 **Nonpostal Forms**

123.41 **Nonpostal Export Regulations**

Certain items must bear one or more of the forms required by the nonpostal export regulations described in chapter [5](#).

123.42 **Commercial Invoices**

A commercial invoice is a bill for goods from the seller to the buyer. A commercial invoice must be completed where required and must contain the following basic information:

- a. Seller's complete contact information.
- b. Receiver's complete contact information.
- c. Consignee's complete contact information (if it is different from the buyer's).

- d. Country of origin.
- e. Destination country.
- f. Reason for export.
- g. Total commercial value of the item(s) shipped.
- h. Sales and payment terms (if any).
- i. Currency of sale.
- j. Full quantities and description of the merchandise.
- k. A statement certifying that the invoice is correct.

123.5 **Place of Mailing**

Mailpieces bearing customs declarations have specific deposit requirements based on mail category, shape, and weight. Refer to the specific IMM part below for determination:

- a. Global Express Guaranteed mailpieces — see [215](#).
- b. Priority Mail Express International mailpieces — see [225](#).
- c. Priority Mail International mailpieces — see [235](#).
- d. First-Class Mail International mailpieces — see [245](#).
- e. First-Class Package International Service mailpieces — see [255](#).

123.6 **Required Usage**

123.61 **Conditions**

The following conditions apply to customs forms for international mail items:

- a. Except as provided in [123.62](#), mailers use the hard copy PS Form 2976-R and present it at a USPS retail service counter, or use an electronic PS Form 2976, PS Form 2976-A, or PS Form 2976-B as described in [Exhibit 123.61](#).
- b. The surface area of the address side of the item to be mailed must be large enough to contain completely the applicable customs form, postage, and any applicable markings, endorsements, and extra service labels.
- c. Regardless of any listing in [Exhibit 123.61](#), items containing articles that require an export license (see [532](#)) must always bear PS Form 2976-A or PS Form 2976-B — note that, for international mail, PS Form 2976-B is used only for Priority Mail Express International items, but as noted in DMM 703.2.3, PS Form 2976-B is also used with Priority Mail Express items sent to APO/FPO/DPO destinations. In certain circumstances, this might require the mailer to send the mailpiece via Priority Mail Express International service or Priority Mail International service.

123.62 **Known Mailers**123.621 **Overview**

A “known mailer” may be exempt from the customs form requirement that would otherwise apply to package-size mailpieces as defined in [251.2](#). A “known mailer” must meet one of the definitions in [123.622](#) and must meet the conditions in [123.623](#).

123.622 Definition

A “known mailer” must meet one of the following definitions:

- a. A federal, state, or local government agency whose mail is regarded as Official Mail.
- b. A business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, completes a postage statement at the time of entry, pays postage through an advance deposit account, and uses a permit imprint for postage payment. For this purpose, the categories of mail that qualify are as follows:
 - (1) First-Class Package International Service.
 - (2) International Priority Airmail (IPA) service.
 - (3) International Surface Air Lift (ISAL) service.

123.623 Conditions

The following conditions apply to “known mailers”:

- a. The mailpieces must contain no merchandise or goods, except as provided in [123.623](#).
- b. Merchandise or goods to which this subsection applies may be mailed only as First-Class Package International Service packages (small packets) — or for commercial mailers, as IPA packages (small packets) and ISAL packages (small packets). Any packaging used for package-sized items under this subsection must be transparent, such as shrinkwrap or poly wrap material, so that the contents are fully visible for inspection. Authorization to mail items under this subsection without a customs form applies only under one of the following conditions:
 - (1) The mailpieces may contain goods of nominal value (less than \$1.00) in conjunction with communications or informational materials for which no customs form is required in the destination country.
 - (2) The mailpieces may contain hard copy printed matter or recorded media (e.g., CDs, DVDs, flash drives, video and cassette tapes), for which no customs form is required in the destination country.
- c. Authorization to mail items under section [123.62](#) without a customs form is also subject to all of the following conditions:
 - (1) The mailpieces must not require an export license as described in [510](#), [520](#), [530](#), or [540](#).
 - (2) The mailpieces must not contain dangerous or prohibited items under [135](#) or [136](#), or be otherwise prohibited by the destination country.
 - (3) The mailpieces cannot be destined to an E:1 country listed in 15 CFR 740, Supp. 2.
 - (4) The mailpieces cannot contain any items listed in the Commerce Control List (15 CFR 774) or the U.S. Munitions List (22 CFR 121).

- d. If the mailpieces are mailed with a postage statement, the mailer must certify on the postage statement that the mailpieces contain no dangerous materials that are prohibited by postal regulations.
- e. The import regulations of the destination country must allow individual mailpieces without a customs form affixed.
- f. For IPA and ISAL mailings, the mailer must pay with a permit imprint or with a combination postage method (meter postage affixed to the piece and additional postage by permit imprint). IPA and ISAL mailpieces that are paid for by postage solely with a meter do not qualify for the “known mailer” exemption.
- g. Failure to comply with the conditions in this section, or with any other applicable regulations or policies of the Postal Service or other relevant governmental authorities, may result in the suspension or revocation of eligibility to mail items without a customs form affixed pursuant to this section. For example, a suspension or revocation may result when the mailer fails to ensure his or her compliance with [510](#), [520](#), [530](#), or [540](#), such as ensuring that no mailings are sent to persons blocked from transacting in such items by the federal agencies described in those IMM sections.

123.63 **Separation of Documents and Merchandise**

123.631 **Explanation of Separation**

Letter-post mail (First-Class Mail International, IPA and ISAL items, and First-Class Package International Service) must be separated based on contents into Documents and Merchandise categories. Merchandise consists of items other than documents that are considered potentially dutiable, as well as documents that may be subject to customs duties. The mailer must declare a value and place a customs form on each merchandise item. If any item (merchandise or document) weighs more than 16 ounces, the mailer must place a customs form on it, regardless of the content.

123.632 **Documents**

In [Exhibit 123.61](#), the “Type of Item” column has several references to “documents.” For this purpose, “documents” refers only to any piece of written, drawn, or printed information, excluding objects of merchandise. Documents do not include digital and electronic storage media or devices such as CDs, DVDs, or flash drives. Examples of documents include the following:

- a. Audit and business records.
- b. Personal correspondence.
- c. Circulars.
- d. Pamphlets.
- e. Advertisements.
- f. Written instruments not intended to be resold.
- g. Money orders, checks, and similar items that cannot be negotiated or converted into cash without forgery.

123.633 Customs Forms Required

The following are examples of items that are required to bear a customs declaration form and for which the mailer must declare a value:

- a. CDs, DVDs, flash drives, video and cassette tapes, and other digital and electronic storage media — regardless of whether they are blank or contain electronic documents or other prerecorded media.
- b. Artwork.
- c. Collector or antique document items.
- d. Books.
- e. Periodicals.
- f. Printed music.
- g. Printed educational or test material.
- h. Player piano rolls.
- i. Commercial engineering drawings.
- j. Commercial blueprints.
- k. Film.
- l. Negatives.
- m. X-rays.
- n. Separation negatives.
- o. Commercial photographs.

123.64 Additional Security Controls

When the chief postal inspector determines that a unique, credible threat exists, the Postal Service may require that a mailer, at the time of mailing, provide an acceptable primary form of photo identification (see DMM 608.10.3). The signature on the identification must match the signature on the customs declaration form.

123.7 Completing Customs Forms**123.71 Preparation and Acceptance of Electronically Generated Customs Forms****123.711 Sender's Preparation of Electronically Generated Customs Forms**

Before mailing, the sender must fulfill any nonpostal export requirements described in chapter 5 and must ensure that the electronically generated customs form is complete. Certain types of goods may be subject to prohibitions or restrictions. It is the mailer's responsibility to comply with import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.) and to determine what documents (e.g., commercial invoice, certificate of origin, health certificate, license, authorization for goods subject to quarantine such as plant, animal, or food products, etc.), if any, are required in the destination country. Additional information is available in the individual country listings.

All information on the customs forms must appear in Roman letters and Arabic numerals. The mailer may supplement the information by adding a translation in a language accepted in the destination country, and the

translation may include non-Roman characters (e.g., Cyrillic, Arabic, Mandarin). The following are the mandatory and conditional data elements:

- a. *Mandatory Data Elements*: The following data elements are mandatory for all customs forms regardless of mail class:
 - (1) Sender's full name and address.
 - (2) Recipient's full name and address.
 - (3) Category of items (e.g., document, gift, merchandise, etc.).
 - (4) A detailed description of contents, including the quantity, net weight, and value for each item in the package.
 - (5) Sender's signature and date.
- b. *Conditional Data Elements*: The following data elements may be required based on the contents of the package and other nonpostal rules and regulations:
 - (1) Sender's phone number.
 - (2) Sender's email address.
 - (3) Recipient's phone number.
 - (4) Recipient's email address.
 - (5) License/Permit number.
 - (6) AES ITN or exemption citation (NOEEI) (see [520–527](#)).
 - (7) Harmonized System (HS) code, Harmonized Tariff Schedule (HTS) code, or Schedule B number.
 - (8) Country of origin of goods.

Note: A mailer may elect to use any USPS classification software or other tools to determine HS codes, or may choose to use other software or other means to determine correct HS codes. Regardless of the method used, the mailer remains solely responsible for the accuracy and completeness of all customs information related to the mail, including the accuracy of HS codes that correspond to the detailed descriptions of goods. The Postal Service is not liable for any of the following:

- a. Any incorrect or insufficient HS, HTS, or Schedule B classification.
- b. Any other incorrect or incomplete information for customs declarations in whatever form such information is made.
- c. Any decision taken by any domestic or foreign customs authority.

See section [537](#) for more information.

123.712 **Postal Service Employee's Acceptance of Electronically Generated Customs Declaration Forms**

The acceptance employee must do the following when accepting an electronically generated customs form from the sender:

- a. Verify that the sender has entered on the customs form the information required in [123.711](#), and verify that the form is signed and dated. Failure to complete the customs form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on the customs form.

- b. If the customs form is missing an appropriate AES ITN, AES Exemption, or AES Downtime Citation (as applicable), remind the sender that it is the sender's responsibility to comply with U.S. Census Bureau requirements (including having all applicable information) and that the sender may be subject to civil and criminal penalties for noncompliance.
- c. If the sender purchases additional insurance against loss, damage, or missing contents, record the insured amount in U.S. dollars in the space provided.
- d. Round stamp any uncanceled stamps, and, if the sender pays postage by meter, round stamp the front of the piece near the meter postage.
- e. Review the IMM individual country listing for destination-specific mailing restrictions, prohibitions, and observations that apply to all mail classes unless otherwise noted.
- f. If the package contains mailable dangerous goods (see [135](#)), ensure that the Dangerous Goods box is checked in the "Category of Goods" section of the customs form.
- g. After acceptance, place each item in the appropriate working pouch.

123.72 **Preparation and Acceptance of PS Form 2976-R**

123.721 **Sender's Preparation of PS Form 2976-R**

An image of PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*, is available at about.usps.com/forms/ps2976r.pdf. Before mailing, the sender must fulfill any nonpostal export requirements described in chapter [5](#) and must complete PS Form 2976-R according to the instructions on the form.

123.722 **Postal Service Employee's Acceptance of PS Form 2976-R**

The Postal Service acceptance employee must do the following when accepting PS Form 2976-R from the sender:

- a. Verify that the sender has entered the information on the form and has signed and dated the declaration. If the sender's address is on the mailpiece, it must match the sender's address on PS Form 2976-R.
- b. Instruct the sender to complete any incomplete portions of the forms. Remind the sender that failure to complete the form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on PS Form 2976-R.
- c. To comply with U.S. Census Bureau requirements, it is the sender's responsibility to ensure that an appropriate AES ITN, AES Exemption, or AES Downtime Citation is displayed on PS Form 2976-R. If this information is not entered, remind the customer that he or she may be subject to civil and criminal penalties for noncompliance.
- d. Review the IMM individual country listing for destination-specific mailing restrictions, prohibitions, and observations that apply to all mail classes unless otherwise noted.

- e. If the package contains mailable dangerous goods (see [135](#)), ensure that the Dangerous Goods box is checked in the “Category of Goods” section of the customs form.
- f. If the sender wishes to purchase additional merchandise insurance for the contents, the retail associate records the insured amount in U.S. dollars on PS Form 2976-R in the space provided.
- g. Weigh the parcel, enter the weight in block (6), and enter the applicable amount of postage and fees in the appropriate block in the upper right corner of the form.
- h. For offices with retail systems, enter the mailpiece information from PS Form 2976-R into the Customs and Border Protection Manifest (CBPMAN) application. For manual offices, enter the mailpiece information from PS Form 2976-R into the Customs Form Online application.
Note: When using the CBPMAN Bypass option, enter the data from PS Form 2976-R into CBPMAN using Retail Systems Software (RSS) by close of business that same day, which is considered to be 2 a.m. Eastern time (11 p.m. Pacific time).
- i. Print the electronically generated combined customs declaration and shipping label from the retail system or online application.
- j. Apply the electronically generated barcoded labels to Copies 1–4 of PS Form 2976-R in the designated section in the top left-hand corner of each copy.
- k. Remove and store (per local requirements) the Post Office Copy (Copy 3) and tell the mailer that the Postal Service will retain this document for 6 years as a record of mailing. Remove the Sender’s Copy (Copy 4) and give it to the sender.
- l. After the retail printer prints PS Form 2976, 2976-A, or 2976-B, insert completed Copy 1 and Copy 2 of PS Form 2976-R and all other required documents, such as a commercial invoice, into PS Form 2976-E (plastic envelope) and affix PS Form 2976-E to the address side of the package. Do not wrap it around the package. For parcels that are too small to accommodate PS Form 2976-E, use PS Form 2976-ES.
- m. Affix the electronically generated PS Form 2976, 2976-A, or 2976-B on the face of the mailpiece (on top of PS Form 2976-E or PS Form 2976-ES) and present it to the customer to review. The customer must sign the electronically generated form.
- n. Round stamp any uncanceled stamps.

Note: Consistent with [225.12](#), [235.12](#), [245.12](#), and [255.12](#), the customer must present any item bearing a handwritten PS Form 2976-R to an employee at a Post Office retail service counter.

123.73 **PS Form 2976-E, Customs Declaration Envelope — CP 91, and PS Form 2976-ES, Small Customs Form Envelope**

The Postal Service provides the following two transparent plastic envelopes:

- a. PS Form 2976-E is a transparent plastic envelope designed to carry and protect customs form sets and any other documentation needed for customs clearance. When the mailer provides PS Form 2976-R and a mailpiece at a USPS retail service counter, the retail associate uses the form to generate and print the applicable customs form and to electronically transmit the associated customs data. Then, the retail associate inserts PS Form 2976-R into PS Form 2976-E, removes the backing sheet of PS Form 2976-E, and affixes PS Form 2976-E to the address side of the mailpiece. The current edition of PS Form 2976-E is July 2013; however, the mailer may use older editions.
- b. PS Form 2976-ES is a smaller version of PS Form 2976-E. It is designed to fit on Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes and other small parcels requiring a customs form. When the mailer provides PS Form 2976-R with the associated mailpiece at a USPS retail service counter, the retail associate uses the form to generate and print the applicable customs form and to electronically transmit the associated customs data. Then, the retail associate inserts PS Form 2976-R into PS Form 2976-ES so that the barcode applied to PS Form 2976-R is visible, removes the backing sheet of PS Form 2976-ES, and affixes PS Form 2976-ES to the address side of the package. The current edition of PS Form 2976-ES is April 2016.

130 Mailability

131 **General**

131.1 **Domestic Limits**

All articles that are nonmailable in domestic mail are nonmailable in international mail. See Publication 52, *Hazardous, Restricted, and Perishable Mail*.

131.2 **International Limits**

Many articles that are mailable in domestic mail are nonmailable in international mail. See chapter 6 of Publication 52 and “Prohibitions and Restrictions” in the Individual Country Listings.

131.3 **Individual Country Prohibitions and Restrictions**

131.31 **Information Available**

Information on articles that are prohibited or restricted to individual countries appears under “Prohibitions and Restrictions” in the Individual Country Listings. These prohibitions and restrictions are based on information furnished by the countries concerned. Customers should inquire at the Post Office facility about specific prohibitions or restrictions.

131.32 Prohibited and Restricted Articles

Articles that are prohibited by the destination country are nonmailable. For mail known to contain articles restricted by the destination country, the sender must be informed of the restrictions and advised that the articles are subject to the import requirements of that country.

131.33 Return or Seizure of Mail

A country may return or seize mail containing articles prohibited or restricted within that country, whether or not notice of such prohibition or restriction has been provided to or published by the Postal Service.

131.34 Foreign Customs Information

The Postal Service does not maintain or provide information concerning the assessment of customs duty in other countries. Postal Service employees must not attempt to inform customers whether articles (gifts or commercial shipments) will be subject to customs duty. Postal Service employees may suggest to customers, however, that they inform the addressees in advance of the articles they intend to mail. Addressees can then obtain information from their local customs authorities. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.

If duties or taxes are assessed, most countries will collect from the recipient a customs clearance and delivery fee, in addition to the duties and taxes. This fee is authorized by international postal agreements to reimburse the delivery service for the costs it incurs in clearing the items through customs and collecting duties at the time of delivery. The duties, taxes, and fee, if applicable, are not included in the postage paid by the mailer.

131.4 Mailer Responsibility

Regardless of any statement in this manual or the statement of any employee of the United States Postal Service, the burden rests with the mailer to ensure compliance with domestic, international, and individual country rules and regulations for mailability.

131.5 Preparation for Mailing**131.51 General Packaging Requirements**

Parcels of articles or goods must meet the requirements of DMM 601. See DMM 601 for the size and weight limits of parcels and for several grades of fiberboard boxes used for difficult loads. Boxes with difficult loads must be reinforced with banding in each direction around the package.

131.52 Special Packaging Requirements

Each mailer must meet the following special packaging requirements when mailing any of the following articles (see DMM 601):

- a. Fragile articles, such as glass, must be cushioned as required to dissipate shock and pressure forces over as much of the surface of the item as possible.
- b. Liquids must be packaged as required.

- c. Package fatty substances that do not easily liquefy, such as ointments, soft soap, resins, etc., as well as silkworm eggs, in an interior container (box, cloth, or plastic bag) and place them in an outer shipping container of minimum 275-grade test strength.
- d. Enclose dry, powdered dyes, such as aniline, in sift-proof, sturdy tin or plastic boxes in an outer sift-proof shipping container. This container must have a minimum 275-grade test strength fiberboard or equivalent.

132 Written, Printed, and Graphic Matter

132.1 Domestic Limits

All written, printed, and graphic matter that is described as nonmailable in DMM 601 is nonmailable internationally. This matter includes but is not limited to the following:

- a. Advertisements for abortion.
- b. Advertisements for motor vehicle master keys.
- c. Copyright violations.
- d. Fictitious matter.
- e. Lottery matter.
- f. Matter inciting violence.
- g. Solicitations in the guise of bills or statements of account.
- h. Solicitations or inducements for mailing harmful matter, radioactive materials, controlled substances, or intoxicating liquors.

Note: Immoral or obscene articles and advertisements for them are nonmailable.

132.2 Reply Cards and Envelopes

Mailpieces that are sent to foreign addressees may *not* contain prepaid reply cards or envelopes that bear a U.S. postage stamp, meter stamp, meter impression, or a domestic business reply indicia. See [Note:](#) for regulations governing mailer use of International Business Reply Service (IBRS).

Exception: The prohibition against enclosing U.S. domestic business reply cards or envelopes does *not* apply when they are bound into, are stapled to, or form an integral part of the printed page of mailpieces that are periodicals. Such enclosures may be admitted so long as they are not used as response vehicles by foreign recipients and the postal administrations of the destination countries do not object to their presence in U.S.-origin publications.

133 Improperly Addressed Mail

The following items are nonmailable in international mail:

- a. Unaddressed items.
- b. Items whose ultimate destination cannot be determined due to insufficient, illegible, or incorrect addressing.

(The term “instruments payable to bearer” includes checks, drafts, or securities that can be legally cashed or easily negotiated by anyone who may come into possession of them. If not endorsed, or if endorsed in favor of another specific payee, it is not regarded as payable to bearer.)
- c. Traveler’s checks.
- d. Manufactured and unmanufactured platinum, gold, and silver.
- e. Precious stones, jewels, jewelry, watches, and other valuable articles.

Note: The term “jewelry” is generally understood to denote articles of more than nominal value. Inexpensive jewelry is accepted to countries that prohibit jewelry, but only at the sender’s risk.

134.3 Export of Rough Diamonds

The exportation (mailing) from the United States of any rough diamond (regardless of size, source, or value) is prohibited unless the rough diamond has been controlled through the Kimberley Process Certification Scheme. See [560](#) for the complete mailing standards of these items.

134.4 Prohibitions

Individual countries prohibit or restrict some or all of the valuable items listed above. See the “Prohibitions and Restrictions” section in the Individual Country Listings.

135 Mailable Dangerous Goods

135.1 Infectious Substances

135.11 General Conditions

Infectious and noninfectious (nonregulated) biological substances are acceptable in international mail subject to the provisions of Publication 52, part 622 under the following conditions: when they are intended for medical or veterinary use, research, or laboratory certification related to the public health; only when such materials are properly prepared for mailing to withstand shocks, pressure changes, and other conditions related to ordinary handling in transit; and under the additional conditions specified in subsections below.

140 International Mail Categories

141 **Definitions**

141.1 **General**

There are five principal categories of international mail that are primarily differentiated from one another by speed of service. They are Global Express Guaranteed (GXG) service, Priority Mail Express International service, Priority Mail International service, First-Class Mail International service, and First-Class Package International Service.

141.2 **Global Express Guaranteed**

Global Express Guaranteed is the U.S. Postal Service's premium international mail service. Global Express Guaranteed is an expedited delivery service that is the product of a business alliance between the U.S. Postal Service and FedEx Corporation. It provides reliable, high-speed, time-definite service from designated U.S. ZIP Code areas to locations in most destination countries. Global Express Guaranteed is assured to meet destination-specific delivery standards or the postage will be refunded. If a shipment is lost or damaged, liability for loss or damaged merchandise or for document reconstruction is limited to a maximum of \$100 or the amount of additional optional insurance purchased. The maximum weight limit for Global Express Guaranteed service is 70 pounds, but lower country-specific weight limits might apply. To determine the maximum weight limit for each country, see the Individual Country Listings or Publication 141, *Global Express Guaranteed Service Guide*.

141.3 **Priority Mail Express International**

The next level of service, in terms of speed and value-added features, is Priority Mail Express International. Priority Mail Express International is an expedited mail service that can be used to send documents and merchandise to most of the country locations that are individually listed in this publication. Priority Mail Express International insurance coverage against loss, damage, or missing contents, up to a maximum of \$200, is provided at no additional charge. Additional merchandise insurance coverage up to \$5,000 may be purchased at the sender's option to many countries. Document reconstruction insurance coverage is limited to a maximum of \$100 per shipment. Country-specific maximum weight limits range from 22 pounds to 70 pounds. See the Individual Country Listings. Priority Mail Express International shipments offer a date-certain, postage-refund guarantee to select destinations: see [221.2](#) and the Individual Country Listings to determine the availability of such service. For all other destinations, Priority Mail Express International shipments are not subject to a postage refund guarantee if a delivery delay occurs.

141.4 **Priority Mail International**

Priority Mail International is subject to the provisions of the Universal Postal Union Parcel Convention. This classification is primarily designed to

accommodate larger and heavier shipments whose size and/or weight exceeds the limits for First-Class Mail International service or First-Class Package International Service. For countries that offer parcel service, maximum weight limits range from 22 pounds to 70 pounds. To determine the maximum weight limit for each country, see the Individual Country Listings. At the sender's option, extra services, such as additional merchandise insurance coverage and return receipt service, may be added on a country-specific basis.

Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes provide customers with an economical means of sending correspondence, documents, printed matter, and lightweight merchandise items to foreign destinations. The maximum weight limit is 4 pounds. Registered Mail service is not available for Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes. At the sender's option, extra services, such as additional merchandise insurance coverage and return receipt service, may be added to Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes on a country-specific basis.

141.5 **First-Class Mail International**

First-Class Mail International is a generic term for mailpieces that are postcard-size, letter-size, or flat-size and weigh less than 16 ounces (the actual weight limit is 15.994 ounces, to accommodate Postal Service systems that round to three decimal places and thus round items that weigh 15.995–15.999 ounces up to 16 ounces). First-Class Mail International items may contain any letter-size or flat-size mailable correspondence or nondutiable documents that are not prohibited by the destination country. Aerogrammes are no longer available for purchase. Previously purchased aerogrammes are mailable at the applicable First-Class Mail International letter-size price. At the sender's option, extra services, such as Registered Mail and return receipt, may be added on a country-specific basis.

141.6 **First-Class Package International Service**

First-Class Package International Service is a generic term for mailpieces that are package-size (small packets), that weigh 4 pounds or less, and that have a value of \$400 or less. First-Class Package International Service items may contain any package-size item (small packet) that is not prohibited by the destination country. At the sender's option, extra services, such as Registered Mail and return receipt, may be added on a country-specific basis.

142 **Official Mail**

142.1 **Mailings by Federal Agencies**

Official mail (sent by federal agencies and departments listed in Postal Service Handbook DM-103, *Official Mail*) that bears the indicia prescribed in DMM 703 may be sent to foreign destinations. Such items are subject to the postage payment requirements, weight and size limits, customs form requirements, and general conditions for mailing that otherwise apply to the class and category of the international mail being sent.

142.2 **Postal Service Mailings**

International mailpieces that are sent by or on behalf of the U.S. Postal Service must bear the prescribed G-10 permit indicia. Postal Service official mail is subject to all restrictions (e.g., maximum size and weight limits) as defined in the Individual Country Listings for the destination country of mailing.

142.3 **Mail of a Former President and Surviving Spouse of a Former President**

All nonpolitical mail of former United States Presidents, and of the surviving spouse of a former President, must be accepted without prepayment of postage if it bears the written signature of the sender, or a facsimile signature and the words "POSTAGE AND FEES PAID" in the upper-right corner of the address side.

The following standards apply when mail is sent as OAS General Secretariat official mail:

- a. Only unregistered or registered First-Class Mail International and First-Class Package International Service items bearing the return address of the OAS General Secretariat and weighing not more than 4 pounds are accepted without postage when addressed to the OAS member countries listed in [142.4b](#). Items in all other mail classes must be prepaid by the mailer.

Registered First-Class Mail International and First-Class Package International Service items, as well as items in all other mail classes, must be prepaid by the mailer.

150 Postage

151 Postage Prices

See Individual Country Listings.

152 Payment Methods

152.1 Prepayment

Each item must be fully prepaid to ensure prompt dispatch and to avoid assessment of charges against the addressee. For the treatment of shortpaid and unpaid mail, see [420](#).

152.2 Computing Postage

152.2.1 Determining Single-Piece Weight

To determine single-piece weight in any mailing at single-piece prices, or in a bulk price mailing of nonidentical-weight pieces, weigh each piece individually. To determine single-piece weight in any other bulk or presort price mailing of identical-weight pieces (e.g., IPA or ISAL), weigh a sample group of at least 10 randomly selected pieces and divide the total sample weight by the number of pieces in the sample. Express all single-piece weights in decimal pounds rounded off to four decimal places.

152.2.2 Rounding Numerical Values

For these standards:

- a. *Round off* requires increasing by 1 the last digit to be kept if the digit to its right, which is not to be kept, is 5 or greater. If that digit is 4 or less, the last digit kept is unchanged (e.g., 3.3761 rounded off to two decimal places is 3.38, whereas 3.3741 is 3.37).
- b. *Round up* requires increasing by 1 the last digit to be kept if there are any digits to its right, regardless of value (e.g., rounding up either 3.3701 or 3.3791 to two decimal places yields 3.38).

152.3 Stamps

152.3.1 Types of Stamps

The following types of stamps may be used to pay for postage and fees for extra services listed under chapter 3 for all single-piece international mail transactions:

- a. *Denominated postage stamps*: A denominated postage stamp's value is based on the dollar amount that is printed on the stamp. Any denominated postage stamp issued by the United States, unless listed in DMM 604.1.3, is valid for postage.
- b. *Nondenominated postage stamps (excludes precanceled stamps under [152.33](#))*: A nondenominated postage stamp's value is linked to its domestic postage issue price (e.g., the *Antique Toys* stamp, issued on June 7, 2002, has a postage value of 37 cents). A complete listing of nondenominated postage stamps is available in Quick Service Guide (QSG) 604a found online at pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf.

- c. *Nondenominated semi-postal stamps*: Nondenominated semi-postal stamps (e.g., *Stop Family Violence* or *Breast Cancer Research*) are sold at a price that exceeds the postage value of the stamp, with the amount exceeding postage going to the stated cause. Only their value (at the time of purchase) may be used to pay postage. A complete listing of these semi-postal stamps and their issue prices are available in QSG 604a found online at pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf.
- d. *Forever Stamps (domestic)*: A domestic Forever stamp's value is linked to the domestic First-Class Mail single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future.
- e. *Global Forever Stamps*: A Global Forever stamp's value is linked to the First-Class Mail International single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future. Global Forever stamps can be used to mail a postcard or 1-ounce machinable letter-size mailpiece anywhere in the world. In addition, mailers may use a Global Forever stamp as postage for any type of single-piece international or domestic mailpiece. Global Forever stamps are round and always bear the words "Global Forever."

152.32 **Additional Postage for Nondenominated Postage Stamps, Forever Stamps, or Forever Print-on-Demand Indicias**

Because international postage prices are always higher than the comparable domestic postage prices, mailers who affix a single nondenominated postage stamp (see [152.31b](#)), a single nondenominated semi-postal stamp (see [152.31c](#)), a single domestic Forever stamp (see [152.31d](#)), or a single Forever Print-on-Demand Indicia label (see [152.4](#)) to their outbound mailpieces must add additional postage to comply with the international price schedule.

152.33 **Precanceled Stamps**

Except for the "Nonprofit Org." variant, mailers may use precanceled stamps for only IPA mailings (see [293.333](#)) and ISAL mailings (see [293.333](#)). The same conditions that are applicable to domestic mail under DMM 604 apply.

152.4 **Postage Meters, Postage Validation Imprints (PVI), Forever Print-on-Demand Indicia, and PC Postage**

Postage meter imprints, postage validation imprint (PVI) labels, Forever Print-on-Demand Indicia labels, and PC Postage imprints are collectively identified as "postage evidencing systems." A postage evidencing system is a device or system of components that a customer uses to print evidence that postage required for mailing has been paid. Postage evidencing systems print indicia, such as meter imprints or information-based indicia (IBI), to indicate postage payment. Mailers may print these indicia directly on a mailpiece or on a label that is affixed to a mailpiece to pay postage and fees for extra services (see chapter 3) for all single-piece mail transactions. In

addition, postage meters may also be used to pay for the “per piece price” portion of IPA (see [292](#)) and ISAL (see [293](#)) mailings. For additional information, including a listing of authorized postage meter and PC Postage providers, see DMM 604.4.

152.5 **Additional Standards for Forever Print-on-Demand Indicia Labels**

Mailers may use the USPS-produced Forever Print-on-Demand Indicia labels, which bear an information-based indicia (IBI) and the word “Forever,” in the same way as the Forever stamp described in [152.31d](#).

152.6 **Permit Imprint**

152.61 **Conditions of Use**

Postage may be paid by permit imprint, subject to the standards in DMM 124, 604, and 705. When a customer pays a permit imprint application fee, the Postal Service accepts that fee for international outbound and/or domestic mailings. Postage charges are computed on PS Form 3700. This postage payment method may be used for postage and extra service fees for the following services:

- a. Global Express Guaranteed service prepared under [213.8](#).
- b. Priority Mail Express International service prepared under [223.221](#).
- c. Priority Mail International service.
- d. First-Class Mail International service.
- e. First-Class Package International Service.
- f. International Priority Airmail (IPA) service.
- g. International Surface Air Lift (ISAL) service.

152.62 **Place of Mailing**

Mail must be deposited and accepted at the Post Office that issued the permit, at a time and place designated by the postmaster, except as otherwise provided for drop shipments.

152.63 **Usage Criteria**

152.631 **Global Express Guaranteed, Priority Mail Express International, Priority Mail International, and First-Class Package International Service**

For Global Express Guaranteed, Priority Mail Express International, Priority Mail International, and First-Class Package International Service items, a mailer may use a permit imprint for international items addressed to recipients in foreign countries as follows:

- a. The minimum for items from one mail class is 200 pieces or 50 pounds. The mailer must submit the appropriate postage statement for the mail class.

Note: The mailer may submit mailings for more than just one mail class, but the mailing for each mail class must meet the minimum of 200 pieces or 50 pounds, and the mailer must submit a postage statement for each mail class. If a mailing for a mail class does not meet the minimum requirements, the mailer may qualify to use a permit imprint for international items under items [152.631b](#) or [152.631c](#).

- b. If the mailer fails to meet the minimum requirement for *one* mail class (see [152.631a](#)), the mailer may submit items from multiple mail classes totaling at least 200 pieces or 50 pounds *combined* from the various mail classes. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.
- c. If the mailer fails to meet the minimum requirement for either *one* mail class (see [152.631a](#)) or *multiple* mail classes (see [152.631b](#)), the mailer may submit *international* permit imprint mailing items with any qualifying *domestic* permit imprint mailing under DMM 604 or 705, or with any qualifying *international* permit imprint mailing under [152.632](#) or [152.633](#) with no minimum quantity requirement. The mailer must physically separate the items by mail class, must submit a separate postage statement for each mail class, and must present both the international permit imprint mailing and the qualifying domestic permit imprint mailing at the same time.

152.632 **First-Class Mail International**

For First-Class Mail International items, a mailer may use a permit imprint for international items addressed to recipients in foreign countries *only* when a mailing contains a minimum of 200 pieces or 50 pounds of First-Class Mail International service items. In contrast to [152.631b](#), the mailer may *not* combine First-Class Mail International service items with items from other international mail classes, and in contrast to [152.631c](#), the mailer may not combine First-Class Mail International service items with domestic mail classes to reach the minimum quantity requirement.

Note: As discussed in [152.631c](#), a mailer who meets the minimum requirements for First-Class Mail International service items may combine with that mailing other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.633 **IPA and ISAL**

See [292.23](#) and [293.23](#) for the minimum quantity requirements that govern the entry of International Priority Airmail (IPA) items and International Surface Air Lift (ISAL) items, respectively.

Note: As discussed in [152.631c](#), a mailer who meets the minimum requirements for IPA or ISAL items may combine with that mailing other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.634 **M-bags**

For M-bag mailings (see [260](#)), no minimum quantity requirement applies.

152.64 **Required Format**

Each mailpiece sent under this payment method must bear a permit imprint indicia showing that postage is paid. Permit imprint indicia must be prepared in one of the formats shown in [Exhibit 152.64](#). No variations or additions —

such as Bulk Rate, Media Mail, Presorted Standard, Enhanced Carrier Route Sort, Automation Rate, Nonprofit Organization, or Bound Printed Matter — are allowed. Mailpieces may bear a company permit imprint, in which the exact name of the company or individual holding the permit is shown in the indicium in place of the city, state, and permit number. The mailer may substitute the abbreviation “INTL” in place of “INTERNATIONAL” in any of the indicia formats in [Exhibit 152.64](#). Mailings prepared with a company permit imprint must comply with the standards in DMM 604.5.3.9.

153 **Placement of Postage**

- a. Postage stamps and postage-paid impressions must be applied to the address side of mail in the upper-right corner. The postage meter stamp, postage validation imprinter (PVI) label, or permit may be affixed directly on the mailpiece or on the wrapper when plastic wrap is used.
- b. Nonpostage stamps, labels resembling postage stamps, or impressions resembling postage-paid impressions must *not* be placed on the address side of international mailpieces.

154 **Remailed Items**

New postage is required when mailpieces are reentered after having been returned to the sender by a foreign postal administration.

2 Conditions for Mailing

210 Global Express Guaranteed

211 Description and Physical Characteristics

211.1 General

Global Express Guaranteed (GXG) service is an international expedited delivery service provided through an alliance with FedEx Express. It provides reliable, high-speed, guaranteed, and day-definite service from selected Post Office facilities in the United States to a large number of international destinations. (See the “Countries and Cities Served” section of Publication 141, *Global Express Guaranteed Service Guide*, for destination service commitments.) Global Express Guaranteed service is guaranteed to meet the specified service standards or the postage paid may be refunded. For almost all network destinations, liability insurance is provided for lost or damaged shipments. See [212.45](#).

211.2 Physical Characteristics

211.21 Weight Limits

The maximum weight limit for Global Express Guaranteed service is 70 pounds, but lower country-specific weight limits might apply. To determine the maximum weight limit for each country, see the Individual Country Listings.

211.22 Dimensions

211.221 Maximum Size

Maximum size dimensions for Global Express Guaranteed service are noted in the Individual Country Listings; however, dimensions may not exceed the following:

- a. Length: 46 inches.
- b. Width: 35 inches.
- c. Height: 46 inches.
- d. Combined length and girth: 108 inches.

211.222 Minimum Size

The surface area of the address side of the item to be mailed must be large enough to completely contain the Global Express Guaranteed Air Waybill/ Shipping Invoice (shipping label), postage, endorsement, and any applicable markings. The shipping label is approximately 5.5 inches high and 9.5 inches long.

212 Eligibility

212.1 General — All Global Express Guaranteed Shipments

Documents and general correspondence (nondutiable items) and non-documents (all dutiable items including merchandise) may be shipped using Global Express Guaranteed service. Mailers must certify that the shipment does not contain any restricted or dangerous goods prohibited by the destination country or postal regulations and does not require the filing of Electronic Export Information (EEI), formerly known as the Shipper's Export Declaration (SED). The maximum value of a Global Express Guaranteed document or non-document shipment is \$2,499 or a lesser amount as limited by country, content, or value. The sender is responsible for determining if the item is allowable despite any statement made in Publication 141, on the Global Express Guaranteed Web site, or by a Postal Service employee or the Postal Service's agents.

212.2 Customs Forms Required

PS Form 6182, *Commercial Invoice*, is required for certain commodities and destinations. To determine if PS Form 6182 is required for a specific mailing, refer to the "Documentation Requirement" section of the specific destination country in Publication 141.

212.3 Mail Sealed Against Inspection

Global Express Guaranteed mailpieces containing only documents are sealed against inspection. Global Express Guaranteed mailpieces containing non-documents are not sealed against inspection. Regardless of physical closure, the mailing of Global Express Guaranteed mailpieces containing non-documents constitutes consent by the mailer to inspection of the contents.

212.4 Inquiries, Service Guarantees, Postage Refunds, and Indemnity

212.41 Service Guarantee

The Postal Service guarantees delivery within the service standards specified in Publication 141 or the sender may be entitled to a full refund of the postage paid. For the purpose of the money-back guarantee, the date and time of delivery, attempted delivery, or availability for delivery constitutes delivery.

212.42 Transit Days for Shipments

Transit days are available from participating Post Office facilities, online through Click-N-Ship service, and in the "Countries and Cities Served" section of Publication 141. Total transit days for Global Express Guaranteed service may be affected by factors beyond the Postal Service's control, which may include but are not limited to the following:

- a. General customs delays.
- b. Specific customs commodity delays.
- c. Holidays observed in the destinating country.

212.43 Inquiries

Make inquiries concerning the delivery of Global Express Guaranteed items by calling 800-222-1811 or through the Postal Service Web site at usps.com/shipping/trackandconfirm.htm.

212.44 Postage Refunds

Postage may be refunded for a shipment accepted at a participating Post Office facility by the specified deposit time and not delivered to the recipient in accordance with the transit times defined in Publication 141. In accordance with the money-back guarantee standards in Publication 141, a refund request may be filed if the carrier at the destination country does not deliver the shipment, does not attempt to deliver the shipment, or does not make the shipment available on or before close of business in the local time zone in the delivery location. To request a refund or obtain details on how to file a claim, contact a customer service representative at 800-222-1811 — the Global Express Guaranteed customer service office is responsible for adjudicating a refund request for Global Express Guaranteed service. The original receipt or a copy of the Global Express Guaranteed Air Waybill (shipping label) may be required for a postage refund. Requests for postage refunds must be made no later than 30 days from the date of mailing. The signature of the recipient or recipient's agent is required upon delivery of the refund. The money-back guarantee does not apply to shipments to post office box addresses acceptable for delivery or other exclusions defined in the "Summary of Our Terms and Conditions" section of Publication 141.

212.45 Global Express Guaranteed Insurance and Indemnity

Document reconstruction insurance (the reasonable costs incurred in reconstructing duplicates of nonnegotiable documents mailed) and non-document insurance for loss or damage up to \$100 per shipment are included at no additional charge. (See the Individual Country Listings for availability.) Additional insurance may be purchased for document and non-document shipments (see [212.5](#)). The total cost of document reconstruction or for insurance purchased for non-documents cannot exceed \$2,499 or a lesser amount as limited by country, content, or value. Coverage, terms, and limitations are subject to change.

212.46 Indemnity Claims

If a shipment is lost or damaged, the sender may file a claim for document reconstruction costs (for document items) or for the declared value of the shipment costs (for non-document items). The sender must submit all claims within 30 days of the shipment date by contacting a customer service representative at 800-222-1811. The sender must submit all supporting documentation within 9 months of the mailing date. The representative provides more details on how to file a claim. The original receipt or a copy of the Global Express Guaranteed Air Waybill (shipping label) may be required when filing a claim. Consult Publication 141 for limitations and restrictions on indemnity payments for Global Express Guaranteed items. The Global Express Guaranteed customer service office is responsible for adjudicating a claim for Global Express Guaranteed service. Contact the Global Express Guaranteed customer service office at 800-222-1811. The Postal Service makes the final approval and payment.

212.47 Liability for Lost or Damaged Contents

Unless additional insurance is purchased, liability for a lost or damaged Global Express Guaranteed shipment is limited to the lowest of the following:

- a. \$100.
- b. The actual amount of the loss or damage.
- c. The actual value of the contents.

“Actual value” means the lowest cost of replacing, reconstructing, or reconstituting the allowable contents of the shipment (determined at the time and place of acceptance).

212.5 Extra Services — Insurance

Additional insurance coverage above \$100, up to a maximum of \$2,499 may be purchased at the sender’s option. Amounts vary by country, content, or value. Coverage, terms, and limitations are subject to change. See the Individual Country Listings for insurance limits. See [Notice 123](#), *Price List*, for the fee schedule for optional Global Express Guaranteed document reconstruction insurance or non-document insurance coverage.

213 Prices and Postage Payment Methods**213.1 Availability and Price Application — General**

Global Express Guaranteed shipments are charged postage for each addressed piece according to its weight (or dimensional weight) and zone. See the Individual Country Listings for availability, additional details, and prices.

213.2 Postage Payment Methods — General

Global Express Guaranteed shipments may be paid with postage stamps, postage validation imprinter (PVI) labels, postage meter stamps, information-based indicia (IBI), PC Postage service, or permit imprint under [213.8](#).

213.3 Determining Postage for Global Express Guaranteed Service**213.31 USPS-Produced Global Express Guaranteed Envelopes**

Postage for items mailed in USPS-produced Global Express Guaranteed envelopes is based on the weight of the piece. For items weighing 0.5 pound or less, the postage is the 0.5-pound price. For all other items, the postage is charged per pound or fraction thereof — any fraction of a pound is rounded up to the next whole pound.

213.32 Mailer-Supplied Packaging

Postage for items not mailed in USPS-produced Global Express Guaranteed envelopes is based on the dimensional weight, as calculated under [213.4](#), or the per-pound weight or fraction thereof rounded up to the next whole pound, whichever is greater.

213.4 Dimensional Weight**213.41 Determining Dimensional Weight for a Rectangular-Shaped Parcel**

Follow these steps to determine the dimensional weight for a rectangular-shaped parcel:

- a. Determine the length, width, and height in inches. Round off each measurement to the nearest whole inch.
- b. Multiply the length by the width by the height.
- c. Divide the result by 166. For weights less than 0.5 pound, round up to 0.5 pound. For all other weights, round up to the next whole pound.

213.42 Determining Dimensional Weight for a Nonrectangular-Shaped Parcel

Follow these steps to determine the dimensional weight for a nonrectangular-shaped parcel:

- a. Determine the length, width, and height in inches. Measure the length, width, and height at their extreme dimensions. Round off each measurement to the nearest whole inch.
- b. Multiply the length by the width by the height.
- c. Multiply the result by an adjustment factor of 0.785.
- d. Divide the result by 166. For weights less than 0.5 pound, round up to 0.5 pound. For all other weights, round up to the next whole pound.

213.5 Destinating Countries and Price Groups

- c. An attachment that is an encumbrance to postal processing.

241.229 Folded (Double) Cards

Folded (double) cards must be mailed in envelopes at the First-Class Mail International letter price.

241.23 Physical Standards — Large Envelopes (Flats)**241.231 Weight Limit**

The weight limit for a First-Class Mail International large envelope (flat) is less than 16 ounces (the actual weight limit is 15.994 ounces, to accommodate Postal Service systems that round to three decimal places and thus round items that weigh 15.995–15.999 ounces up to 16 ounces).

241.232 Dimensions and Characteristics

Large envelopes (flats) must meet the following dimensions and characteristics:

- a. More than 11-1/2 inches long or 6-1/8 inches high or 1/4-inch thick.
- b. Not more than 15 inches long or 12 inches high or 3/4-inch thick.
- c. Flexible (see [241.236](#)).

- d. Rectangular.
- e. Uniformly thick as stated in [241.235](#).

Note: The length of a large envelope (flat) is the longest dimension. The height is the dimension perpendicular to the length. A First-Class Mail International large envelope (flat) that does not meet the standards in [241.23](#) is not eligible for the large envelope (flat) size price and is charged the applicable First-Class Package International Service (small packet) price.

241.233 **Color**

Light-colored envelopes that do not interfere with the reading of the address and postmark must be used. Brilliant colored envelopes are not authorized.

241.234 **Quality**

Flats must be constructed to be strong enough to withstand normal handling. Highly glazed paper or paper with a design that affects readability or processing is not acceptable.

241.235 **Uniform Thickness**

Large envelopes (flats) must be uniformly thick so that any bumps, protrusions, or other irregularities do not cause more than a 1/4-inch variance in thickness. When determining variance in thickness, exclude the outside edges of a mailpiece (1 inch from each edge) when the contents do not extend into those edges. Also, exclude the selvage of any polywrap covering from this determination. Mailers must secure nonpaper contents to prevent shifting of more than 2 inches within the mailpiece if shifting would cause the piece to be nonuniform in thickness or would result in the contents bursting out of the mailpiece.

241.236 **Minimum Flexibility**

Large envelopes (flats) must be flexible. Boxes with or without hinges, gaps, or breaks that allow the piece to bend are not considered large envelopes (flats). Tight envelopes or wrappers that are filled with one or more boxes are not considered large envelopes (flats). Customers have the option to perform the tests described below and illustrated in [Exhibit 241.236a–Exhibit 241.236c](#) on their own mailpieces. When a Postal Service employee observes a customer demonstrating that a flat-size piece is flexible according to these standards, the employee does not need to perform the test. Test flats as follows:

- a. All large envelopes (flats) (see [Exhibit 241.236a](#)):
 - (1) Place the piece with the length parallel to the edge of a flat surface and extend the piece halfway off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's length, exerting steady pressure.
 - (3) The piece is not flexible if it cannot bend at least 1 inch vertically without being damaged.
 - (4) The piece is flexible if it can bend at least 1 inch vertically without being damaged and does not contain a rigid insert. No further testing is necessary.

- (5) If the piece can bend at least 1 inch vertically without being damaged but contains a rigid insert, test the piece according to [241.236b](#) or [241.236c](#).

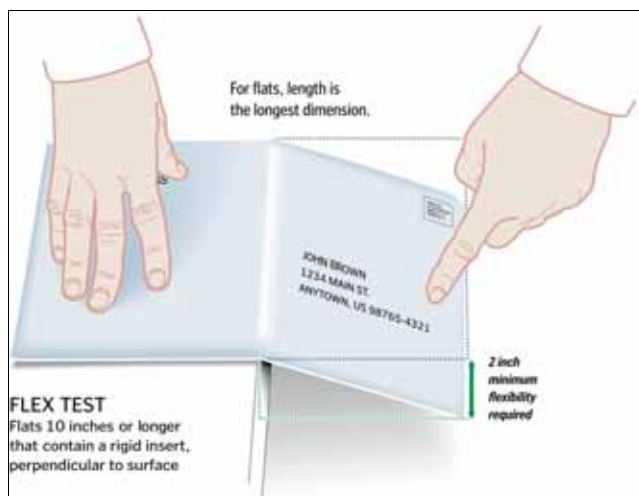

Exhibit 241.236a

Flexibility Test — All Large Envelopes (Flats)

- b. Large envelopes 10 inches or longer that demonstrate the required flexibility in 241.236a but that contain a rigid insert (see [Exhibit 241.236b](#)):
- (1) Place the piece with the length perpendicular to the edge of a flat surface and extend the piece 5 inches off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's width, exerting steady pressure.
 - (3) Turn the piece around and repeat steps 1 and 2. The piece is flexible if both ends can bend at least 2 inches vertically without being damaged.

Exhibit 241.236b

Flexibility Test – Large Envelopes (Flats) 10 Inches or Longer

- c. Large envelopes less than 10 inches long that demonstrate the required flexibility in 241.236a but that contain a rigid insert (see [Exhibit 241.236c](#)):
- (1) Place the piece with the length perpendicular to the edge of a flat surface and extend the piece halfway off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's width, exerting steady pressure.
 - (3) Turn the piece around and repeat steps 1 and 2. The piece is flexible if both ends can bend at least 1 inch vertically without being damaged.

261.22 Other Articles

Certain other articles may be enclosed in M-bags, provided that all of the following conditions of mailing are met:

- a. The articles being sent are limited to discs, tapes, and cassettes; commercial samples shipped by manufacturers and distributors; or other non-dutiable commercial articles or informational materials that are not subject to resale.
- b. The articles are related to the printed matter (see [261.21](#)) with which they are being mailed.

- e. The M-bag must be accompanied by a fully completed electronically generated PS Form 2976, which is to be affixed to PS Tag 158.

261.23 **Mail Not Sealed Against Inspection**

M-bags are not sealed against inspection. Regardless of physical closure, the mailing of an M-bag, including an airmail, IPA, or ISAL M-bag, constitutes consent by the mailer to inspection of the contents.

262 **Postage Prices and Fees**

262.1 **Airmail M-bags**

Airmail M-bags may contain any type of allowable printed matter and certain other articles (see [261.22](#)). See the Individual Country Listings for the Price Group and maximum weight limit for each country. Each Airmail M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds.

262.2 **International Priority Airmail (IPA) M-bags**

IPA M-bags that are entered in conjunction with an IPA mailing (see [292](#)) may contain all types of allowable printed matter and certain other items (see [261.22](#)). See [Notice 123](#), *Price List*, for the postage price that applies to M-bags mailed to each IPA destination country. Each full-service IPA M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds. Each international service center (ISC) drop shipment IPA M-bag that weighs 5 pounds or less is charged the applicable 5-pound price; a bag that exceeds 5 pounds is charged the applicable 5-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 5 pounds.

262.3 **International Surface Air Lift (ISAL) M-bags**

ISAL M-bags that are entered in conjunction with an ISAL mailing (see [293](#)) may contain all types of allowable printed matter and certain other articles (see [261.22](#)). See [Notice 123](#), *Price List*, for the postage price that applies to M-bags mailed to each ISAL destination country. Each full-service ISAL M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds. Each international service center (ISC) drop shipment ISAL M-bag that weighs 5 pounds or less is charged the applicable 5-pound price; a bag that exceeds 5 pounds is charged the applicable 5-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 5 pounds.

262.4 Postage Calculation

The amount of postage paid by the mailer is determined by the weight of the sack's contents, rounded to the next whole pound. For example, if the total weight of the printed matter in an M-bag is 23.2 pounds, exclusive of the tare weight of the sack, the postage computation is based on a total content weight of 24 pounds.

262.5 Stamps, Postage Evidencing Systems, PVI Labels, or Permit Imprint

M-bag postage can be paid by the following means:

- a. By affixing postage stamps, meter stamps, PC Postage, or a postage validation imprinter (PVI) label to PS Tag 158, *M-bag Addressee Tag*.
- b. By placing a permit imprint on PS Tag 158, *M-bag Addressee Tag*, and making payment through an advance deposit account. Only the applicable permit imprint formats shown in Exhibit 152.44 are acceptable. When this method of payment is used, the minimum quantity requirement (i.e., 200 pieces or 50 pounds) that is normally a prerequisite for permit imprint usage (see [152.63](#)) does *not* apply. The postage amount must be accounted for on PS Form 3700, *Postage Statement — International Mail*.

263 Weight and Size Limits**263.1 Weight Limits**

There is no minimum weight requirement for the entry of Airmail M-bags, IPA M-bags, or ISAL M-bags. The maximum weight limit for M-bags is 66 pounds, which includes the tare weight of the sack. Lower maximum weights apply to certain countries. See the Individual Country Listings.

263.2 Size Limits

There are no defined size limits so long as articles being sent can be enclosed in the mailbag.

264 Mail Preparation**264.1 Marking**

Printed matter, or printed matter in combination with merchandise items, must be placed into one or more individual packages bearing the name and address of the sender and addressee. Each package must be marked "POSTAGE PAID — M-BAG."

264.2 Sacking and Labeling**264.21 Equipment**

The sacks and mailing tags (i.e., PS Tag 158) needed for M-bag entry can be obtained from local Post Office facilities. Airmail pouches, if available, will be furnished to customers who intend to utilize that type of M-bag service.

264.22 Tagging

PS Tag 158, *M-bag Addressee Tag*, must be completed for all types of M-bags and attached to the neck of the sack. It must bear the requisite amount of stamped or meter postage or the sender's authorized permit imprint or indicia (see [262.4](#)). For IPA M-bags, mailers must also attach PS Tag 115, *International Priority Airmail*. For ISAL M-bags, mailers must also attach PS Tag 155, *Surface Airlift Mail*.

264.23 Multiple Sacks to One Addressee

If multiple sacks are sent to the same foreign addressee, PS Tag 158 must be marked with an identifiable fraction such as 1/5, 2/5, 3/5, etc.

264.24 Country Destination Name

The Post Office facility must label the sack with the name of the country of destination in large letters and the name of the U.S. dispatching exchange office in small letters (for example, United Kingdom via New York), and send it to that exchange office for dispatch to destination.

264.3 Customs Forms Required

M-bags must be accompanied by a fully completed electronically generated PS Form 2976, which is to be affixed to PS Tag 158. The maximum allowable value is \$400. When paying with a permit imprint, mailers must electronically transmit customs declaration information as required under [123.32](#) by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at postalpro.usps.com/node/1850. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

265 Extra Services

Certificate of mailing is available. Insurance, Registered Mail service, and return receipt service are not available with M-bags.

290 Commercial Services

291 (Reserved)

292 International Priority Airmail (IPA) Service

292.1 Description

292.11 General

International Priority Airmail (IPA) service, including IPA M-bags, is a commercial service designed for volume mailings of all First-Class Mail International postcards, letters, and large envelopes (flats), and for volume mailings of First-Class Package International Service packages (small packets). The sender must prepare mailpieces in accordance with the requirements of this subchapter and with the content-based and shape-based requirements of the applicable service — see [240](#) for First-Class Mail International items, and see [250](#) for First-Class Package International Service items. IPA shipments are typically flown to the foreign destinations (exceptions apply to Canada and Mexico) and are then entered into that country's air or surface priority mail system for delivery. Separate prices are provided for international service center (ISC) drop shipments, presorted mail, and nonpresort mail. Volume incentives are available through customized agreements.

292.12 Mail Sealed Against Inspection

With the exception of M-bags (see [261.23](#)), IPA mailpieces are sealed against inspection.

292.13 IPA M-bags

292.131 IPA M-bags — General

IPA M-bags (direct sacks of printed matter to one addressee) may be entered in conjunction with an IPA mailing, are subject to the provisions of [260](#), and may be sent to all destination countries that are referenced in [Exhibit 292.45a](#). When using this method of mail preparation, the sender must complete PS Tag 115, *International Priority Airmail*, and PS Tag 158, *M-bag Addressee Tag*. Tags must be securely attached to the neck of the sack.

292.132 IPA M-bags – Customs Forms

IPA M-bags always require a fully completed electronically generated PS Form 2976, which is to be affixed to PS Tag 158. Mailers must electronically transmit customs declaration information as required under [123.32](#) by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at postalpro.usps.com/node/1850. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

292.2 Eligibility**292.21 Qualifying Mailpieces**

To qualify for IPA service, a mailpiece must meet the First-Class Mail International characteristics as defined in [141.5](#) (except for weight – see [292.24](#)) or the First-Class Package International Service characteristics as defined in [141.6](#) (except for weight – see [292.24](#)). Mailpieces do not have to be of the same size and weight to qualify. Any item sent with IPA service must conform to the size limits for First-Class Mail International postcards, letters, or large envelopes (flats) as described in [240](#), or for First-Class Package International Service packages (small packets) as described in [250](#).

292.22 Availability

IPA service is available only to the foreign countries that are listed in [Exhibit 292.45a](#), which shows the foreign office of exchange code and the price group assigned to each country. For additional information for Canada, see [Exhibit 292.45b](#).

292.23 Minimum Quantity Requirements**292.231 Minimum Quantity**

All mailings must meet a minimum weight quantity of 50 pounds. To achieve the 50-pound minimum, mailings may include a combination of presort mail, worldwide nonpresort mail, or M-bags.

292.232 Presort Eligibility – Full Service

Only a direct country container with a minimum of 2 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

292.233 Presort Eligibility – ISC Drop Shipment

Eligibility for the presort price is as follows:

- a. *Direct country price.* For price groups 1–20, a minimum of 2 pounds for each direct country container.
- b. *Mixed country price.* For price groups 7–11, a minimum of 5 pounds for each price group; for price groups 3–6, a minimum of 5 pounds for each price group prepared under [292.482a](#), or a minimum of 5 pounds for each sack prepared under [292.482b](#).

All remaining mail must be prepared and paid at the worldwide nonpresort price.

292.24 Maximum Weight Limits

The maximum weight for an IPA container is 66 pounds. The maximum weight for an individual IPA item is as follows:

- a. Letter-size item: 3.5 ounces.
- b. Flat-size item: 17.6 ounces.
- c. Package-size item: 4.4 pounds.

292.26 Customs Forms Requirements

For items requiring PS Form 2976, mailers must electronically transmit customs declaration information as required under [123.32](#) by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at postalpro.usps.com/node/1850. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

292.27 Extra Services

Extra services are not available for items sent with IPA service.

292.3 Prices and Postage Payment Methods**292.31 Prices**

IPA service has two price options: a presort price with 20 price groups, and a worldwide nonpresort price. Both options offer full-service prices for mail deposited at offices other than the drop shipment offices listed in [292.532](#), and drop shipment prices for mail deposited at one of the drop shipment offices. The per-piece price and per-pound price are shown in [Notice 123, Price List](#). The per-piece price applies to each piece regardless of its weight. The per-pound price applies to the net weight (gross weight minus tare weight of container) of the mail for the specific price group. Fractions of a pound are rounded to the next whole pound for postage calculation.

292.32 Computation of Postage

Postage is computed on PS Form 3700, *Postage Statement — International Mail*.

292.321 Computing Worldwide Nonpresort Prices

Compute postage at the worldwide nonpresort price as follows:

1. Multiply the number of pieces in the mailing by the applicable per-piece price.
2. Multiply the net weight (in whole pounds) of the entire mailing by the applicable per-pound price.
3. Add together the two totals in steps 1 and 2.

292.322 Computing Presort Prices

Compute postage at the presorted price as follows:

1. Multiply the number of pieces in the mailing destined for countries in a specific price group by the appropriate per-piece price.
2. Multiply the net weight (in whole pounds) of those pieces by the corresponding per-pound price.
3. Add together the two totals in steps 1 and 2.

292.33 Postage Payment Methods**292.331 General**

Postage must be paid by postage meter, permit imprint, or precanceled stamps (see DMM 604).

292.332 Postage Meter

Payments made by postage meter are subject to the following standards:

- a. *Piece Price.* The applicable per-piece postage shown in [Notice 123, Price List](#), must be affixed to each mailpiece when paying with a meter. A mailer who has an ICM agreement must affix the applicable per-piece postage as set forth in the ICM agreement.
- b. *Pound Price.* Postage for the pound price portion must be paid either by meter stamp(s) attached to the postage statement or from the mailer's authorized permit imprint advance deposit account.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL PRIORITY AIRMAIL."
- d. *Specifications for Endorsement.* The endorsement required in [292.332c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the meter stamp in either the postal inscription slug area or ad plate area. If the postal endorsement appears in the ad plate area, no other information may appear in the ad plate. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.
- f. *Drop Shipment of Meter Mail.* A mailer who wants to enter meter IPA mail at a Post Office facility other than where the meter is licensed must obtain a drop shipment authorization. To obtain an authorization, the mailer must submit a written request to the postmaster at the office where the mail will be entered (see DMM 705).

292.333 Precanceled Stamps

Payments made by precanceled stamps are subject to the following standards:

- a. *Piece Price.* The same denomination of stamp must be affixed to every piece in the mailing.

- b. *Pound Price.* Additional postage is paid at the time of mailing by advance deposit account or meter stamp affixed to the back of the accompanying postage statement.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words “INTERNATIONAL PRIORITY AIRMAIL.”
- d. *Specifications for Endorsement.* The endorsement required in [292.333c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the precanceled stamp. The endorsement may not be typewritten or hand-drawn. The is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

292.334 **Permit Imprint**

Mailers may use a permit imprint for mailings that contain identical-weight pieces. Any of the permit imprint formats shown in [Exhibit 152.64](#) is acceptable but must include the “INTL PRIORITY AIRMAIL” rate marking. Postage is calculated as described in [292.32](#) and is deducted from the mailer’s advance deposit account. Permit imprints must not denote bulk mail, nonprofit, or other domestic or special mail. Mailers may use permit imprint with nonidentical-weight pieces only if authorized to use postage mailing systems under DMM 705.

292.4 **Mail Preparation**

292.41 **Addressing and Return Address**

IPA mailpieces are subject to the addressing requirements contained in [122](#), including the requirement of a U.S.-origin return address as defined in [122.2](#).

- a. *Exception — Canada:* IPA items destined for Canada must have the applicable alphanumeric postcode included in the delivery address. See [122.1j](#) for the address formatting requirements that generally apply to mailpieces sent to Canada.
- b. *Exception — Direct Country Containers:* IPA letter-size and flat-size pieces not requiring a customs form prepared in direct country containers (see [292.46](#) and [292.48](#)) are not subject to the interline addressing requirement that is specified in [122.1d](#). At the sender’s risk, the English translation of the destination post office or city name may be omitted from an address that is printed in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters. An English translation of the country name (for example, Japan) is still required on the individual mailpieces.

292.42 **Marking**292.421 **Letter-Size and Flat-Size Mailpieces**

The sender should mark “PAR AVION” or “AIR MAIL” on the address side of each piece. Alternatively, the user may use a bordered airmail envelope that contains an “AIR MAIL” endorsement.

292.422 **Packages (Small Packets)**

Items that might be mistaken for another class of mail because of their size, weight, or appearance should be marked “LETTER-POST” on the address side.

292.43 **Sealing and Packaging**292.431 **Mixed Country and Worldwide Nonpresort Price**

All IPA mailpieces entered at the mixed country and worldwide nonpresort price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#), and for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

292.432 **Direct Country Price**

Mailers must meet the following sealing and packaging standards for IPA mail entered at the direct country price:

- a. *Letters*. Letter-size mailpieces entered at the direct country price must meet one of the following requirements:
 - (1) The sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
 - (2) The physical standards of a machinable letter under DMM 201.3.

- c. *Small Packets*. Package-size mailpieces (small packets) entered at the direct country price must meet the sealing and packaging methods for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

292.44 **Physical Characteristics and Requirements for All Bundles**

The following standards apply:

- a. *Thickness*. Bundles of letter-size mail should be no thicker than approximately a handful of mail (4 to 6 inches thick). Bundles of flat-size mail may be thicker than 6 inches but must not weigh more than 11 pounds.
- b. *Securing Bundles*. Each bundle must be securely tied to withstand normal transit. Placing rubber bands around the length and then the girth is the preferred method of securing bundles of letter-size mail. Plastic strapping placed around the length and then the girth is the preferred method of securing bundles of flat-size mail.
- c. *Separation of Bundles*. Letter-size and flat-size mail must be bundled separately.
- d. *Facing of Pieces*. All pieces in bundles must be faced in the same direction.

Note: Parcel-size pieces do not require bundling.

1 At the mailer's option, a finer sortation for IPA items addressed to Australia may be used. If this option is chosen, items addressed with postal codes beginning with 0, 1, 2, 4, and 9 and uncoded mail should be sorted and prepared in direct country containers tagged to Sydney. Both the three-letter exchange office code ("SYD") and the country name ("Australia") should be entered in the "To" block of PS Tag 115, International Priority Airmail. Items addressed with postal codes beginning with 3, 5, 6, 7, and 8 should be sorted and prepared in direct country containers tagged to Melbourne. Both the three-letter exchange office code ("MEL") and the country name ("Australia") should be entered in the "To" block of PS Tag 115.

2 For all destinations to New Zealand other than Cook Islands. For Cook Islands, see the entry for Cook Islands in this exhibit.

292.46 **Presort Mailings: Direct Country – Price Groups 1, 2, and 7–20**

292.461 **General**

Price groups 1, 2, and 7–20 may be prepared in direct country containers (full-service price and ISC drop shipment price). Each direct country container must contain at least 2 pounds of mail. The mailer must separately containerize items bearing customs forms from items not bearing customs forms and must prepare letter-size, flat-size, and package-size items in separate containers as defined in [292.462a](#) and [292.462b](#). Smaller quantities qualify only for a mixed country price (price groups 7–11 only) under [292.47](#), or for the worldwide nonpresort price under [292.49](#). The maximum container weight is 66 pounds.

292.462 **Preparation**

The mailer must prepare direct country containers of presorted IPA mail (full-service price and ISC drop shipment price) as follows:

- a. *Letter-Size and Flat-Size Mail.* For each direct country container of letter-size or flat-size mail, the mailer must do the following:
 - (1) *Mail Preparation.* Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat-size trays/tubs. Do not prepare the content of trays in bundles. Face all letter-size items and flat-size items in the same direction. Ensure that all trays are full enough to keep the mail from mixing during transportation. Cover (i.e., sleeve or lid) all letter-size and flat-size trays and secure them with strapping.

- (2) *Container Tags*. Complete the front side of PS Tag 115, *International Priority Airmail*, which identifies the mail to ensure it receives priority handling. Check the appropriate box to indicate if the container contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in [Exhibit 292.45a](#) or [Exhibit 292.45b](#), and the price group as listed in [Exhibit 292.45a](#). To the front side of the tag, apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type code, the mail contents shape type code, the foreign office of exchange code, and the serial number of the container. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, tape PS Tag 115 to the tray cover.
- b. *Packages*. For each direct country container of package-size items, the mailer must do the following:
- (1) *Mail Preparation*. Prepare package-size items by placing them loose in sacks.
- (2) *Container Tags*. Complete the front side of PS Tag 115, *International Priority Airmail*, which identifies the mail to ensure it receives priority handling. Check the appropriate box to indicate if the container contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in [Exhibit 292.45a](#) or [Exhibit 292.45b](#), and the price group as listed in [Exhibit 292.45a](#). To the front side of the tag, apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type code, the shape type code, the foreign office of exchange code, and the serial number of the container. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, attach PS Tag 115 to the neck of the sack.
- (3) *Direct Country Container Label*. A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under [292.532](#) is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the applicable container label holder) as follows (see [Exhibit 292.462](#) for the list of U.S. Exchange Offices):
- Line 1: Appropriate U.S. Exchange Office and Routing Code.

292.47 **Presort Mailings: Mixed Country — Price Groups 7-11**

292.471 **General**

The mailer may prepare price groups 7-11 in mixed country containers (ISC drop shipment price) only after all possible direct country containers have been prepared. Each mixed country price group must contain at least 5 pounds of mail that is destined within the same price group. The mailer must separately containerize items bearing customs forms from items not bearing customs forms and must prepare letter-size, flat-size, and package-size items in separate containers as defined in [292.472a](#) and [292.472b](#). Smaller quantities qualify only for the worldwide nonpresort price under [292.49](#). The maximum container weight is 66 pounds.

292.472 **Preparation**

The mailer must prepare mixed country containers of presorted IPA mail (ISC drop shipment price) as follows:

- a. *Letter-Size and Flat-Size Mail.* For each mixed country container of letter-size or flat-size mail, the mailer must do the following:
 - (1) *Mail Preparation.* Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat-size trays/tubs. Bundle letter-size and flat-size pieces as defined in [292.44](#), and bundle each country separately. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in [292.473](#). Cover (i.e., sleeve or lid) all letter-size trays and flat-size trays/tubs and secure them with strapping.

- (2) *Container Tags*. Complete the front side of PS Tag 115, *International Priority Airmail*, which identifies the mail to ensure it receives priority handling. Identify the date of mailing, the 10-digit permit number, and the price group as listed in [Exhibit 292.45a](#) followed by the word “Mixed” (e.g., “14–Mixed”). Finally, tape PS Tag 115 to the tray cover.
- b. *Packages*. For each mixed country container of package-size items, the mailer must do the following:
- (1) *Mail Preparation*. Prepare package-size items by placing them loose in sacks.
 - (2) *Container Tags*. Complete the front side of PS Tag 115, *International Priority Airmail*, which identifies the mail to ensure it receives priority handling. Identify the date of mailing, the 10-digit permit number, and the price group as listed in [Exhibit 292.45a](#) followed by the word “Mixed” (e.g., “14–Mixed”). Finally, attach PS Tag 115 to the neck of the sack.

292.473 **Direct Country Bundle Label for Mixed Country Containers**

Only letter-size and flat-size direct country bundles prepared for mixed country containers require a label (facing slip). The mailer must complete the label and place it on the address side of the top item of each bundle in such a manner that it will not become separated from the bundle. The pressure-sensitive labels and optional endorsement lines used domestically for presort mail are prohibited for IPA service. Bundle labels must contain the following information:

Line 1: Foreign Office of Exchange Code. (See [Exhibit 292.45a](#) or [Exhibit 292.45b](#).)

Line 2: Country Labeling Name. (See [Exhibit 292.45a](#).)

Line 3: Mailer, Mailer Location (City and State).

Example:

VIE AUSTRIA ABC COMPANY WASHINGTON DC

292.48 **Presort Mailings – Price Groups 3–6**

292.481 **General**

Mailers must prepare price groups 3–6 in direct country containers (full-service price and ISC drop shipment price) or mixed country containers (ISC drop shipment price). Each direct country container must contain at least 2 pounds of mail. Each mixed country *price group* must contain a minimum of 5 pounds when prepared under [292.47](#), or a minimum of 5 pounds for each *sack* when sorted under [293.483](#). Smaller quantities qualify only for the worldwide nonpresort price under [292.49](#). The mailer must separately containerize items bearing customs forms from items not bearing customs forms. The maximum container weight is 66 pounds.

292.482 Preparation

The mailer has two options to prepare direct country or mixed country containers of presorted IPA mail, as follows:

- a. Prepare mail as described in [292.46](#) and [292.47](#), including using letter-size trays for letter-size items, flat-size trays/tubs for flat-size items, and sacks for package-size items.
- b. Prepare mail in sacks for letter-size and flat-size mail as defined in [292.483](#) and [292.484](#).

292.483 Direct Country and Mixed Country – Optional Sack Preparation

The mailer may optionally prepare direct country sacks or mixed country sacks of presorted IPA letter-size and flat-size mail when sacks are used for the following processing categories:

- a. *Full-Service and ISC Drop Shipment – Direct country sacks.*
 - (1) *Preparation.* Mail (letter-size and flat-size) that is addressed to an individual country and that contains 2 pounds or more must be sorted into direct country sacks. Mail that cannot be made up into direct country sacks must be prepared and entered as mixed country sacks or as worldwide nonpresort sacks. The mailer must bundle letter-size and flat-size items as defined in [292.44](#). The mailer must bundle letter-size items and flat-size items separately, although nonidentical items may be commingled within each of these categories. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in [292.484](#). **Note:** Package-size items must not be commingled with letter-size and flat-size items and must be prepared in separate sacks.
 - (2) *Container Tags.* The mailer must complete the front side of PS Tag 115, *International Priority Airmail*, which identifies the mail to ensure it receives priority handling. The mailer must check the appropriate box to indicate if the sack contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in [Exhibit 292.45a](#) and [Exhibit 292.45b](#), and the price group as listed in [Exhibit 292.45a](#). The mailer must apply a barcode to the front side of the tag that indicates the mailer's permit number, the product code, the service type code, the container type, the shape type, the foreign office of exchange code, and the serial number of the sack. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov). Finally, the mailer must attach PS Tag 115 to the neck of the sack.
 - (3) *Direct Country Container Label.* A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under [292.532](#) is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the

applicable container label holder) as follows (see [Exhibit 292.483](#) for the list of U.S. Exchange Offices):

Line 1: Appropriate U.S. Exchange Office and Routing Code.

b. ISC Drop Shipment — Mixed country sacks.

- (1) *Preparation.* Mixed country sacks can be prepared only after all possible direct country sacks have been prepared. The mailer must prepare mixed country sacks for items that contain 5 pounds or more and that are destined within the same price group. Mail that ultimately cannot be made up into direct country sacks or mixed country sacks must be prepared and entered at the worldwide nonpresort price. The mailer must bundle letter-size and flat-size items as defined in [292.44](#). The mailer must bundle letter-size and flat-size items separately, although nonidentical items may be commingled within each of these categories. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in [292.484](#). **Note:** When using this option, the mailer may not place package-size items in the sacks.

- (2) *Container Tags.* The mailer must complete the front side of PS Tag 115, *International Priority Airmail*, which identifies the mail to ensure it receives priority handling. On the front of the tag, the mailer must identify the date of mailing, the 10-digit permit number, and the price group as listed in [Exhibit 292.45a](#) followed by the word “Mixed” (e.g., “15–Mixed”). Finally, the mailer must attach PS Tag 115 to the neck of the sack.

292.484 **Presorted Mail – Direct Country Bundle Label**

Only letter-size and flat-size direct country bundles prepared for mixed country sacks require a label (facing slip). The mailer must complete the label and place it on the address side of the top item of each bundle in such a manner that it will not become separated from the bundle. The pressure-sensitive labels and optional endorsement lines used domestically for presort mail are prohibited for IPA service. Bundle labels must contain the following information:

Line 1: Foreign Office of Exchange Code. (See [Exhibit 292.45a](#) and [Exhibit 292.45b](#).)

Line 2: Country Labeling Name. (See [Exhibit 292.45a](#).)

Line 3: Mailer, Mailer Location (City and State).

Example:

VIE AUSTRIA ABC COMPANY WASHINGTON DC

292.49 **Worldwide Nonpresort Preparation**

The following standards apply when the mailer prepares worldwide nonpresort IPA mail (full-service price and ISC drop shipment price):

- a. *General.* A mailer claiming any mail at the direct country or mixed country price cannot enclose the mail in worldwide nonpresort sacks. The mailer must bundle letter-size and flat-size mail. Letter-size bundles and flat-size bundles can be commingled in the same sack. Labels (facing slips) are not required on any bundles. Package-size items must not be commingled with letter-size and flat-size items and must be prepared in separate sacks. Containers other than sacks are not authorized unless other equipment is specified by the acceptance office — for example, the mailer may present nonpresorted letter-size mail in trays if authorized by the acceptance office. The maximum weight of any container is 66 pounds.
- b. *Worldwide Nonpresort Container Label.* A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under [292.532](#) is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the applicable container label holder) as follows (see [Exhibit 292.483](#) for the list of U.S. Exchange Offices):

Line 1: Appropriate U.S. Exchange Office and Routing Code.

Line 2: Contents WKG.

Line 3: Mailer, Mailer Location (City and State).

Example:

292.5 **Mail Entry and Deposit**292.51 **Separation by Price Group**

The mailer must physically separate the containers by price group at the time of mailing as indicated on the container tag.

292.52 **Full Service**

Mailings must be deposited at a Post Office facility where bulk mail is accepted and where the mailer holds an advance deposit account or postage meter license.

292.53 **Drop Shipment**292.531 **General**

To qualify for the drop shipment price, mailers must present the mail to one of the locations in [292.532](#). The mailer must pay postage at the drop shipment location either through an advance deposit account or postage meter license at the serving Post Office facility. As an alternative, mailers who are participating in the plant-verified drop shipment (PVDS) program may have the mail verified, accepted, and paid for at the mailer's plant or at the origin Post Office facility serving the mailer's plant if authorized under DMM 705. PVDS mail must be transported by the mailer to the drop shipment location, and the mail must be accompanied by PS Form 8125, *Plant-Verified Drop Shipment (PVDS) Verification and Clearance*.

292.532 **Drop Shipment Locations**

Drop shipments are available through the offices noted in [Exhibit 292.532](#).

Note: California, Illinois, and New York locations accept both "cleared" mail (mail that has been previously presented and paid for at a BMEU) and "uncleared" mail (mail that *has* not been previously presented and paid for at a BMEU). For Florida locations, refer to footnotes 1 and 2 for special requirements.

293 **International Surface Air Lift (ISAL) Service**

293.1 **Description**

293.11 **General**

International Surface Air Lift (ISAL) service, including ISAL M-bags, is a commercial service designed for volume mailings of all First-Class Mail International postcards, letters, and large envelopes (flats), and for volume mailings of First-Class Package International Service packages (small packets). The sender must prepare mailpieces in accordance with the requirements of this subchapter and with the content-based and shape-based requirements of the applicable service — see [240](#) for First-Class Mail International items, and see [250](#) for First-Class Package International Service items. ISAL shipments are typically flown to the foreign destinations (exceptions apply to Canada and Mexico) and are then entered into that country’s surface nonpriority mail system for delivery. Separate prices are provided for international service center (ISC) drop shipments, presorted mail, and nonpresort mail. Volume incentives are available through customized agreements.

293.12 Mail Sealed Against Inspection

With the exception of M-bags (see [261.23](#)), ISAL mailpieces are sealed against inspection.

293.13 ISAL M-bags**293.131 ISAL M-bags – General**

ISAL M-bags (direct sacks of printed matter to one addressee) may be entered in conjunction with an ISAL mailing, are subject to the provisions of [260](#), and may be sent to all destination countries that are referenced in [Exhibit 293.45a](#). When using this method of mail preparation, the sender must complete PS Tag 155, *Surface Airlift Mail*, and PS Tag 158, *M-bag Addressee Tag*. Tags must be securely attached to the neck of the sack.

293.132 ISAL M-bags – Customs Forms

ISAL M-bags always require a fully completed electronically generated PS Form 2976, which is to be affixed to PS Tag 158. Mailers must electronically transmit customs declaration information as required under [123.32](#) by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at postalpro.usps.com/node/1850. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

293.2 Eligibility**293.21 Qualifying Mailpieces**

To qualify for ISAL service, a mailpiece must meet the First-Class Mail International characteristics as defined in [141.5](#) (except for weight — see [293.24](#)) or the First-Class Package International Service characteristics as defined in [141.6](#) (except for weight — see [293.24](#)). Mailpieces do not have to be of the same size and weight to qualify. Any item sent with ISAL service must conform to the size limits for First-Class Mail International postcards, letters, or large envelopes (flats) as described in [240](#), or for First-Class Package International Service packages (small packets) as described in [250](#).

293.22 Availability

ISAL service is available only to the foreign countries that are listed in [Exhibit 293.45a](#), which shows the foreign office of exchange code and the price group assigned to each country. For additional information for Canada, see [Exhibit 293.45b](#).

293.23 Minimum Quantity Requirements**293.231 Minimum Quantity**

All mailings must meet a minimum weight quantity of 50 pounds. To achieve the 50-pound minimum, mailings may include a combination of presort mail, worldwide nonpresort mail, or M-bags.

293.232 Presort Eligibility – Full Service

Only a direct country container with a minimum of 2 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

293.233 Presort Eligibility – ISC Drop Shipment

Eligibility for the presort price is as follows:

- a. *Direct country price.* For price groups 1–20, a minimum of 2 pounds for each container.
- b. *Mixed country price.* For price groups 7–11, a minimum of 5 pounds for each price group; for price groups 3–6, a minimum of 5 pounds for each price group prepared under [293.482a](#), or a minimum of 5 pounds for each sack prepared under [293.482b](#).

All remaining mail must be prepared and paid at the worldwide nonpresort price.

293.24 Maximum Weight Limits

The maximum weight for an ISAL container is 66 pounds. The maximum weight for an individual ISAL item is as follows:

- a. Letter-size item: 3.5 ounces.
- b. Flat-size item: 17.6 ounces.
- c. Package-size item: 4.4 pounds.

293.25 Dutiable Items

Dutiable items may be sent in accordance with the applicable rules in this subchapter for First-Class Package International Service only. Priority Mail International items may not be mailed with ISAL service.

293.26 Customs Forms Requirements

For items requiring PS Form 2976, mailers must electronically transmit customs declaration information as required under [123.32](#) by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at postalpro.usps.com/node/1850. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

293.27 Extra Services

Extra services are not available for items sent with ISAL service.

293.3 Prices and Postage Payment Methods**293.31 Prices**

ISAL service has two price options: a presort price with 20 price groups, and a worldwide nonpresort price. Both options offer full-service prices for mail deposited at offices other than the drop shipment offices listed in [293.532](#), and drop shipment prices for mail deposited at one of the drop shipment offices. The per-piece price and per-pound price are shown in [Notice 123, Price List](#). The per-piece price applies to each piece regardless of its weight. The per-pound price applies to the net weight (gross weight minus tare weight of container) of the mail for the specific price group. Fractions of a pound are rounded to the next whole pound for postage calculation.

293.32 Computation of Postage

Postage is computed on PS Form 3700, *Postage Statement — International Mail*.

293.321 Computing Worldwide Nonpresort Prices

Compute postage at the worldwide nonpresort price as follows:

1. Multiply the number of pieces in the mailing by the applicable per-piece price.
2. Multiply the net weight (in whole pounds) of the entire mailing by the applicable per-pound price.
3. Add together the two totals in steps 1 and 2.

293.322 Computing Presort Prices

Compute postage at the presorted price as follows:

1. Multiply the number of pieces in the mailing destined for countries in a specific price group by the appropriate per-piece price.
2. Multiply the net weight (in whole pounds) of those pieces by the corresponding per-pound price.
3. Add together the two totals in steps 1 and 2.

293.33 Postage Payment Methods**293.331 General**

Postage must be paid by postage meter, permit imprint, or precanceled stamps (see DMM 604).

293.332 Postage Meter

Payments made by postage meter are subject to the following standards:

- a. *Piece Price*. The applicable per-piece postage shown in [Notice 123, Price List](#), must be affixed to each mailpiece when paying with a meter. A mailer who has an ICM agreement must affix the applicable per-piece postage as set forth in the ICM agreement.
- b. *Pound Price*. Postage for the pound price portion must be paid either by meter stamp(s) attached to the postage statement or from the mailer's authorized permit imprint advance deposit account.
- c. *Postage Endorsement*. Each piece must be legibly endorsed with the words "INTERNATIONAL SURFACE AIR LIFT" or "ISAL."
- d. *Specifications for Endorsement*. The endorsement required in [292.332c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the meter stamp in either the postal inscription slug area or ad plate area. If the postal endorsement appears in the ad plate area, no other information may appear in the ad plate. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces*. Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

- f. *Drop Shipment of Meter Mail.* A mailer who wants to enter meter ISAL mail at a Post Office facility other than where the meter is licensed must obtain a drop shipment authorization. To obtain an authorization, the mailer must submit a written request to the postmaster at the office where the mail will be entered (see DMM 705).

293.333 **Precanceled Stamps**

Payments made by precanceled stamps are subject to the following standards:

- a. *Piece Price.* The same denomination of stamp must be affixed to every piece in the mailing.
- b. *Pound Price.* Additional postage is paid at the time of mailing by advance deposit account or meter stamp affixed to the back of the accompanying postage statement.
- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL SURFACE AIR LIFT" or "ISAL."
- d. *Specifications for Endorsement.* The endorsement required in [293.333c](#) must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the precanceled stamp. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. *Unmarked Pieces.* Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

293.334 **Permit Imprint**

Mailers may use a permit imprint for mailings that contain identical-weight pieces. Any of the permit imprint formats shown in [152.64](#) is acceptable but must include the "INTL SURFACE AIR LIFT" rate marking. Postage is calculated as described in [293.32](#) and is deducted from the mailer's advance deposit account. Permit imprints must not denote bulk mail, nonprofit, or other domestic or special mail. Mailers may use permit imprint with nonidentical-weight pieces only if authorized to use postage mailing systems under DMM 705.

293.4 **Mail Preparation**

293.41 **Addressing and Return Address**

ISAL mailpieces are subject to the addressing requirements contained in [122](#), including the requirement of a U.S.-origin return address as defined in [122.2](#).

- a. *Exception — Canada:* ISAL items destined for Canada must have the applicable alphanumeric postcode included in the delivery address. See [122.1j](#) for the address formatting requirements that generally apply to mailpieces sent to Canada.

- b. *Exception — Direct Country Containers:* ISAL letter-size and flat-size pieces not requiring a customs form prepared in direct country containers (see [293.46](#) and [293.48](#)) are not subject to the interline addressing requirement that is specified in [122.1d](#). At the sender’s risk, the English translation of the destination post office or city name may be omitted from an address that is printed in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters. An English translation of the country name (for example, Japan) is still required on the individual mailpieces.

293.42 **Marking**

293.421 **Letter-Size and Flat-Size Mailpieces**

The sender should mark “INTERNATIONAL SURFACE AIR LIFT” or “ISAL” on the address side of each piece. Use of bordered airmail envelopes is prohibited.

293.422 **Packages (Small Packets)**

Items that might be mistaken for another class of mail because of their size, weight, or appearance should be marked “LETTER-POST” on the address side.

293.43 **Sealing and Packaging**

293.431 **Mixed Country and Worldwide Nonpresort Price**

All ISAL mailpieces entered at the mixed country and worldwide nonpresort price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#), and for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

293.432 **Direct Country Price**

Mailers must meet the following sealing and packaging standards for ISAL mail entered at the direct country price:

- a. *Letters.* Letter-size mailpieces entered at the direct country price must meet one of the following requirements:
- (1) The sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
 - (2) The physical standards of a machinable letter under DMM 201.3.
- b. *Flats.* Flat-size mailpieces entered at the direct country price must meet the sealing and packaging methods for First-Class Mail International service under IMM [244.3](#) and [244.4](#).
- c. *Small Packets.* Package-size mailpieces (small packets) entered at the direct country price must meet the sealing and packaging methods for First-Class Package International Service under IMM [254.3](#) and [254.4](#).

293.44 **Physical Characteristics and Requirements for All Bundles**

The following standards apply:

- a. *Thickness.* Bundles of letter-size mail should be no thicker than approximately a handful of mail (4 to 6 inches thick). Bundles of flat-size mail may be thicker than 6 inches but must not weigh more than 11 pounds.

- b. *Securing Bundles.* Each bundle must be securely tied to withstand normal transit. Placing rubber bands around the length and then the girth is the preferred method of securing bundles of letter-size mail. Plastic strapping placed around the length and then the girth is the preferred method of securing bundles of flat-size mail.
- c. *Separation of Bundles.* Letter-size and flat-size mail must be bundled separately.
- d. *Facing of Pieces.* All pieces in bundles must be faced in the same direction.

Note: Parcel-size pieces do not require bundling.

293.45 **ISAL Foreign Office of Exchange Codes and Price Groups**

See [Exhibit 293.45a](#) for the ISAL foreign office of exchange code and price group assigned to each country. For additional information for Canada, see [Exhibit 293.45b](#).

293.46 Presort Mailings: Direct Country – Price Groups 1, 2 and 7–20**293.461 General**

Price groups 1, 2 and 7–20 may be prepared in direct country containers (full-service price and ISC drop shipment price). Each direct country container must contain at least 2 pounds of mail. The mailer must separately containerize items bearing customs forms from items not bearing customs forms and must prepare letter-size, flat-size, and package-size items in separate containers as defined in [293.462a](#) through [293.462c](#). Smaller quantities qualify only for a mixed country price (price groups 7–11 only) under [293.47](#), or for the worldwide nonpresort price under [293.49](#). The maximum container weight is 66 pounds.

293.462 Preparation

The mailer must prepare direct country containers of presorted ISAL mail (full-service price and ISC drop shipment price) as follows:

- a. *Letter-Size and Flat-Size Mail.* For each direct country container of letter-size or flat-size mail, the mailer must do the following:
 - (1) *Mail Preparation.* Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat-size trays/tubs. Do not prepare the content of trays in bundles. Face all letter-size items and flat-size items in the same

- direction. Ensure that all trays are full enough to keep the mail from mixing during transportation. Cover (i.e., sleeve or lid) all letter-size and flat-size trays and secure them with strapping.
- (2) *Container Tags*. Complete the front side of PS Tag 155, *International Surface Air Lift*, which identifies the mail to ensure it receives priority handling. Check the appropriate box to indicate if the container contains items *with* or *without* customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in [Exhibit 293.45a](#) or [Exhibit 293.45b](#), and the price group as listed in [Exhibit 293.45a](#). To the front side of the tag, apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type code, the mail contents shape type code, the foreign office of exchange code, and the serial number of the container. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, tape the PS Tag 155 to the tray cover.
- b. *Packages*. For each direct country container of package-size items, the mailer must do the following:
- (1) *Mail Preparation*. Prepare package-size items by placing them loose in sacks.
- (2) *Container Tags*. Complete the front side of PS Tag 155, *International Surface Air Lift*, which identifies the mail to ensure it receives priority handling. Check the appropriate box to indicate if the container contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in [Exhibit 293.45a](#) or [Exhibit 293.45b](#), and the price group as listed in [Exhibit 293.45a](#). To the front side of the tag, apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type code, the shape type code, the foreign office of exchange code, and the serial number of the container. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, attach PS Tag 155 to the neck of the sack.
- c. *Direct Country Container Label*. A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under [293.532](#) is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the applicable container label holder) as follows (see [Exhibit 293.462](#) for the list of U.S. Exchange Offices):
- Line 1: Appropriate U.S. Exchange Office and Routing Code.
 Line 2: Contents — DRX COUNTRY.

293.47 **Presort Mailings: Mixed Country — Price Groups 7–11**

293.471 **General**

The mailer may prepare price groups 7–11 in mixed country containers (ISC drop shipment price) only after all possible direct country containers have been prepared. Each mixed country price group must contain at least 5 pounds of mail that is destined within the same price group. The mailer must separately containerize items bearing customs forms from items not bearing customs forms and must prepare letter-size, flat-size, and package-size items in separate containers as defined in [293.472a](#) and [293.472b](#). Smaller quantities qualify only for the worldwide nonpresort price under [293.49](#). The maximum container weight is 66 pounds.

293.472 **Preparation**

The mailer must prepare mixed country containers of presorted ISAL mail (ISC drop shipment price) as follows:

- a. *Letter-Size and Flat-Size Mail.* For each mixed country container of letter-size or flat-size mail, the mailer must do the following:
 - (1) *Mail Preparation.* Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat-size trays/tubs. Bundle letter-size and flat-size pieces as defined in [293.44](#), and bundle each country separately. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in [293.473](#). Cover (i.e., sleeve or lid) all letter-size trays and flat-size trays/tubs and secure them with strapping.
 - (2) *Container Tags.* Complete the front side of PS Tag 155, *International Surface Air Lift*, which identifies the mail to ensure it receives priority handling. Identify the date of mailing, the 10-digit permit number, and the price group as listed in [Exhibit 293.45a](#) followed by the word “Mixed” (e.g., “14–Mixed”). Finally, tape PS Tag 155 to the tray cover.

- b. *Packages*. For each mixed country container of package-size items, the mailer must do the following:
- (1) *Mail Preparation*. Prepare package-size items by placing them loose in sacks.
 - (2) *Container Tags*. Complete the front side of PS Tag 155, *International Surface Air Lift*, which identifies the mail to ensure it receives priority handling. Identify the date of mailing, the 10-digit permit number, and the price group as listed in [Exhibit 293.45a](#) followed by the word “Mixed” (e.g., “14–Mixed”). Finally, attach PS Tag 155 to the neck of the sack.

293.473 **Direct Country Bundle Label for Mixed Country Containers**

Only letter-size and flat-size direct country bundles prepared for mixed country containers require a label (facing slip). The mailer must complete the label and place it on the address side of the top item of each bundle in such a manner that it will not become separated from the bundle. The pressure-sensitive labels and optional endorsement lines used domestically for presort mail are prohibited for ISAL service. Bundle labels must contain the following information:

Line 1: Foreign Office of Exchange Code. (See [Exhibit 293.45a](#) or [Exhibit 293.45b](#).)

Line 2: Country Labeling Name. (See [Exhibit 293.45a](#).)

Line 3: Mailer, Mailer Location (City and State).

Example:

293.48 **Presort Mailings – Price Groups 3–6**

293.481 **General**

Mailers must prepare price groups 3–6 in direct country containers (full-service price and ISC drop shipment price) or mixed country containers (ISC drop shipment price). Each direct country container must contain at least 2 pounds of mail. Each mixed country price group must contain a minimum of 5 pounds when prepared under [293.47](#), or a minimum of 5 pounds for each sack when sorted under [293.483](#). Smaller quantities qualify only for the worldwide nonpresort price under [293.49](#). The mailer must separately containerize items bearing customs forms from items not bearing customs forms. The maximum container weight is 66 pounds.

293.482 **Preparation**

The mailer has two options to prepare direct country or mixed country containers of presorted ISAL mail, as follows:

- a. Prepare mail as described in [293.46](#) and [293.47](#), including using letter-size trays for letter-size items, flat-size trays/tubs for flat-size items, and sacks for package-size items.
- b. Prepare mail in sacks for letter-size and flat-size mail as defined in [293.483](#) and [293.484](#).

293.483 **Direct Country and Mixed Country – Optional Sack Preparation**

The mailer may optionally prepare direct country sacks or mixed country sacks of presorted ISAL letter-size and flat-size mail when sacks are used for the following processing categories:

a. *Full-Service and ISC Drop Shipment – Direct country sacks.*

- (1) *Preparation.* Mail (letter-size and flat-size) that is addressed to an individual country and that contains 2 pounds or more must be sorted into direct country sacks. Mail that cannot be made up into direct country sacks must be prepared and entered as mixed country sacks or as worldwide nonpresort sacks. The mailer must bundle letter-size and flat-size items as defined in [293.44](#). The mailer must bundle letter-size items and flat-size items separately, although nonidentical items may be commingled within each of these categories. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in [293.484](#). **Note:** Package-size items must not be commingled with letter-size and flat-size items and must be prepared in separate sacks.
- (2) *Container Tags.* The mailer must complete the front side of PS Tag 155, *International Surface Air Lift*, which identifies the mail to ensure it receives priority handling. The mailer must check the appropriate box to indicate if the sack contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in [Exhibit 293.45a](#) or [Exhibit 293.45b](#), and the price group as listed in [Exhibit 293.45a](#). To the front side of the tag, the mailer must apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type, the shape type, the foreign office of exchange code, and the serial number of the sack. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, the mailer must attach PS Tag 155 to the neck of the sack.
- (3) *Direct Country Container Label.* A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under [293.532](#) is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the applicable container label holder) as follows (see [Exhibit 293.483](#) for the list of U.S. Exchange Offices):

Line 1: Appropriate U.S. Exchange Office and Routing Code.

Line 2: Contents – DRX COUNTRY.

b. ISC Drop Shipment — Mixed country sacks.

- (1) *Preparation.* Mixed country sacks can be prepared only after all possible direct country sacks have been prepared. The mailer must prepare mixed country sacks for items that contain 5 pounds or more and that are destined within the same price group. Mail that ultimately cannot be made up into direct country sacks or mixed country sacks must be prepared and entered at the worldwide nonpresort price. The mailer must bundle letter-size and flat-size items as defined in [293.44](#). The mailer must bundle letter-size and flat-size items separately, although nonidentical items may be commingled within each of these categories. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in [293.484](#). **Note:** When using this option, the mailer may not place package-size items in the sacks.
- (2) *Container Tags.* The mailer must complete the front side of PS Tag 155, *International Surface Air Lift*, which identifies the mail to ensure it receives priority handling. On the front of the tag, the mailer must identify the date of mailing, the 10-digit permit number, and the price group as listed in [Exhibit 293.45a](#) followed by the word “Mixed” (e.g., “15–Mixed”). Finally, the mailer must attach PS Tag 155 to the neck of the sack.

293.484 Direct Country Bundle Label

Only letter-size and flat-size direct country bundles prepared for mixed country sacks require a label (facing slip). The mailer must complete the label and place it on the address side of the top item of each bundle in such a manner that it will not become separated from the bundle. The pressure-sensitive labels and optional endorsement lines used domestically for presort mail are prohibited for ISAL service. Bundle labels must contain the following information:

Line 1: Foreign Office of Exchange Code. (See [Exhibit 293.45a](#) or [Exhibit 293.45b](#).)

Line 2: Country Labeling Name. (See [Exhibit 293.45a](#).)

Line 3: Mailer, Mailer Location (City and State).

Example:

VIE AUSTRIA ABC COMPANY WASHINGTON DC

293.49 Worldwide Nonpresort Preparation

The following standards apply when the mailer prepares worldwide nonpresort ISAL mail (full-service price and ISC drop shipment price):

- a. *General.* A mailer claiming any mail at the direct country or mixed country price cannot enclose the mail in worldwide nonpresort sacks. The mailer must bundle letter-size and flat-size mail. Letter-size bundles and flat-size bundles can be commingled in the same sack. Labels (facing slips) are not required on any bundles. Package-size items must not be commingled with letter-size and flat-size items and must be prepared in separate sacks. Containers other than sacks are not authorized unless other equipment is specified by the acceptance office — for example, the mailer may present nonpresorted letter-size mail in trays if authorized by the acceptance office. The maximum weight of any container is 66 pounds.
- b. *Worldwide Nonpresort Container Label.* A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under [293.532](#) is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the applicable container label holder) as follows (see [Exhibit 293.483](#) for the list of U.S. Exchange Offices):

Line 1: Appropriate U.S. Exchange Office and Routing Code.

Line 2: Contents WKG.

Line 3: Mailer, Mailer Location (City and State).

Example:

293.5 Mail Entry and Deposit**293.51 Separation by Price Group**

The mailer must physically separate the containers by price group at the time of mailing as indicated on the container tag.

293.52 Full Service

Mailings must be deposited at a Post Office facility where bulk mail is accepted and where the mailer holds an advance deposit account or postage meter license.

293.53 Drop Shipment**293.531 General**

To qualify for the drop shipment price, mailers must present the mail to one of the locations in [293.532](#). The mailer must pay postage at the drop shipment location either through an advance deposit account or postage meter license at the serving Post Office facility. As an alternative, mailers who are participating in the plant-verified drop shipment (PVDS) program may have the mail verified, accepted, and paid for at the mailer's plant or at the origin Post Office facility serving the mailer's plant if authorized under DMM 705. PVDS mail must be transported by the mailer to the drop shipment location, and the mail must be accompanied by PS Form 8125, *Plant-Verified Drop Shipment (PVDS) Verification and Clearance*.

293.532 Drop Shipment Locations

Drop shipments are available through the offices noted in [Exhibit 293.532](#).

Note: California, Illinois, and New York locations accept both "cleared" mail (mail that has been previously presented and paid for at a BMEU) and "uncleared" mail (mail that has not been previously presented and paid for at a BMEU). For Florida locations, refer to footnotes 1 and 2 for special requirements.

3 Extra Services

310 Certificate of Mailing

311 Individual Pieces

311.1 Description

Certificate of mailing service is available only at the time of mailing and provides evidence that mail has been presented to the Postal Service for mailing. Certificate of mailing service does not provide a record of delivery, and the Postal Service does not retain copies of PS Form 3817, *Certificate of Mailing*, or PS Form 3665, *Certificate of Mailing — Firm*, or USPS-approved facsimiles. The fee paid for certificates of mailing does not insure the item against loss or damage. The Postal Service postmarks (round-dates) each form or firm sheet at the time of mailing and then returns it to the mailer as the mailer's receipt.

311.2 Availability

311.21 At Time of Purchase

A customer may purchase a certificate of mailing (individual pieces) when sending the following:

- a. Postcards.
- b. Unregistered First-Class Mail International items.
- c. Unregistered First-Class Package International Service items.
- d. Airmail M-bags.

A certificate of mailing (individual pieces) cannot be obtained in combination with Registered Mail items, insured parcels, Free Matter for the Blind, or items paid with a permit imprint.

311.22 After Mailing (Duplicate Copies)

To obtain a duplicate copy of the certificate of mailing, the mailer must present the original form or firm sheet and an additional certificate endorsed "Duplicate" or a copy indicating the original dates of mailing. The Postal Service postmarks (round-dates) the additional certificate to indicate the current date.

311.3 Fees**311.31 Individual Pieces**

In addition to the correct postage, the mailer must pay the certificate of mailing fee for each article on PS Form 3817 at a Post Office facility. For a separate fee, the mailer may request a duplicate copy of PS Form 3817 after mailing (see [311.22](#)). See [Notice 123](#), *Price List*.

311.32 Three or More Individual Pieces

When mailing three or more pieces, the mailer may optionally use PS Form 3665. In addition to the correct postage, the mailer must pay the certificate of mailing fee for each article on PS Form 3665 by affixing ordinary (uncanceled) stamps, meter imprints, or PC Postage imprints to PS Form 3665. Mailers paying for the postage with a permit imprint may also pay the fee at the time of mailing using the same permit imprint account. For a separate fee, the mailer may request a duplicate copy of PS Form 3665 after mailing (see [311.22](#)). See [Notice 123](#), *Price List*.

311.4 Mailer Preparation**311.41 Individual Pieces**

To obtain a certificate of mailing service for individual pieces, the mailer must present an eligible item for mailing (see [311.21](#)) to a Post Office facility. For customers served by rural carrier service, the carrier obtains the certificate at the Post Office, attaches the stamps, obtains the postmark (round-date) on the certificate on the day of mailing, and delivers the certificate to the customer on the next trip.

311.42 Three or More Individual Pieces

To obtain a certificate of mailing service for three or more pieces of eligible items (see [311.21](#)), the mailer may use PS Form 3665 or a USPS-approved facsimile. All entries on firm sheets must be typed or printed in ink. The mailer may also use USPS-approved computer-generated firm sheets that contain the same information as PS Form 3665. The mailer must obliterate all unused portions of the addressee column by drawing a diagonal line through them. The mailer must pay the certificate of mailing fee by affixing ordinary (uncanceled) stamps, precanceled stamps, meter stamps, or PC Postage stamps to the items. The mailer and accepting employee must initial any alterations to the firm sheets. The postmarked (round-dated) sheets of the books become the mailer's receipts.

312 Bulk Quantities – Certificate of Mailing**312.1 Description**

For bulk mailings of identical-weight pieces paid with ordinary stamps, meter stamps, PC Postage, or permit imprint, mailers may optionally use PS Form 3606, *Certificate of Bulk Mailing*. This form is used only at the time of mailing, to verify the number of identical-weight pieces mailed. The form must not be used as an itemized list, and it does not provide evidence that a piece was mailed to a particular address. The fee paid for a certificate of

mailing does not insure the item against loss or damage, and the Postal Service does not retain copies of PS Form 3606. The Postal Service certifies each PS Form 3606 by postmark (round-date) at the time of mailing and then returns it to the mailer as the mailer's receipt.

312.2 **Availability**

312.21 **At Time of Entry**

A customer may purchase a certificate of bulk mailing when sending the following identical-weight items:

- a. Postcards.
- b. Unregistered First-Class Mail International items.
- c. Unregistered First-Class Package International Service items.
- d. Airmail M-bags.

A certificate of bulk mailing cannot be obtained in combination with Registered Mail items, insured parcels, or Free Matter for the Blind.

312.22 **After Mailing (Duplicate Copies)**

To obtain a duplicate copy of PS Form 3606 after mailing, the mailer must present the original postmarked certificate and an additional certificate endorsed "Duplicate" or a copy indicating the original dates of mailing. The Postal Service postmarks (round-dates) the additional certificate to indicate the current date.

312.3 **Fees**

In addition to the correct postage, the mailer must pay the applicable certificate of bulk mailing fee for mailings of identical-weight pieces reported on PS Form 3606 by affixing ordinary (uncanceled) stamps, meter imprints, or PC Postage imprints to PS Form 3606. Mailers paying for the postage with a permit imprint may also pay the fee at the time of mailing using the same permit imprint account. For a separate fee, the mailer may request a duplicate copy of PS Form 3606 after mailing (see [312.22](#)). See [Notice 123](#), *Price List*, for all applicable fees.

312.4 **Mailer Preparation**

The mailer may present requests for certificate of bulk mailing to a Post Office facility, business mail entry unit (for items paid with a permit imprint), or other location authorized by the Postal Service. The mailer may pay the fee by ordinary (uncanceled) stamps, meter stamps, or PC Postage stamps by affixing the postage to PS Form 3606. The Postal Service certifies each PS Form 3606 by postmark (round-date) at the time of mailing and then returns it to the mailer as the mailer's receipt.

The forms used for domestic mail are also used for international mail (see DMM 503).

313.2 Treasury Department Forms

322.3 Additional Coverage and Fees

Additional merchandise insurance coverage above \$200 — up to the maximum amount allowed by the country (see [Exhibit 322.2](#)) but never to exceed \$5,000 — may be purchased at the sender's option. The insurance fee is in addition to postage and other applicable fees. See [Notice 123](#), *Price List*, for the fee schedule for optional Priority Mail Express International merchandise insurance coverage.

322.4 Return Receipt Service

Return receipt service is the only extra service that mailers may add to insured items. There is no additional charge for this service, and it is available only to certain countries. See the Individual Country Listings for availability. See [340](#) for additional information about return receipt service.

323 **Priority Mail International Insurance**

323.1 **Description**

Priority Mail International shipments containing merchandise are insured against loss, damage, or missing contents up to \$200 at no additional charge. Priority Mail International shipments containing only nonnegotiable documents are insured against loss, damage, or missing contents up to \$100 for document reconstruction at no additional charge. Indemnity is paid by the U.S. Postal Service as provided in [933](#). For a fee, the sender may purchase additional insurance to protect against loss, damage, or missing contents for Priority Mail International items containing merchandise, subject to individual country limitations. Additional document reconstruction insurance may not be purchased. If the item has been lost, or if it has been delivered to the addressee in damaged condition or with missing contents, payment is made to the sender unless the sender waives the right to payment, in writing, in favor of the addressee.

323.2 **Availability**

Merchandise insurance above the included \$200 amount is available for all Priority Mail International items to certain countries. See [Exhibit 322.2](#).

323.3 **Coverage and Fees**

Additional merchandise insurance coverage above the included \$200 — up to the maximum amount allowed by the country (see [Exhibit 322.2](#)) but never to exceed \$5,000 — may be purchased at the sender's option. The insurance fee is in addition to postage and other applicable fees and is based on the insured value. See [Notice 123](#), *Price List*, for the fee schedule for optional Priority Mail International merchandise insurance coverage.

323.4 **Return Receipt**

Return receipt service is the only extra service that mailers may add to insured items. It is available for an additional fee and is available only to certain countries. See the Individual Country Listings for availability. See [340](#) for additional information about return receipt service.

323.5 **Insured Value and Declared Value**

The insured value (insurance coverage) of a parcel may not be more than the declared value or content value listed on PS Form 2855, *International Claim for Indemnity*. However, depending on the preference of the sender, the insured value may be less than the declared value or content value listed on PS Form 2855.

323.6 **Preparation of Insured Priority Mail International Parcels**

323.6.1 **Mailing Receipt and Insurance Number**

All Priority Mail International insured parcels must be numbered. The mailing receipt issued at the time of mailing, accompanied by either the hard copy PS Form 2976-R or an electronically generated PS Form 2976-A, will serve

as proof of mailing and proof of insurance. Volume mailers may use PS Form 3877, *Firm Mailing Book for Accountable Mail*, as the sender's receipt.

323.62 Accepting Clerk's Responsibility

When a customer has purchased additional insurance, the accepting clerk must indicate on the hard copy PS Form 2976-R the amount for which the parcel is insured by writing the amount in U.S. dollars in ink in the "Insured Value (U.S. \$)" block. After using the information on PS Form 2976-R to electronically generate PS Form 2976-A, the accepting clerk must write a bold capital "V" in or near the boxes "Insured Amount (US \$)" and "Insurance Fees (US \$)" on PS Form 2976-A.

323.63 Postmarking

Postmark the item at the time of acceptance at all breaks (including any cut or torn edges) of any tape or tabs used in sealing the parcel.

323.7 Sender's Responsibility

323.71 Mailing Receipt

The sender should enter the name and address of the addressee on the mailing receipt and retain the receipt.

323.72 Marking

The sender has the responsibility to do the following:

- a. Mark parcels containing fragile or perishable articles with the appropriate endorsement — e.g., "FRAGILE," "PERISHABLE," "GLASS," etc.
- b. Enter the insured amount in U.S. currency (figures only) in the appropriate space on the customs declaration.

323.73 Sealing

The sender must seal all insured parcels.

330 Registered Mail

331 Description

Customers may use Registered Mail service for additional protection and security in dispatch and conveyance in the United States. For each registered item a mailing receipt is issued by the office of mailing and a record of delivery is maintained at the office of destination. Indemnity limits are much lower for Registered Mail items than for insured mail. In the United States, Registered Mail items are handled separately from all other mail and are kept in a secure area with restricted access. In destination countries, Registered Mail items are handled according to their own internal procedures.

332 **Availability**

Customers may purchase Registered Mail service for items that weigh up to 4 pounds. Registered Mail service is not available with Global Express Guaranteed, Priority Mail Express International, or Priority Mail International service or any type of M-bag service. See Individual Country Listings for additional country-specific prohibitions and restrictions. Registered Mail service is available for the following types of mail:

- a. First-Class Mail International items, including Free Matter for the Blind items.
- b. First-Class Package International Service items, including Free Matter for the Blind items.

333 **Fees and Indemnity Limits**

333.1 **Registration Fees**

See [Notice 123](#), *Price List*, for the registry fee.

333.2 **Indemnity Limit**

Regardless of the declared value of a registered item, the maximum amount of indemnity payable for loss, damage, or missing contents is \$39.86.

See [335](#).

334 **Processing Requests**

334.1 **Mailing Receipt and Registration Number**

334.11 **General Use**

The Postal Service issues a receipt when it accepts a Registered Mail item. For individual transactions, use PS Form 3806, *Receipt for Registered Mail*. When presenting three or more items for registration at one time, the mailer may use PS Form 3877, *Firm Mailing Book for Accountable Mail* (see DMM 503). The registered number is determined by the barcode printed on the customs form, and the accepting clerk applies a nonbarcoded Label 200-N, *Registered Mail*, to the mailpiece. For items that do not require a customs form, the accepting clerk applies Label 200, Registered Mail, a preprinted self-adhesive label with a number series of nine digits preceded by a Service Type Code of two alpha characters and followed by the two-character Country Code "US." Only labels printed by the Postal Service may be used on international Registered Mail items.

334.12 **Sender's Responsibility**

The sender must:

- a. Enter the name and address of addressee on the mailing receipt before presenting the item for registration.
- b. Declare the full value of mail presented for registration. The value declared must be identical to the value stated on the hard copy PS Form 2976-R or on an electronically generated PS Form 2976. If the values declared are not identical, the Postal Service will refuse the items. (See [123.711](#).)

- c. The sender should retain the receipt and must submit it if he or she wishes to file a claim for the registered item (see chapter [9](#)).

334.13 **Accepting Clerk's Responsibility**

The accepting clerk must:

- a. Verify that the value declared on PS Form 3806 and the value declared on the hard copy PS Form 2976-R or an electronically generated PS Form 2976 are identical. Refuse items on which the declared values are not the same.
- b. For an item that requires a customs form, affix Label 200-N to the item on the address side — in the upper left, below the return address. For an item that does not require a customs form, similarly affix Label 200.
- c. If requested by the sender, show on the mailing receipt and on the Post Office record the time the item was accepted for mailing.
- d. On the receipt, the system will print the registration fee and postage plus the return receipt fee, if applicable.
- e. When federal government official mail is registered pursuant to [142.1](#), endorse the mailing receipt “OFFICIAL PAID” or “OFF. PD.”

334.14 **Preparation**

Items bearing an address in pencil or any other erasable format must not be accepted for Registered Mail service.

334.2 **Marking**

The accepting clerk must enter the following endorsements and special markings on each registered item:

- a. Affix Label 200-N or Label 200 as noted in [334.13b](#). All Registered Mail items of U.S. origin must bear Label 200-N or Label 200.
- b. Place airmail Label 19-A or Label 19-B or the words “PAR AVION” on registered items prepaid for air if the sender has failed to do this.
- c. Endorse the item for any other extra service that the sender requests.

334.3 **Postmarking**

334.31 **Placement**

Postmark registered items twice on the back on the crossing of the upper and lower flaps. If return receipts are used, postmark partially on the receipt and partially on the flaps of the letter. Items sealed on the address side must be postmarked on the address side.

334.32 **Registered Free Matter for the Blind**

Postmark registered Free Matter for the Blind on the address side.

334.4 **Sealing**

334.41 **Sender's Responsibility**

Senders must securely seal all items presented for registration. Wax or paper seals on envelopes must bear a distinctive mark of the sender and must be affixed in such a way as to allow sufficient space at the intersections of the

flaps for postmarking. Self-sealing envelopes and items that appear to have been opened and resealed may not be registered.

334.42 **Registered Mail Service With Free Matter for the Blind**

Registered Mail service is available when the mailer has paid all applicable Registered Mail service fees. Free Matter for the Blind items sent by Registered Mail service are not sealed against inspection.

334.5 **Return Receipt**

Return receipts can be purchased for Registered Mail items to most countries. (See [340](#) and [350](#) and Individual Country Listings.)

335 **Indemnity Claims and Payments**

Indemnity is paid to the sender for a registered article that has been delivered with contents partially damaged or contents partially missing. Indemnity plus postage is paid to the sender for a registered article that has not been delivered or has been delivered with contents totally damaged or contents totally missing. The registration fee is not reimbursed under any circumstance. Payment is paid to the sender unless the sender waives the right to payment, in writing, in favor of the addressee.

340 Return Receipt

341 **Description**

PS Form 2865, *Return Receipt for International Mail (Avis de Reception)*, is a pink card that is attached to a registered item or a Priority Mail International item at the time of mailing and that is removed and signed at the point of delivery and returned to the sender. Return receipt service provides the sender with evidence of delivery. Return receipts are completed in the country of destination in accordance with its internal regulations, which may not require the addressee's signature except under special circumstances. These receipts are returned to the sender by airmail.

342 **Availability**

Return receipt service can be purchased only at the time of mailing and is available only for a registered item or a Priority Mail International item with the purchase of additional merchandise insurance. Some countries do not admit return receipts or restrict them to Registered Mail items. See Individual Country Listings.

343 Fee

See [Notice 123](#), *Price List*, for the return receipt fee. This fee must be paid in addition to postage and other applicable charges.

Note: Include the weight of the return receipt when determining the postage for mailing the item.

344 Processing Requests**344.1 Form****344.11 Sender's Responsibility**

The sender must enter the return address on the return receipt.

344.12 Accepting Clerk's Responsibility

The accepting clerk must:

- a. Record the return receipt fee on the insured or registered mailing receipt.
- b. Enter the address of the addressee on the return receipt.
- c. Attach the return receipt to the item.
- d. Affix and cancel postage equal to the sum of the return receipt fee, postage, and other applicable fees.

344.2 Marking

The accepting clerk must mark address side of item either "AVIS DE RECEPTION" or "A."

344.3 Return Receipt Improperly Completed or Not Received

If the sender does not receive a return receipt for which a fee was paid, or if the sender receives an improperly completed return receipt, an inquiry may be filed. (See [920](#) for inquiry procedures.)

350 Restricted Delivery

Restricted delivery service is no longer available — it was discontinued effective January 27, 2013. (It was limited to First-Class Mail International items, Priority Mail International Flat Rate Envelopes, and Priority Mail International Small Flat Rate Priced Boxes when used in conjunction with Registered Mail service.)

- a. The maximum purchase per day is \$1,500.
- b. Regardless of the amount of money sent, the payee must present an acceptable primary form of photo identification (see DMM 608.10.3), which must match exactly the name on the transaction, as well as a valid confirmation number that is provided to the sender at the time of purchase.
- c. For a fee and with an acceptable primary form of photo identification (see DMM 608.10.3), the sender may change the individual who is designated as the payee.

380 Supplemental Services

381 **International Reply Coupons**

381.1 **Description**

As of January 27, 2013, the U.S. Postal Service no longer sells international reply coupons. Coupons previously sold by the U.S. Postal Service may no longer be used or exchanged (see [381.2](#)). The following standards apply to international reply coupons:

- a. The sender of a letter may prepay a reply by purchasing reply coupons that are sold and exchangeable for postage stamps by participating postal administrations in member countries of the Universal Postal Union.
- b. The front of international reply coupons (in French, *Coupons-Reponse Internationaux*) is printed in French. The reverse side, which has text relating to its use, is printed in German, English, Arabic, Chinese, Spanish, and Russian.

381.2 **Previously Sold Coupons and Exchange Value**

The following standards apply to the exchange of international reply coupons:

- a. International reply coupons sold by the United States Postal Service expired on December 31, 2013, or earlier, and may not be used or exchanged. Unused U.S. coupons (that is, those with the U.S. selling price stamped on them) may no longer be exchanged.
- b. International reply coupons purchased in foreign countries must be presented at U.S. Post Office facilities for exchange before their expiration date.

- c. With the exceptions noted in [381.3d](#), international reply coupons purchased in foreign countries are exchangeable at U.S. Post Office facilities toward the purchase of postage stamps and embossed stamped envelopes at the current maximum First-Class Mail International 1-ounce, letter-size price, per coupon, irrespective of the country where they were purchased. See [Notice 123](#), *Price List*.

381.3 Processing Requests

The following standards apply when processing international reply coupons:

- a. Under Universal Postal Union's regulations, participating member countries are *not* required to place a control stamp or postmark on the international reply coupons that they sell. Therefore, some foreign issue reply coupons that are tendered for redemption may bear the name of the issuing country (generally in French) rather than the optional control stamp or postmark. Such coupons are exchangeable for U.S. postage as specified in [381.2b](#).
- b. A Post Office facility exchanging a foreign reply coupon must postmark it. Post Office facilities must not accept foreign coupons that already bear a United States Postal Service postmark.
- c. The only valid version of the international reply coupon is printed by the Universal Postal Union with shades of green as the predominant color, bears the "Préserver l'écosystème – Protéger le climat" (Preserve the Ecosystem – Protect the Climate) design (a tree whose trunk and branches are shaped like two cupped hands holding the tree's foliage and several birds, all positioned on top of a globe), measures approximately 3.75 inches by 6 inches, has a barcode on the reverse side, and bears an expiration date of December 31, 2025.
- d. Reply coupons formerly issued by the Postal Union of the Americas and Spain are no longer valid. These coupons are printed in green ink and bear the caption *Cupon Respuesta America-Espanol*. Customers possessing any of these coupons should return them to their correspondents in the country of issue for redemption through the selling post office.
- e. Postmasters must process exchanged foreign international reply coupons as prescribed in Handbook F-101, *Field Accounting Procedures*, in section 11-6.6, "International Reply Coupons."
Note: Only foreign international reply coupons are eligible for redemption — all USPS-issued international reply coupons expired December 31, 2013, or earlier.

382 International Business Reply Service

382.1 Description

International Business Reply Service (IBRS) (in French, "Correspondance Commerciale-Réponse Internationale," abbreviated "CCRI") is similar to domestic business reply mail service. It allows envelopes and cards to be distributed to and deposited in certain foreign countries for return to the addressee in the United States without prepayment of postage. Postage and service fees are collected from the U.S. addressee at delivery. Extra services cannot be used with IBRS.

382.2 **Availability**

IBRS is available to every country and territorial possession in the world that is a destination point for U.S.-originating international mail. To be admissible in the international mails IBRS envelopes and cards must conform to the size, weight, and format requirements that are specified in [382.5](#) and [382.6](#) respectively. Qualifying mailpieces receive airmail treatment upon being returned by the foreign postal administrations to United States addressees. See [382.4](#) for the IBRS price that applies to each envelope or card that is returned to the holder of a business reply mail (BRM) permit.

Note: Domestic business reply items are not mailable outside the United States. If deposited in a foreign postal system they will be treated in accordance with that country's internal postal regulations and may not be returned to the U.S. addressee.

382.3 **Who May Distribute IBRS Mail**

In order to initiate IBRS mail the U.S. sender must be a business reply mail (BRM) permit holder who has paid the prescribed accounting fee to participate in the Qualified Business Reply Mail (QBRM) program (see DMM 505). Prior to producing IBRS mail the mailers must advise in writing the postmaster of the Post Office facility where their permit is held that they intend to distribute IBRS mail. IBRS mail must meet all specifications of QBRM including using unique ZIP+4 codes identification of the price category and using the corresponding barcode. The postmaster must assign the unique ZIP+4 codes as part of the application process. Participating mailers are encouraged to submit preproduction samples for approval. The postmaster responsible will issue a letter of authorization to the mailer.

382.4 **Postage and Fees**

See [Notice 123](#), *Price List*, for the applicable price that applies to each card, or each envelope (up to a 2-ounce maximum).

Note: The price for each returned IBRS envelope and card includes postage and the applicable per piece fee that is applied to QBRM domestic business reply service. It is not necessary for the sender to obtain a separate international business reply permit to have IBRS items processed through their advance deposit account.

382.5 **Size and Weight Requirements**

382.51 **Cards**

The following size and weight requirements apply to cards:

- a. Minimum size: 3-1/2 by 5-1/2 inches.

382.52 Envelopes

The following size and weight requirements apply to envelopes:

- a. Minimum size: 3-1/2 by 5-1/2 inches.
- b. Maximum size: 6-1/8 by 11-1/2 inches.

4 Treatment of Outbound Mail

410 Postmarking

The mailing office must postmark international mail as prescribed in POM 443.3.

420 Unpaid and Shortpaid Mail

421 **Check for Sufficient Postage**

Carefully check the postage on all outbound mail before dispatching it from the mailing office.

422 **Unpaid Mail**

422.1 **Unpaid Mail With a Return Address**

Regardless of mail class, return to the sender each unpaid mailpiece that has a return address. Endorse the mailpiece with rubber stamp R-1300-230, *Return For...Additional Postage*.

422.2 **Unpaid Mail Without a Return Address**

Regardless of mail class, forward each unpaid mailpiece that does not have a return address to the Mail Recovery Center for proper disposition.

423 **Shortpaid Mail**

423.1 **General Procedures at the Originating Mailing Office**

When shortpaid items are returned to sender, endorse the item "Returned For...Additional Postage." Enter the amount of the deficiency.

423.2 **Disposition**

Once the class of mail has been determined, follow the appropriate procedures below for shortpaid outbound international mail.

423.21 Global Express Guaranteed (GXG) Shipments

Shortpaid Global Express Guaranteed (GXG) shipments must be endorsed "POSTAGE PAID" and forwarded without delay to the appropriate Global Express Guaranteed processing site. Except for items paid with Click-N-Ship postage, immediately notify the sender of the action taken and request payment of the deficient postage. Shortpaid Global Express Guaranteed shipments paid with Click-N-Ship will be collected automatically through this system.

Note: Global Express Guaranteed shipments must not be held for postage due payment unless the deficiency can be obtained from the sender without delaying the dispatch of the shipment.

423.22 Priority Mail Express International Shipments**423.221 Items Paid With Permit Imprint, USPS-Produced PVI Label, or USPSCA**

Regardless of the amount of deficiency, consider as paid in full each shortpaid Priority Mail Express International item that is paid with a permit imprint, a USPS-produced postage validation imprinter (PVI) label, or USPS Corporate Account (USPSCA), and dispatch it to the appropriate international service center (ISC).

423.222 Items Paid With Any Other Postage Payment Method

The disposition of a shortpaid Priority Mail Express International item paid with a postage payment method other than a permit imprint, USPS-produced PVI label, or USPSCA is based on the amount of the deficiency, as follows:

- a. Shortpaid \$3.50 or less: Consider the item paid and dispatch it to the country of destination.
- b. Shortpaid more than \$3.50: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.
 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

423.23 Priority Mail International Items**423.231 Items Paid With a Permit Imprint or USPS-Produced PVI Label**

Regardless of the amount of deficiency, consider as paid in full each shortpaid Priority Mail International item that is paid with a permit imprint or USPS-produced postage validation imprinter (PVI) label, and dispatch it to the appropriate international service center (ISC).

423.232 Items Paid With Any Other Postage Payment Method

The disposition of a shortpaid Priority Mail International item paid with a postage payment method other than a permit imprint or USPS-produced PVI label is based on the amount of the deficiency, as follows:

- a. Shortpaid \$3.50 or less: Consider the item paid and dispatch it to the country of destination.

- b. Shortpaid more than \$3.50: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.
 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

423.24 **First-Class Mail International Items (including Postcards), First-Class Package International Service Items, and Airmail M-bags**

423.241 **Items Paid With a Permit Imprint or USPS-Produced PVI Label**

Regardless of the amount of deficiency, consider as paid in full each shortpaid First-Class Mail International item (including a postcard), First-Class Package International Service item, and Airmail M-bag that is paid with a permit imprint or USPS-produced postage validation imprinter (PVI) label, and dispatch it to the appropriate international service center (ISC).

423.242 **Items Paid With Any Other Postage Payment Method**

The disposition of a shortpaid First-Class Mail International item (including a postcard), First-Class Package International Service item, and Airmail M-bag that is paid with a postage payment method other than a permit imprint or USPS-produced PVI label is based on the amount of the deficiency, as follows:

- a. Shortpaid \$1.00 or less: Consider the item paid and dispatch it to the appropriate international service center (ISC). Endorse the item with a T-stamp in accordance with section 451.4 of Handbook T-5, *International Mail Operations*. If a T-stamp is not available, endorse the item with a *Postage Due* stamp and enter the amount of the deficiency on the mailpiece.
- b. Shortpaid more than \$1.00: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.
 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

423.3 **Credit for Postage Paid**

When computing the postage due on items that are returned to sender for insufficient postage, allow a credit for the postage already paid.

423.4 Parcels at Other Than Mailing Offices

Originating Network Distribution Centers (NDCs) must check for shortpaid parcels addressed to Canada and Mexico. Sectional centers and other intermediate offices, however, should not attempt to verify postage payment on parcels.

430 Improperly Prepared Mail

431 Insufficient Address

If an item is improperly addressed, but the country of destination is legibly written, dispatch it to the exchange office. The exchange office will determine whether the address is sufficient.

Note: Due to heightened security, many foreign postal administrations require complete sender and addressee information in roman letters and arabic numerals on postal items.

432 Oversized or Undersized Items

Post Office facilities must return to the sender any item that is more than the prescribed maximum size or is less than the prescribed minimum size. If the sender is not known, the item must be dispatched to the Mail Recovery Center.

433 Oversized Cards

Return oversized cards (those exceeding 9-1/4 x 4-3/4) to the sender. If the sender is unknown, dispatch cards to the exchange office.

434 Reply-Paid Cards

- a. Reply-paid cards, except International Business Reply items, are not accepted as international mail.
- b. Any outbound reply-paid cards bearing foreign postage (foreign reply-paid cards) must be returned to the sender for proper U.S. postage to be affixed. If there is no return address, send cards to the Mail Recovery Center.

435 Detached Customs Declaration Forms

When a detached customs declaration form is found, attempt to locate the related package and attach the form to it. If the package cannot be located, dispose of the customs declaration form as waste.

440 Mailpiece Refused by an Air Carrier

441 **Item Containing Nonmailable, Hazardous, or Perishable Material**

When an air carrier refuses a mailpiece containing nonmailable, hazardous, or perishable material, Postal Service employees will follow the standards in section 727.2 or 742.3 of Publication 52, *Hazardous, Restricted, and Perishable Mail*. In such an instance, the customer may be eligible for refund of postage consistent with IMM [941](#), IMM [942](#), and DMM 604.9.

442 **Mailable Item**

For all mail classes with the exception of Global Express Guaranteed service, when an air carrier refuses a properly prepared and labeled mailable international mailpiece, the Postal Service will attempt to find a suitable alternative air carrier. However, if it cannot identify another air carrier, the Postal Service will file an incident report and will return the item to the sender using Label 180, *Air Carrier Rejected Mail*. In such an instance, the customer may apply for refund of postage consistent with IMM [941](#), IMM [942](#), and DMM 604.9.

Note: For a refused mailable item, the mailer may have the option to send the item using Global Express Guaranteed (GXG) service, which uses a unique transportation network. The item must be otherwise mailable using GXG service (see [210](#)), GXG service must be available to the destination country (see [213.5](#)), and the mailer must enter the item through a Post Office facility that accepts GXG items (see [215.1](#)). In addition, the mailer must apply a new shipping label (see [214.1](#)) with new postage (based on the item's weight and the destination country's GXG price group), and must obliterate any markings or labels (e.g., Label 180) indicating the item was previously returned.

450 Extra Services Mail — Registered Mail

451 **Recording and Dispatching**

Record and dispatch outbound (international) Registered Mail items in the manner prescribed for domestic Registered Mail items.

452 **Registered Mail Found With Ordinary Mail**

452.1 **Disposition**

Return to the registered mailstream any item found in the ordinary mail that has been accepted as registered by the Postal Service.

452.2 Complete the Registration Process

Enter for Registered Mail service any item on which the sender has fully prepaid the postage and the registry fee and that has been endorsed to show that registry is desired. Send a mailing receipt (see [334.1](#)) to the sender, including a reminder to the sender that mail to be registered must be presented at the Post Office facility for that purpose.

452.3 Shortpaid Mail

If the item has not been fully prepaid, return it to the sender after indicating that it is shortpaid and must be presented for registry at a Post Office facility. If the shortpaid registered item bears no return address, cross out the sender's registry endorsement and dispatch as ordinary mail.

5 Nonpostal Export Regulations

510 Office of Foreign Assets Control (OFAC) Regulations – U.S. Department of the Treasury

511 **General**

The Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury administers and enforces economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign countries and regimes, terrorists, narcotics traffickers, those engaged in activities related to the proliferation of weapons of mass destruction, and other threats to the national security, foreign policy, or economy of the United States.

512 **Prohibited Destinations, Specially Designated Nationals, and Blocked Persons**

512.1 **Restricted Destinations**

Mailers may not send items to or receive items from the following countries or regions unless authorized by OFAC:

- a. Cuba.
- b. Iran.
- c. North Korea.
- d. The Crimea, Donetsk, and Luhansk regions of Ukraine, and any other regions of Ukraine designated by the Secretary of the Treasury as “covered regions” under Executive Order 14065.

Note: The Department of Commerce’s Bureau of Industry and Security (BIS) also regulates exports to these countries and regions (see [530](#)). A given mailing might require separate authorization from both BIS and OFAC. For more information, see Publication 699, Special Requirements for Shipping Internationally.

512.2 **Blocked Persons**

Mailers may not send items to or on behalf of, or receive items from, certain individuals and entities designated by OFAC as blocked persons, except as authorized by OFAC. OFAC maintains multiple lists of blocked persons, and the lists are available online via [treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx](https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx). Mailers are responsible for consulting such lists in conjunction with any and all relevant OFAC regulations, because some entities (e.g., certain governmental entities) might be blocked under OFAC’s

regulations but not specifically listed, and certain listed entities might be subject to restrictions that do not affect exports or imports of physical items. Mailers are responsible for consulting and ensuring their compliance with OFAC's regulations and directives.

Note: The Department of Commerce's Bureau of Industry and Security (BIS) also regulates exports to, from, or on behalf of certain individuals and entities, including many that are also subject to OFAC restrictions (see 530). A given mailing might require separate authorization from both BIS and OFAC. For more information, see Publication 699.

513 **Additional Standards**

In addition to the restrictions in 512, mailers may not send items to an entity if a blocked person owns 50 percent or more of that entity.

514 **Exceptions**

Many OFAC sanctions programs have exemptions that cover the mailing of items such as certain humanitarian donations, personal communications containing nothing of value, or informational materials like books, newspapers, and CDs. In addition, under each sanctions program, OFAC has established "general licenses" that authorize shipments under certain conditions. If no exemption or general license applies, a mailing may be allowed if the mailer applies for and obtains a "specific license" from OFAC. The exemptions and general licenses are specific to each sanctions program, and mailers are advised to review the OFAC regulations applicable to the relevant sanctions program.

515 **Mailer Compliance**

Mailers are required to comply with these regulations. Mailers may be subject to civil and criminal penalties for failing to comply with any part of OFAC's regulations.

516 **Additional Information**

The Postal Service provides additional information about OFAC sanctions and other international shipping requirements in Publication 699. For in-depth information, including an explanation of each OFAC sanctions program, licenses, and exemptions, see OFAC's Web site at [treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx](https://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx), or contact OFAC at 202-622-2000.

520 Foreign Trade Regulations — U.S. Census Bureau

521 **General**

Subchapter 520 describes the various U.S. Department of Commerce, U.S. Bureau of the Census requirements when shipping goods internationally. In certain circumstances, customers are responsible for entering information on the hard copy PS Form 2976-R or on an electronically generated PS Form 2976, 2976-A, or 2976-B. Customers may

be subject to civil and criminal penalties if they fail to electronically file their export information when required or if they fail to comply with the Foreign Trade Regulations in any other way.

522 **Additional Assistance**

Customers needing further assistance with filing requirements should contact the U.S. Census Bureau on its toll-free hotline at 800-549-0595:

- a. Option 1 – Automated Export System Assistance.
- b. Option 2 – Commodity Classification Assistance.
- c. Option 3 – Regulatory Assistance.

523 **Mailpieces Sent to APOs, FPOs, and DPOs**

Goods mailed to APO/FPO/DPO addresses are subject to the Foreign Trade Regulations. However, mailers are exempt from filing electronic export information, unless mandatory filing is required by 15 CFR 30.2(a)(1)(iv). See [524.21d](#) and [524.21e](#) for additional information regarding mandatory filing requirements.

524 **Internal Transaction Number (ITN)**

524.1 **General**

U.S. Census Bureau regulations require electronic filing of export information through the Automated Export System (AES) or Automated Commercial Environment (ACE) AESDirect system for certain outbound international shipments of goods. Before mailing, a customer subject to this filing requirement is responsible for presenting an Internal Transaction Number (ITN) or AES Downtime Citation (see [525](#)) as evidence of compliance.

An ITN is the number assigned to a shipment confirming that the AES accepted the Electronic Export Information (EEI) and has it on file. Every AES shipment must have a unique ITN. For the purposes of AES filing, a shipment is all goods (regardless of the number of packages) tendered to the United States Postal Service on the same day from one U.S. Principal Party in Interest (USPPI) to one addressee. As noted in 15 CFR 30.1(c), the Foreign Trade Regulations define the USPPI as “the person or legal entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction.”

524.2 **Filing Requirements**

524.21 **Mandatory Filing**

Electronic filing of export information is required when any of the following applies:

- a. The value of any type of goods is over \$2,500, unless an AES Exemption applies (see [526](#)). For this purpose, value is measured according to all goods within the same Schedule B number or Harmonized Tariff Schedule number that is mailed from the same sender to the same recipient on the same day. (Schedule B is available at census.gov/foreign-trade/schedules/b/index.html). The Harmonized

Tariff Schedule is available at [hts.usitc.gov](https://www.usitc.gov).) The following three examples illustrate the value criterion:

- (1) **Example 1:** An insured Priority Mail International package contains one mechanical watch (Schedule B item number 9101.11.0000) valued at \$2,400, and one electronic watch (Schedule B item number 9101.91.0000) valued at \$2,400. The total value of goods to be mailed is \$4,800, but because the mechanical watch and electronic watch are in different Schedule B groups, no group of items within the same Schedule B number is valued at more than \$2,500. Consequently, electronic filing and an ITN *is not required*. Rather, AES Exemption “NOEEI 30.37(a)” applies, assuming that none of the separate requirements in [524.21b-f](#) apply.
 - (2) **Example 2:** An insured Priority Mail International package contains two mechanical watches (Schedule B item number 9101.11.0000), each of which is valued at \$1,300, for a total value of \$2,600. These two items are in the same Schedule B number, and the value of all items within the same Schedule B number is more than \$2,500. Consequently, electronic filing and an ITN *is required* (unless an exemption applies).
 - (3) **Example 3:** Person A sends two insured Priority Mail International packages to Person B on the same day. The first package contains one mechanical watch valued at \$1,300, and the second package contains an identical watch, also valued at \$1,300. The total value of goods within the same Schedule B number is \$2,600, which is more than \$2,500. Consequently, electronic filing and an ITN *is required* (unless an exemption applies).
- b. The shipment is destined to Iran or Syria and does not qualify for the “foreign libraries” exemption described in [526.2e](#) (for example, the shipment contains goods other than exempt items, or the shipment contains exempt items but is not being sent to a library or similar institution).
 - c. The shipment contains goods, is destined to Cuba or North Korea, and does not qualify for the exemption for shipments to foreign libraries (see [526.2e](#)) or the exemption for gift parcels and humanitarian donations as defined by 15 CFR § 740.12.
 - d. The item requires an export license under U.S. law. (See [510](#), [530](#), [540](#), [560](#), and [590](#) for additional information.)
 - e. The item is authorized by an exemption under the International Traffic in Arms Regulations, 22 CFR Parts 123-126. (See [540](#) for additional information.)
 - f. The shipment involves a party designated on the BIS Unverified List, which is available at [bis.doc.gov/index.php/policy-guidance/lists-of-parties-of-concern/unverified-list](https://www.bis.doc.gov/index.php/policy-guidance/lists-of-parties-of-concern/unverified-list).

Note: The countries in [524.21b](#) and [c](#) are those identified in Country Groups E:1 and E:2 in the Export Administration Regulations, 15 CFR Part 740, Supplement No. 1.

524.22 **How to File EEI**524.221 **Preliminary Steps for First-time Filers**

ACE AESDirect requires each mailer to have an employer identification number (EIN) and an ACE Exporter Account. Therefore, a first-time filer must complete the following steps:

1. Obtain an EIN from the Internal Revenue Service (IRS) at <https://sa.www4.irs.gov/modiein/individual/index.jsp>.

Note: A mailer does not have to be an employer to apply for an EIN.

2. Set up an ACE Exporter Account on the Customs and Border Protection Web site at cbp.gov/trade/automated/getting-started/portal-applying. Under “Applying for an Account,” in Step 3, select the option for “Exporters: Apply here” to complete and submit the online form.

Note: For account verification purposes, the “Shared Secret Value” is the “User ID.”

524.222 **Filing EEI**

A customer who has obtained an EIN and has established an ACE Exporter Account must complete the following steps:

1. Log into the customer’s existing ACE Exporter Account at ace.cbp.dhs.gov.
2. Use the following information when completing the EEI fields:
 - a. The “Port of Export” code for shipping through the Postal Service is “8000.”
 - b. The “Mode of Transport” is “Mail.”
 - c. Leave the carrier as “SCAC/IATA,” and leave the conveyance name fields blank.
3. Complete the remaining data fields and file EEI. For more information about filing EEI, refer to the ACE AESDirect User Guide at census.gov/foreign-trade/aes/aesdirect/AESDirect-User-Guide.pdf.

After the customer files the EEI, the AES will send a response message indicating the status of the shipment by e-mail or through the ACE Shipment Manager. A successful filing will receive an ITN as confirmation that the AES has accepted the EEI. A rejected filing will receive a rejection statement.

When completing the customs form(s), the mailer must include the ITN as described in [527](#). The ITN is unique for every AES shipment and is applicable for multiple packages sent from one USPPI to one addressee when the mailer tenders the packages to the United States Postal Service on the same day (see [524.1](#)).

Note: If the AES is not functioning, call the U.S. Census Bureau’s toll-free information hotline at 800-549-0595, option 1. For more information on electronic filing, use option 3.

525 **AES Downtime Citation**

If electronic export information filing is required but the U.S. Census Bureau's Automated Export System or *AESDirect* is unavailable, the mailer may ship the goods but is responsible for providing the appropriate AES Downtime Citation instead of an ITN. This citation includes the word "AESDOWN," the mailer's AES filer identification number, and the date: for example, "AESDOWN 123456789 09/30/2009."

526 **AES Exemption**

526.1 **General**

In many circumstances, electronic export information filing and an ITN may not be required when mailing goods internationally. In these circumstances, customers are directed to apply an applicable AES Exemption on the customs declaration form upon mailing. The following conditions apply:

- a. A mailer may enter one AES Exemption per addressed mailpiece. When multiple exemptions may apply, the mailer may select any one that applies.
- b. A mailer cannot apply an AES Exemption to shipments that fall within [524.21b-f](#).

526.2 **When Applicable**

Customers with shipments not meeting the mandatory filing requirements under [524.21b-f](#) may apply an AES Exemption such as the following on each customs declaration form:

- a. "NOEEI 30.36" for shipments to Canada.
- b. "NOEEI 30.37(a)" for shipments when the value of each class of goods is \$2,500 or less.
- c. "NOEEI 30.37(h)" or "NOEEI 30.37(y)" or shipments of gift parcels and humanitarian donations that are eligible to be sent to Cuba, North Korea, or the Crimea, Donetsk, or Luhansk regions of Ukraine (or any other regions of Ukraine designated by the Secretary of the Treasury as "covered regions" under Executive Order 14065). In addition, the mailer must endorse the item with the marking "GIFT — Export License Not Required" on the address side of the package. The mailer must also write "GFT" in the same block as the AES Exemption on the applicable required customs declaration, as described in [527](#). The mailer must complete all other blocks of the customs declaration form, including the "Detailed description of contents."

Note: Certain shipments of gift parcels and humanitarian donations to the destinations in item c might require a license from OFAC and/or the BIS (see [510](#) and [530](#)). If a license is required, then a filing is also required and the AES Exemptions in item c do not apply (see [524.21d](#)).

- d. "NOEEI 30.37(w)" for shipments to APO, FPO, or DPO addresses.

- e. “NOEEI 30.37(y)” for shipments of published books, software, maps, charts, pamphlets, or any other similar media available for general distribution that are eligible to be sent to a library or similar institution in Cuba, Iran, North Korea, or Syria.

Note: “NOEEI 30.37(y)” does not apply to shipments of informational materials that are eligible to be sent to the Crimea, Donetsk, or Luhansk regions of Ukraine (or any other regions of Ukraine designated by the Secretary of the Treasury as a “covered region” under Executive Order 14065). For such shipments, filing might or might not be required, depending on requirements in [524.21a](#), [524.21d-f](#), and [526.2b](#).

Note: For more information and a complete listing of these and other AES Exemptions, see Subpart D of the Foreign Trade Regulations, 15 CFR Part 30.

527 Placement of ITN, AES Downtime Citation, or AES Exemption

When a shipment requires an ITN, AES Downtime Citation, or AES Exemption, it is the customer’s responsibility to legibly write or enter the ITN, AES Downtime Citation, or AES Exemption on the applicable customs declaration form as follows:

- a. On PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*, the customer must write one ITN or AES Downtime Citation in block 13, or note the applicable AES Exemption in block 14.
- b. When entering data into an online application to electronically generate a customs form, the customer must enter one ITN, AES Downtime Citation, or applicable AES Exemption in the AES/ITN/Exemption field.
- c. On PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration*, if the customer is sending items to Cuba, Iran, North Korea, or Syria under the “foreign libraries” exemption described in [526.2e](#), the customer must enter “NOEEI § 30.37(y).”
- d. On editions of the Global Express Guaranteed Air Waybill/Shipping Invoice (shipping label, Item 11FGG1) printed before August 2008, the customer must write “NOEEI 30.37(a)” next to the sender’s signature. Current versions of Item 11FGG1 have this AES Exemption included on the mailing label.

Note: These standards also apply to mailers who produce privately printed customs forms under [123.3](#).

530 Commodities and Technical Data

531 **Scope and Applicability of Export Licensing Requirements**

531.1 **U.S. Department of Commerce – Bureau of Industry and Security; Export Controls**

The Department of Commerce’s Bureau of Industry and Security (BIS) regulates the export of commodities, software, and technologies in certain circumstances, pursuant to the Commerce Department’s Export Administration Regulations (EAR) (15 CFR Parts 730–774). Among other things, BIS requires exporters to apply for and receive a license before sending certain commodities, software, or technology out of the country. The EAR can be found online at bis.doc.gov/index.php/regulations/export-administration-regulations-ear.

Other U.S. government agencies have export control responsibilities for regulating more specialized exports. For example, military goods might be subject to the licensing jurisdiction of the Directorate of Defense Trade Controls at the Department of State. The Department of the Treasury’s Office of Foreign Assets Control (OFAC) administers and enforces economic and trade sanctions against targeted foreign countries, terrorism-sponsoring organizations, international narcotics traffickers, and other blocked entities. The BIS Web site identifies resource links for various U.S. government agencies with export control responsibilities. Customers may obtain a listing of these links at bis.doc.gov/index.php/about-bis/resource-links.

For additional information about these requirements, see Publication 699.

531.2 **Export Enforcement**

BIS implements and enforces the EAR. Many items regulated by the EAR are referred to as “dual-use” items, meaning that the items have both commercial and military or proliferation applications. However, many purely commercial items also are subject to the EAR. BIS’s mission is to advance U.S. national security, foreign policy, and economic objectives by ensuring an effective export control and treaty compliance system and by promoting continued U.S. strategic technology leadership. Senders must understand and comply with BIS’s regulations when exporting commodities, software, or technology by mail. Postal Service employees will not advise prospective mailers of the type of license required for or the type of authorization available for the export of any item to any destination or recipient. However, if an export control violation has occurred or might occur, or for more information, contact the following source:

BUREAU OF INDUSTRY AND SECURITY
US DEPARTMENT OF COMMERCE
1401 CONSTITUTION AVE NW
WASHINGTON DC 20230-0002

In addition, OEE has field offices located throughout the United States. Information about these field offices is available at bis.doc.gov/index.php/enforcement/oe/investigations.

532 Export Licenses

532.1 General

BIS might require an export license based on several factors specific to a mailer's transaction: the nature and use of the item (commodity, software, or technology) being exported, its destination, the consignee, and the end user. Exports to certain countries are more heavily restricted than others. For example, most exports to the following countries and regions require authorization from BIS:

- a. Cuba.
- b. Iran.
- c. North Korea.
- d. Syria.
- e. The Crimea, Donetsk, and Luhansk regions of Ukraine (and any other regions of Ukraine designated by the Secretary of the Treasury as "covered regions" under Executive Order 14065).

In addition, exports to and from certain individuals and entities designated by BIS might require an export license, regardless of the provisions that would otherwise apply to the export.

Note: These BIS controls might overlap with separate license requirements by OFAC, the Directorate of Defense Trade Controls, and other government agencies, particularly with respect to comprehensively embargoed countries or blocked persons. For additional information on requirements for shipping to these countries and regions, see [510](#), [540](#), and Publication 699.

532.2 Export – Definition

Any item that is sent from the United States to a foreign destination is an export. "Items" include commodities, software, and technology. For example, clothing, building materials, circuit boards, automotive parts, blueprints, design plans, retail software packages, and technical information are "items" that may be subject to export control.

In determining export license requirements, it does not matter how an item is transported outside the United States. For example, an item can be sent by regular mail or hand-carried on an airplane; a set of schematics can be sent via facsimile to a foreign destination, software can be uploaded to or downloaded from an Internet site, or technology can be transmitted via e-mail or during a telephone conversation. Regardless of the method used for the transfer, the transaction is considered an "export" for export control purposes. An item is also considered an export even if it is leaving the United States only temporarily, if it is leaving the United States but is not for sale (e.g., a gift), or if it is being mailed to a wholly-owned U.S. subsidiary in a foreign country. Finally, under the EAR, release of technology or source code subject to the EAR to a foreign national in the United States is "deemed" to be an export to the home country of the foreign national.

532.3 **How to Determine If an Export License Is Needed**

A relatively small percentage of U.S. exports require an export license from BIS. License requirements are dependent upon an item's technical characteristics, destination, recipients, and end use. The value of the shipment does not affect the export license requirements. It is the mailer's responsibility to determine if an export requires a license under the EAR. For further assistance about whether an export license might be required, visit export.gov/article?id=Regulation or bis.doc.gov/index.php/licensing, or call 202-482-4811.

532.4 **Additional Information**

533 **Luxury Goods to Belarus and Russia**

In alignment with U.S. government sanctions and the Bureau of Industry and Security, "luxury goods" destined to Belarus and Russia require a license and an Internal Transaction Number (ITN) (see IMM 524 for additional information). For purposes of the new license requirements, a "luxury good" refers to any item that is identified under new §746.10(a)(1) of the Export Administration Regulations (EAR). See Exhibit 533 for a list of luxury goods destined to Belarus and Russia that require a license and an ITN. No exemptions are allowed.

Notes: The items in Exhibit 533 reflect the BIS license requirements as of February 27, 2023. For the latest requirements, the mailer is responsible for consulting the current, authoritative provisions in the applicable BIS rules, which are available at <https://www.bis.doc.gov/index.php/regulations/export-administration-regulations-ear> (click on the link for “Part 746”). For up-to-date BIS license requirements, see the BIS guide “Resources on Export Controls Implemented in Response to Russia’s Invasion of Ukraine” at <https://www.bis.doc.gov/index.php/policy-guidance/country-guidance/russia-belarus>. Also, the items in Exhibit 533 do not imply mailability — other rules or regulations may render any item non-mailable. For prohibited and restricted items, see the Individual Country Listings for Belarus and Russia, as well as Publication 52, *Hazardous, Restricted, and Perishable Mail*.

534 **Schedule B Number Requirement for Belarus and Russia**

In alignment with U.S. government sanctions and the Bureau of Industry and Security (BIS) of the United States Department of Commerce, the 10-digit Schedule B number must appear in the HS Tariff Number block on the customs declaration form for each item containing goods mailed to Belarus or Russia, along with a detailed description of the goods. Also, a mailer using an electronic customs form must transmit the Schedule B number electronically.

This rule reflects the addition to 15 CFR, Section 746.5(a)(1)(ii) of the “Russian Industry Sector Sanctions List” (and the expansion of those requirements to Belarus), which identifies certain Schedule B numbers corresponding to categories of exported goods (as well as certain modified or designed components, parts, accessories, and attachments of such goods) for which BIS requires a license. For the latest requirements, the mailer is responsible for consulting the current, authoritative provisions in the applicable BIS rules, including those that might be available at <https://www.bis.doc.gov/index.php/regulations/export-administration-regulations-ear> (click on the link for “Part 746”) as updated periodically. For further guidance on BIS license requirements, see the BIS guide “Resources on Export Controls Implemented in Response to Russia’s Invasion of Ukraine” at <https://www.bis.doc.gov/index.php/policy-guidance/country-guidance/russia-belarus>. An item’s inclusion in or exclusion from the Russian Industry Sector Sanctions List does not necessarily imply mailability, because other rules or regulations might also render any item nonmailable. For certain other prohibited and restricted items, see the Individual Country Listings for Belarus and Russia, as well as Publication 52, *Hazardous, Restricted, and Perishable Mail*.

Note: A Schedule B number is a 10-digit code used in the United States to classify physical goods for export to another country. There is a Schedule B number for every physical product. Based on the international Harmonized System (HS) of 6-digit commodity classification codes (which serve as the foundation for the import and export classification systems used in the United States), Schedule B numbers are administered by the U.S. Census Bureau of the United States Department of Commerce. Further information on Schedule B

numbers is available at <https://www.trade.gov/harmonized-system-hs-codes>. Schedule B numbers are available via the U.S. Census Bureau's Schedule B search engine at <https://uscensus.prod.3ceonline.com> or via any similar successor source.

535 **Additional Standards**

535.1 **Shipper's Electronic Export Information Filing Required**

If an export requires a license, the customer must electronically file export information with the U.S. Bureau of the Census before mailing (see [520](#)).

535.2 **Mailer and USPS Responsibilities for Completing and Processing Forms**

535.21 **Mailer Responsibilities**

For items requiring an export license, the mailer must include all appropriate information on the submitted form, including the following:

- a. On PS Form 2976-R, the mailer must include an ITN or AES Downtime Citation (see [520](#)) in block 13 and a license number in block 15.
- b. When entering data into an online application to electronically generate a customs form, the mailer must include an ITN or applicable AES Exemption (see [520](#)) in the AES/ITN/Exemption field and a license number in the Invoice/License/Certificate Number(s) field.

535.22 **USPS Responsibilities**

Postal Service personnel must verify that the submitted form is complete and in accordance with [535.21](#).

536 **Mailer Compliance**

Mailers are responsible for their compliance with all applicable export laws and regulations. Mailers may be subject to civil and criminal penalties for failing to comply with any part of the EAR.

537 **Harmonized System Codes and Other Classification Codes**

537.1 **Definition**

The Harmonized System (HS) codes provide a standardized numerical method of classifying physical goods. Among industry classification systems, HS codes are commonly used by customs authorities around the world to identify products when assessing duties and taxes and for gathering statistical information. When necessary, for each good contained in the mailed item, the applicable HS code must appear in the HS Tariff Number block on the customs declaration form.

537.2 **Code Assignments**

537.21 **World Customs Organization Harmonized System**

The World Customs Organization (WCO) administers the list of unique 6-digit HS codes for goods and provides updates every 5 years. HS codes serve as the foundation for the import and export classification systems for more than 200 countries worldwide, including the United States.

Each country is allowed to use additional unique digits following the 6-digit HS code for further classification — for example, the United States uses 10-digit codes for Harmonized Tariff Schedule (HTS) codes and Schedule B numbers.

Note: The last four digits of a U.S. 10-digit code do not necessarily match the last four digits for any other country.

537.22 **U.S. Census Bureau Schedule B Number**

The U.S. Census Bureau of the Commerce Department administers the list of Schedule B numbers. Schedule B numbers are 10-digit codes used to classify goods that will be exported from the United States. The first six digits of the Schedule B number match the WCO 6-digit HS code, whereas the last four digits are unique to the United States and do not necessarily match the last four digits of any other country's 10-digit code.

537.23 **U.S. International Trade Commission Harmonized Tariff Schedule of the United States**

The U.S. International Trade Commission maintains and administers the list of HTS codes; however, U.S. Customs and Border Protection (CBP) has responsibilities for interpreting and enforcement. HTS codes are 10-digit codes used to classify goods and to determine import duty rates for items that will be imported into the United States. The first six digits of the HTS code match the WCO 6-digit HS code, whereas the last four digits are unique to the United States and do not necessarily match the last four digits of any other country's 10-digit code.

537.3 **Obtaining a Harmonized System Code**

Some customs authorities around the world require a mailer to include the HS code on the customs declaration form. See the Individual Country Listings. A mailer may choose from a variety of software tools to facilitate the classification process, but at all times, the mailer remains responsible for the accuracy and completeness of all customs information related to the mail, including information for classification of goods in the postal items.

537.31 **Code Search Tools**

A variety of tools are available to mailers, including the following examples (which are subject to change):

- a. The Census Bureau offers a free, widely used online Schedule B search tool for classification of physical goods. Additional information on obtaining a Schedule B number is available at <https://uscensus.prod.3ceonline.com>.
- b. The International Trade Commission offers a free online HTS search tool for classification of physical goods. Additional information on obtaining an HTS code is available at <https://hts.usitc.gov/search>.
- c. The Customs Rulings Online Search System (CROSS) contains many of the CBP's official, legally binding rulings from other importers' and exporters' requests concerning HTS codes and Schedule B numbers. Mailers may use this database to determine whether other importers or

exporters requested a ruling on the same or a similar product and, if so, what that ruling was. Additional information is available at <https://rulings.cbp.gov/home>.

537.32 **U.S. Schedule B and HTS Lists**

Mailers may browse through the contents of the online Schedule B book at <https://www.census.gov/foreign-trade/schedules/b/index.html>.

Mailers may browse through the contents of the online Harmonized Tariff System of the United States (HTSUS) at https://www.usitc.gov/harmonized_tariff_information.

537.4 **Mailer Responsibility for HS Code Classification**

A mailer may elect to use any USPS classification software or other tools to determine HS codes, or may choose to use other software or other means to determine correct HS codes. Regardless of the method used, the mailer remains solely responsible for the accuracy and completeness of all customs information related to the mail, including the accuracy of HS codes that correspond to the detailed descriptions of goods. The Postal Service is not liable for any of the following:

- a. Any incorrect or insufficient HS, HTS, or Schedule B classification.
- b. Any other incorrect or incomplete information for customs declarations in whatever form such information is made.
- c. Any decision taken by any domestic or foreign customs authority.

540 **Munitions (Defense Articles) and Related Technical Data**

541 **Licensing Requirements**

541.1 **Individual Licenses**

541.11 **Exporting Defense Articles**

The exportation of defense articles requires a license or license exemption authorized by the U.S. Department of State, Directorate of Defense Trade Controls (DDTC). Requirements for the exportation of defense articles are contained in the International Traffic in Arms Regulations (ITAR) in 22 CFR Part 120–130. Further information, including the ITAR, is available at the DDTC Web site at pmdotc.state.gov.

See certain sections of the CFR for specific information relating to defense articles, as follows:

- a. For information concerning defense articles subject to the license requirement, see 22 CFR Part 121.
- b. For information concerning licenses for the export of defense articles, see 22 CFR Part 123.
- c. For information concerning license exemptions for the export of defense articles, see 22 CFR Part 126.

541.12 Exporting Technical Data

The exportation of “technical data” as defined in 22 CFR §120.10 requires a license issued by the Department of State, Directorate of Defense Trade Controls (DDTC). Information related to DDTC is available at its Web site at pmdrtc.state.gov.

Information concerning licenses for the export of technical data is available online in 22 CFR Part 125 of the ITAR.

Technical data that has been published or that is otherwise exempt from licensing under 22 CFR Part 125 of the ITAR does not require a Department of State license for exportation. However, the sender must mark the outside of the mailpiece, identifying the specific subsection under which the exemption is claimed (for example, “22 CFR 125.4...APPLICABLE,” if 22 CFR §125.4 is the citation for the relevant exemption).

541.2 Prohibited Countries

Neither export licenses nor license exemptions are available for items to certain prohibited countries. These countries are listed in 22 CFR § 126.1 of the ITAR. As of November 2017, these countries include the following:

- a. Belarus.
- b. Burma.
- c. China.
- d. Cuba.
- e. Iran.
- f. Korea, Democratic People’s Republic of (North Korea).
- g. Syria.
- h. Venezuela.

Note: Mailers are advised to check the current version of 22 CFR § 126.1 of the ITAR for an updated list before mailing, as the list is subject to change.

541.3 Restricted Countries

License exemptions are not available to certain restricted countries, although export licenses may be approved in certain circumstances that vary by country. These countries and the license conditions for each country are listed in 22 CFR § 126.1 of the ITAR. As of November 2021, these countries include the following:

- a. Afghanistan.
- b. Central African Republic.
- c. Congo, Democratic Republic of the.
- d. Cyprus.
- e. Eritrea.
- f. Ethiopia.
- g. Haiti.
- h. Iraq.
- i. Lebanon.

- j. Libya.
- k. Russia.
- l. Somalia.
- m. South Sudan, Republic of.
- n. Sudan.
- o. Zimbabwe.

Note: Mailers are advised to check the current version of 22 CFR § 126.1 of the ITAR for an updated list before mailing, as the list is subject to change.

541.4 **Exporting of Government Shipments**

Shipments mailed by or for any U.S. government agency do not require an individual license from the Department of State so long as all requirements of 22 CFR §126.4 can be met. The sender must mark the mailpiece with the applicable subsection of §126.4 (e.g., “22 CFR 126.4(a) APPLICABLE”).

541.5 **Obtaining Additional Information**

The sender may obtain information from the DDTC Response Team, regarding the applicability of the Department of State requirements and application for an individual license. In addition, the DDTC Response Team handles process and status questions, and it assists mailers and other exporters with more complex questions involving export control issues. The DDTC Response Team should provide substantive responses within 24 hours of receiving inquiries. The DDTC Response Team can be contacted by telephone at 202-663-1282 or by e-mail at *DDTCResponseTeam@state.gov*.

542 **Mailing Under Individual Licenses**

542.1 **Marking by Sender**

For shipments under an individual license, the sender must mark the mailpiece, “DEPARTMENT OF STATE EXPORT LICENSE NO. _____.” If only a portion of the amount authorized is mailed, the sender must enter in the area provided on the license the amount (quantity and/or value) being shipped. In addition, the sender must record the license number in block 15 of PS Form 2976-R or in the appropriate field of PS Form 2976-A or PS Form 2976-B.

542.2 **Processing at Post Office Facilities**

542.21 **Examination of List of Contents**

When a sender presents a Department of State license, compare the description of the article indicated on the license with the description of the contents shown on the customs declaration form (see [123](#)), or stated orally by the sender in the case of technical data mailed as printed matter (see [541.12](#)). If no discrepancy is noted, the contents of the package are mailable, and if the destination is not one of the prohibited countries under [541.2](#), accept the package for mailing.

542.22 Amount of Mailing Authorized by License

If the mailing comprises the entire contents authorized by the license, retrieve the license from the sender, mark the license “completed,” apply a legible postmark, and forward it to the following address:

PM/DDTC SA-1 12TH FLOOR
DIRECTORATE OF DEFENSE TRADE CONTROLS
BUREAU OF POLITICAL MILITARY AFFAIRS
US DEPARTMENT OF STATE
WASHINGTON DC 20522-0112

If a mailing includes only a portion of the contents authorized, the mailer must enter in the area provided on the license the amount (quantity and/or value) being shipped and present the item for mailing at a Post Office facility, where it will be postmarked and returned to the sender. The mailer should bring back the same license to mail the rest of the items.

543 Mailer Compliance

Mailers are responsible for their compliance with all applicable export laws and regulations. Mailers may be subject to civil and criminal penalties for failing to comply with any part of the Directorate of Defense Trade Control’s International Traffic in Arms Regulations.

550 Dried Whole Eggs

551 Description

When dried whole eggs purchased under a program of the Commodity Credit Corporation, U.S. Department of Agriculture, are offered for export by mail, an endorsement must be written or stamped on each package and a special certificate of mailing (see [552](#)) prepared and completed by the sender waiving any right to withdraw the package from the mail or to have it returned. Such mailings can be made only by Priority Mail International.

552 Charges

A charge equal to the individual Certificate of Mailing fee (see [Notice 123](#), *Price List*) will be made for each special certificate of mailing, or for each package if a single certificate covers more than one package. As prescribed in [553.21](#), postage stamps to cover the charge will be affixed to the certificate and canceled.

553 How to Mail**553.1 Preparation by Sender****553.11 Marking**

The endorsement referred to in [551](#) must be properly completed and signed by the exporter or an authorized representative over his or her title. The Priority Mail International forms accompanying applicable parcels should be completed by the sender to indicate that the parcels are to be abandoned in case of nondelivery.

553.12 **Certificate of Mailing Dried Whole Eggs**

553.121 **Type of Certificate**

A certificate as shown in [Exhibit 553.121](#), prepared and completed by the sender, must be presented with all shipments described in [551](#).

560 Export of Rough Diamonds

561 **General**

The exportation (mailing) from the United States of any rough diamond (regardless of size, source, or value) is prohibited unless the rough diamond has been controlled through the Kimberley Process Certification Scheme. The Clean Diamond Trade Act of 2003 and Executive Order 13312 commit

the U.S. government to the Kimberley Process Certification Scheme and establish the framework for how the U.S. government implements that commitment. The Rough Diamonds Control Regulations (31 CFR Part 592) set forth the legal obligations of U.S. rough diamond importers and exporters.

562 Mailing

The exportation (mailing) of rough diamonds may be sent only under the following conditions:

- a. The shipment must be sent via Priority Mail International service with insured service (see [134](#)), and such service must be available to the destination country.
- b. The shipment must bear a completed PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*.
- c. The shipment of rough diamonds must be exported to countries that are participants in the Kimberley Process Certification Scheme.
- d. The rough diamonds must be accompanied by an original Kimberley Process Certification Scheme certificate and must be sealed in a tamper-resistant container.
- e. The shipment must be accompanied by a U.S. Kimberley Process Certification Scheme certificate obtained from a U.S. Kimberley Process Certification Scheme Authority licensee and validated by the U.S. Census Bureau.
- f. The mailer must electronically file pre-departure information (regardless of the export value) through the U.S. Census Bureau's Automated Export System (AES) or *AESDirect* Web site and obtain an Internal Transaction Number (ITN). (See [520](#).)
- g. The mailer must place the ITN on the upper right corner of the Kimberley Process Certification Scheme certificate document and in the appropriate field of PS Form 2976-A.
- h. The mailer must fax copies of all Kimberley Process Certification Scheme certificates (U.S. and those received from other countries) to the U.S. Census Bureau at 800-457-7328.
- i. The mailer must retain records of all Kimberley Process Certification Scheme certificates (U.S. and foreign) for 5 years, and must file an annual report including total import and/or export activity and stockpile information with the State Department.

563 Additional Information

For additional information relating to the import or export of rough diamonds, see the contact information that is available from the Office of International Trade, Strategic Enforcement Branch at search.usa.gov/search?query=diamonds&search-button=Search&affiliate=cbpgov.

Additional information relating to the Kimberley Process Certification Scheme is available at state.gov/e/eb/diamonds/c19974.htm.

570 Consular and Commercial Invoices

Many countries require special documents to be prepared by the sender and to be either presented by the addressee or enclosed within the package. In some cases, certification by a recognized Chamber of Commerce in the United States, or legalization by a consulate in the country of destination, or both, are required. Such information as has been made available to the U.S. Postal Service concerning these requirements appears under the *Observations* in the Individual Country Listings.

580 Drawback Arrangement

581 Description

Drawback is an arrangement provided for under Customs Service regulations whereby exporters of certain merchandise are entitled to claim a refund of (a) the duty paid on imported material used wholly or in part in the manufacture or production of items to be exported, or (b) the internal revenue tax paid on domestic material used.

590 Exporting Wildlife and Protected Plants

591 **Special Requirements for Wildlife and Certain Plant Exports**

Exports of wildlife items and products may be subject to declaration, license, marking, and permit requirements enforced by the U.S. Fish and Wildlife Service (USFWS). Similar requirements also apply to plants protected as endangered or threatened under U.S. law or international treaty. Live wildlife and dead animals, with only a few exceptions, may not be exported via the U.S. Postal Service (see [138.1](#)).

592 **Declaration Requirements**

592.1 **Declaration of Wildlife Exports**

The following wildlife exports must be declared to USFWS and must receive clearance prior to export:

- a. Commercial exports of wildlife products.
- b. Shipments of items not intended for commercial use valued at \$250 or more.
- c. Noncommercial shipments of items that require a permit for export (e.g., products made from endangered species or migratory birds) regardless of the dollar value of the shipment.

To declare a wildlife export, shippers must complete and file Form 3-177, *Declaration for Importation or Exportation of Fish or Wildlife*, with USFWS. Copies are available from wildlife inspection offices (see [598](#)), from the U.S. Customs Service, or on the Internet at fws.gov/le/ImpExp/faqs.htm.

592.2 **Declaration of Scientific Specimens or Parts**

Form 3-177 is not required at the time of export for shipments of dead, preserved, dried, or embedded scientific specimens or parts when:

- a. The shipment does not require a permit from USFWS.
- b. The shipment is exported by an accredited scientist or accredited scientific institution for taxonomic or systematic research purposes.

Instead, the scientist or scientific institution (or an agent acting on their behalf) must file Form 3-177 with the assistant regional director for law enforcement in the USFWS administrative region from which the export was mailed within 180 days of export. Contact information is available on the Internet at fws.gov/le (click on *Contacts*).

592.3 **Declaration of Plant Exports**

The export of protected plants is regulated by the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). Plant Protection and Quarantine (PPQ) is a program within APHIS. Shippers should contact the PPQ division for additional information about export requirements for protected plants. Exporters who engage in the commercial trade of plants listed under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) must obtain a general permit from PPQ in addition to meeting the permit requirements described in [596](#). All plant exports are subject to phytosanitary inspection and certification rules administered by PPQ. Information about plant export requirements can be found at www.aphis.usda.gov/aphis/ourfocus/importexport.

593 **Export Licenses and Inspection Requirements for Commercial Wildlife Exports**

Individuals or companies that commercially export wildlife must have a valid import/export license from USFWS. Exporters must notify USFWS and make their shipments available for inspection at least 48 hours before the planned exportation date. Exporters must pay appropriate inspection fees.

594 **Marking Requirements for Wildlife Exports**

All packages containing wildlife products must be marked clearly with the name and address of both the shipper and the recipient. Information identifying the contents as fish or wildlife and specifying the quantity and species involved must accompany the shipment. Federal regulations (50 CFR Part 14, Subpart H) explain how to comply with wildlife marking requirements. See [597](#).

595 **Permit Requirements for Wildlife and Plant Exports**

Permits are required to export any of the following by mail or other means:

- a. Any wildlife or plant (including parts and products) where the species is listed under CITES. A list of species protected under this treaty is maintained by USFWS at international.fws.gov.
- b. Any wildlife or plant (including parts and products) where the species is listed as endangered or threatened under the U.S. Endangered Species Act. Lists of these species can be found at fws.gov/endangered.
- c. Migratory birds, parts, feathers, nests, eggs, or items made from them. Permit requirements for export and numerous other protections apply to more than 700 bird species safeguarded under the Migratory Bird Treaty Act. A list can be found on the Internet at fws.gov/birds/policies-and-regulations/laws-legislations/migratory-bird-treaty-act.php.

CITES-listed herbarium specimens; other preserved, dried, or embedded museum specimens; and live plant material may be exported as a noncommercial loan, donation, or exchange between registered scientists or registered scientific institutions using a CITES-authorized label instead of an export permit.

596 **Obtaining and Using Permits for Wildlife and Protected Plant Exports**

596.1 **Export Permits**

Shippers who need export permits or other documentation required under CITES or the Endangered Species Act should contact USFWS Office of Management Authority (800-358-2104) for the appropriate application forms and instructions. Some CITES-listed species also require permits from the importing country before they can be legally exported.

596.2 **CITES Permit**

The original CITES permit must accompany the shipment. All wildlife exports requiring a CITES permit that are shipped by mail, including personal items mailed overseas, must be declared to USFWS and made available for inspection and permit validation by USFWS wildlife inspectors. Exports of CITES-protected plants must be declared to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service; permits for these shipments must be validated by that agency before export.

596.3 **Export of Migratory Birds**

The export of migratory birds, their parts, feathers, eggs, or nests, or products made from them, is prohibited except with a permit from USFWS. Permit applications and information are available from the regional Migratory Bird Permit Offices located in Albuquerque, NM; Anchorage, AK; Atlanta, GA; Denver, CO; Fort Snelling, MN; Hadley, MA; and Portland, OR.

597 **How to Obtain Additional Information**

Additional information about exporting wildlife products and protected plants can be found in the following sections of the Code of Federal Regulations (CFR):

- a. 50 CFR Part 14, Importation, Exportation, and Transportation of Wildlife.
- b. 50 CFR Part 23, Endangered Species Convention.
- c. 50 CFR Part 24, Importation and Exportation of Plants.

These and other Federal regulations, including those governing endangered species (50 CFR Part 17) and migratory bird permits (50 CFR Part 21), may be accessed online at govinfo.gov.

Shippers may also contact USFWS wildlife inspection offices for assistance with wildlife exports. Questions about the export of protected plants should be addressed to the U.S. Department of Agriculture’s Animal and Plant Health Inspection Service. A list of Agriculture Inspection Stations and Offices appears in [723](#).

598 **Wildlife Inspection Offices**

USFWS wildlife inspection offices are located in the cities listed below. Addresses and phone numbers for these offices can be found on the Internet at fws.gov/le (click on *Contacts*).

A wholesaler may state that it has been qualified as a Postal Qualified Wholesaler of the Postal Service. Any use of the Postal Service logo or any Postal Service trademark or advertising material, including letterhead and stationery, stating that the wholesaler has been qualified by the Postal Service must be approved in advance and in writing by the manager of Postal Qualified Wholesalers.

614.3 Right of First Refusal

Postal Qualified Wholesalers must give the Postal Service the first opportunity to handle any international mail originating in the United States that it receives from its customers. 620 **Global Direct Entry Wholesaler Program**

621 **Description**

Under the Global Direct Entry (GDE) Wholesaler Program, the Postal Service establishes relationships with certain wholesalers that tender international inbound shipments and parcels to the Postal Service after the U.S. Customs and Border Protection has cleared the items. An approved GDE wholesaler must work closely with the Postal Service and, in exchange, may be able to enter into agreements with the Postal Service to have its name included in the Postal Service Web site and to obtain sales leads from the Postal Service, thereby potentially increasing its business.

An approved GDE wholesaler that uses a representative or agent must ensure that the representative or agent complies with the rules and regulations of the GDE Wholesaler Program.

Prospective GDE wholesalers must meet certain criteria and must receive approval from the Postal Service before participating in the program.

622.1 **Eligibility Criteria**

A GDE wholesaler must meet the following eligibility criteria:

622.2 **Letter of Request**

Any company desiring to be a GDE wholesaler must submit a letter of request to the following address:

The letter must affirmatively certify the following:

- a. The company meets the eligibility criteria listed in [622.1](#).
- b. The company is not disqualified from being a GDE wholesaler for any of the reasons listed in [623.1](#).

Approval of a GDE wholesaler is subject to the discretion of the Postal Service. If the Postal Service rejects a company's request to participate in the GDE Wholesaler Program, the Postal Service's International Integration Program manager will notify that company by e-mail that the request is not approved. A wholesaler who receives such notification may, within 7 days of receiving such notification, submit an appeal by e-mail to the Postal Service's director of International Sales at globaldirect@usps.com. The decision of the Postal Service's director of International Sales concerning the appeal is administratively final.

- c. Fails to comply with any of the eligibility criteria listed in [622.1](#).

Also, the Postal Service will disqualify a wholesaler, subsidiary, affiliate, agent, or company of the wholesaler as a GDE wholesaler for either of the following reasons:

- a. Being an entity that is listed in the System of Award Management (SAM) Exclusions Extract, which is available at <https://www.sam.gov/SAM/pages/public/searchRecords/search.jsf>.
- b. Being in arrears for any amount due to the Postal Service.

623.2 **Notification of Disqualification and Appeal**

If the Postal Service discovers at any time, by whatever means, that a company that has qualified as a GDE wholesaler has not complied with any of the terms and conditions in IMM [620](#), the Postal Service's International Integration Program manager will notify that company by e-mail that the company has not complied with the terms and conditions of the GDE Wholesaler Program and that the company will be stricken from the list of approved GDE wholesalers within 30 calendar days. A wholesaler who receives such notification may, within 7 days of receiving such notification, submit an appeal by e-mail to the Postal Service's director of International Sales at globaldirect@usps.com. The appeal must list the reasons why the company should not be stricken from the list of approved GDE wholesalers. 624 **List of Qualified GDE Wholesalers**

625 **Preapproved Advertising**

A GDE wholesaler may state on advertising material that it has been qualified as a GDE wholesaler of the Postal Service, but the Postal Service's International Integration Program manager must approve, in advance and in writing, the statement as it will appear on the advertising material.

- b. Letter mail known to contain or believed to contain only correspondence or documents addressed to diplomatic missions or to the officers of diplomatic missions; to international organizations designated by the president as public international organizations pursuant to the International Organizations Immunities Act; and other mail addressed to such international organizations pursuant to instructions issued by the U.S. Department of the Treasury.
- c. Mail known to contain or believed to contain only official documents addressed to officials of the U.S. government.
- d. Refer to ASM 274.94 for examination procedures to be followed for mail addressed for delivery in the Virgin Islands, American Samoa, the Northern Mariana Islands, Guam, and Puerto Rico.

711.2 Treatment of Mail Believed to Contain Dutiable or Prohibited Articles

711.21 Treatment at Exchange Offices

711.211 Submission to Customs Officers

Mail believed to contain articles liable to customs duty or prohibited articles is submitted immediately to a customs location as identified in [711.62](#), except when exchange offices are authorized to redispach such mail to designated distribution offices for customs treatment.

711.212 Tag 10

Exchange offices that redispach mail for submission to customs offices will attach Tag 10, *Supposed Liable to Customs Duty* (previously Label 81), to the label holders or hasps of sacks or pouches. Tag 10 is a reusable pink slotted tag, bearing the words *This sack contains mail supposed liable to customs duty*.

711.22 Treatment at Distribution Offices**711.221 Submission to Customs Officers**

711.4 Extraction of Samples for Advisory Information

Should a customs officer wish to obtain advisory information from a local trade expert or from the Customs Information Exchange, permit him or her to extract a sample of the contents. The customs officer will furnish the Postal Service official with two copies of Customs Form 6423, *Notice of Damage, Shortage, or Samples Retained and Notice to Call for Samples* — one for enclosure in the package and the other for the Post Office files. If the sample is to be forwarded to New York, dispatch it under official registration to the following address:

711.5 Treatment of Mail Following Customs Examination**711.51 Repacking After Customs Examination****711.511 Responsibility of Customs and Postal Service Employees**

Customs employees are responsible for repacking and resealing mail of foreign origin after customs examination. Postal Service employees accepting mail that has been in customs custody for examination must determine from external inspection whether the mail can safely bear further handling and transportation. Customs employees are responsible for restoring mail that is not in satisfactory condition.

711.512 Customs Shipments in Bad Order

Shipments found to be in bad order in transit or at the delivery office must be reconditioned by Postal Service employees. After reconditioning such mail, the employee should note, over his or her signature on the address side of the wrapper, the bad order and any evidence of damage or missing contents.

711.52 Identification of Dutiable/Nondutiable Articles

When U.S. Customs and Border Protection (CBP) determines that an inbound shipment is subject to duty payment by the addressee, the mailpiece is returned to the Postal Service bearing an orange adhesive-backed Treasury Department envelope, which contains CBP Form 3419ALT, *Mail Entry*. When U.S. Customs determines that an inbound shipment is not subject to duty payment by the addressee, the mailpiece is returned to the Postal Service with no Customs endorsement.

711.6 Handling Subsequent to Customs Inspection**711.61 Postal Service Handling Procedures**

All foreign originating mailpieces that do not bear CBP Form 3419ALT are presumed to have been “cleared through customs” without duty being assessed. Accordingly, such articles should be processed for onward dispatch, without additional delay.

Note: U.S. Customs officers are no longer placing a diamond-shaped “passed free” stamp on inbound mailpieces that are found to be *nondutiable*.

711.62 U.S. Customs Service Locations

U.S. Customs officers at the locations noted in [Exhibit 711.62](#) are authorized to perform the following tasks:

- a. Inspect foreign-originating mailpieces that arrive through each designated port of entry.
- b. Evaluate protests by addressees who are dissatisfied with the assessed value, rate, or amount of duty charged (see [713.23](#)):

712 **Customs Clearance and Delivery Fee**712.1 **Description**712.11 **Collecting Postal Service Fees**

Post Office facilities must collect a Postal Service fee from the addressee for each item on which customs duty or Internal Revenue tax is collected. The Postal Service fee is authorized by international postal agreements to reimburse the Postal Service for costs it incurs clearing items through customs and collecting customs duties at the time of delivery.

712.12 **Collecting Postal Service Fee for Each Package**

The Postal Service collects the fee on each package bearing CBP Form 3419ALT. When a single mail entry form covers several packages, the Postal Service collects the fee only on the package bearing CBP Form 3419ALT. The CBP Form 3419ALT is enclosed in an orange adhesive-backed Treasury Department envelope attached to the outside wrapper or envelope. The form indicates the tariff item number, rate of duty, and amount of duty to be collected plus a customs processing fee, which is assessed on all dutiable mail shipments.

712.13 Accounting for the Postal Service Fee

The Postal Service fee, which is retained by the U.S. Postal Service, is accounted for by using the procedures in Handbook F-101, *Field Accounting Procedures*, subchapter 7-2.

712.2 Articles Exempted From Postal Service Fee

Post Office facilities will not collect a Postal Service fee for customs clearance and delivery in the following cases:

- a. On dutiable articles from overseas U.S. Post Office facilities (civil or military).
- b. On parcels assessed with duty that are delivered without collection of duty under [713.233e](#).
- c. On mail items examined and passed free of duty by U.S. Customs.

712.3 Amount of Postal Service Fee

See [Notice 123](#), *Price List*, for the Postal Service fee for customs clearance and delivery for each dutiable item.

712.4 Postal Service Fee Not Refundable

The Postal Service fee for customs clearance and delivery is not refundable by the U.S. Postal Service even though the U.S. Customs Service may later refund the duty paid by the addressee.

712.5 Customs Duties and Customs Fee Not Exempt

The exemptions provided for in [712.2](#) apply only to the Postal Service fee for Customs clearance and delivery. Customs duties and customs fees are not exempt from collection.

713 Treatment of Dutiable Mail at Delivery Office**713.1 Detection and Dispatch of Dutiable Mail****713.11 Detecting Dutiable Items**

Postal Service employees will promptly examine all inbound mail to detect dutiable items. Dutiable mail will bear the “Original” and “Addressee Receipt” copies of CBP Form 3419ALT, which are enclosed in an orange adhesive-backed Customs and Border Protection envelope attached to the wrapper or envelope.

713.12 Dispatch to Delivery Units

Dutiable mail will be forwarded promptly to delivery units.

713.2 Delivery of Dutiable Mail**713.21 Delivery Methods****713.211 By Whom Delivered**

Dutiable mail will be delivered by city and rural carriers and by window delivery units.

713.212 PS Form 3849, Delivery Notice/Reminder/Receipt

PS Form 3849, *Delivery Notice/Reminder/Receipt*, is used to notify addressees of the arrival of dutiable mail.

713.22 Delivery Procedures**713.221 Charging Delivery Employee**

Charge mail and both copies of CBP Form 3419ALT (see [713.11](#)) to the delivery employee on PS Form 2944, *Receipt for Customs Duty Mail*, prepared in duplicate. For control and auditing purposes, enter on PS Form 2944 the mail entry numbers as shown on CBP Form 3419ALT. Retain both copies of PS Form 2944 at the Post Office facility as a record of the employee's accountability.

713.222 Addressee's Examination of Dutiable Mail

Addressees are not permitted to examine the contents of dutiable mail until the duty has been paid.

713.223 Signing Customs Entry Forms

When customs charges are collected and delivery is made, the delivery employee will follow this procedure:

- a. Obtain the addressee's signature and date of delivery on the "Original" copy of CBP Form 3419ALT, as well as on PS Form 3849.
- b. If appropriate, the delivery employee will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld or POS ONE scanner.
- c. Sign and date the "Addressee Receipt" copy of CBP Form 3419ALT and give it to the addressee as a receipt for the duty paid.
- d. Turn in the amount collected with the signed "Original" copy of CBP Form 3419ALT and signed PS Form 3849. Turn in any undelivered mail with both copies of CBP Form 3419ALT.

713.224 Clearing Delivery Employee

- a. *Post Office facilities with 950 or more revenue units.* The carrier's accountability will be cleared by a clearing clerk, who will complete both copies of PS Form 2944, prepared pursuant to [713.221](#), and give them to the carrier. The carrier will deposit the original copy of the form in the slotted and locked receptacle provided for that purpose and file the duplicate copy, which he or she will retain for 3 months after the last day of the month of issue. The original copies of PS Form 2944 can only be removed from the locked receptacle by a supervisor or employee other than the clearing clerk, and must be forwarded daily to the chief accountant or other designated employee. Employees at delivery windows who have been charged with dutiable mail will be similarly cleared but, in addition, will be required to execute a new PS Form 2944 covering all dutiable mail remaining in their custody at the close of business.
- b. *At other Post Office facilities.* The delivery employee's accountability will be cleared in the same manner as for domestic COD transactions.

- c. *PS Forms 3849.* Electronic record management sites will dispatch all signed PS Forms 3849 with mail to be forwarded via pouch to the Computerized Forwarding System (CFS) site serving that office. Manual record management sites will file PS Forms 3849 in the consolidated file by the last two digits of the article number.

713.23 **Addressee Protests Duty Charged**

713.231 **Alternatives Available to Addressee**

When an addressee objects to the assessed value, rate, or amount of duty charged, the following alternatives are available:

- a. Addressee may take delivery, pay the duty and postal fees, and protest (within 90 days from the date duty is paid) directly to the issuing customs port.
- b. Addressee may definitely refuse the mail if he or she does not wish to pay the duty or to protest the duty assessment.
- c. Addressee may conditionally refuse the mail pending review of the entry by the U.S. Customs Service.

Note: Postal Service procedures for alternatives (b) and (c) are described in [713.232](#) and [713.233](#).

713.232 **Definite Refusal of Dutiable Mail**

If the addressee elects alternative (b) in [713.231](#), the delivery employee will make it clear to the addressee that the mail will be disposed of immediately as undeliverable. Then the delivery employee will mark the mail *Refused*, and date and initial it. If appropriate, the delivery employee will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld or POS ONE scanner. Then the delivery employee will return the mailpiece with both copies of CBP Form 3419ALT (see [713.11](#)) to the Post Office facility for disposal (see [713.51](#)).

713.233 **Conditional Refusal of Dutiable Mail**

If the addressee elects alternative (c) in [713.231](#), the Postal Service procedure is as follows:

- a. Delivery employee will advise addressee to submit his or her protest in writing to the postmaster. It should be accompanied by any evidence the addressee may have that will substantiate the claim (i.e., invoice, declaration of value, etc.). The addressee should also provide the CBP Form 3419ALT and any other particulars that will assist in relating the protest to a specific item of mail at the Post Office facility.
- b. Delivery employee will mark the mail "ADDRESSEE PROTESTS DUTY," date and initial the notation, and return the mail with both copies of CBP Form 3419ALT to the Post Office facility to await receipt of the addressee's written protest.
- c. If the addressee's written protest is not received *within 5 days* after the mail has been returned to the Post Office facility, notify the addressee that the mail is on hand and will be held for only 5 more days. Mark the mail "NOTIFIED" and date it. If the addressee does not furnish the required statement within another week, endorse the mail "UNCLAIMED," and date and treat it as prescribed in [713.3](#) or [713.5](#), as appropriate.

- d. On receipt of the addressee's written protest, the Post Office facility will promptly:
 - (1) Prepare report, in duplicate, on PS Form 2937, *Importer's Objections*.
 - (2) Forward original of PS Form 2937, with supporting statements and both copies of CBP Form 3419ALT, to the customs mail division where CBP Form 3419ALT was prepared, unless the addressee is located in the vicinity of one of the customs offices listed in [711.62](#). In the latter case, the original of PS Form 2937, both copies of CBP Form 3419ALT, and the other documents may be sent to the local customs office for consideration of the protest.
 - (3) Retain the mail with the duplicate of PS Form 2937 and await the decision of the customs office. If the customs office requests that the mail be submitted for inspection, it should be forwarded immediately.
- e. If an adjustment is made by the customs officer, he or she will endorse the adjustment on both copies of CBP Form 3419ALT and return them with the original of PS Form 2937 to the postmaster. When the package is delivered, the delivery employee will collect and report the corrected amount of duty and handle as prescribed in [713.46](#). If the adjusting customs officer waives the duty, the mail will be reported as an uncollected item, as prescribed in [713.52](#).
- f. If no decision on a protest is received from the customs office within 30 days, request that the matter be expedited. Continue to hold the mail until a decision is received.
- g. Whenever applicable during this process, the mailpiece barcode should be scanned/entered and the corresponding event code entered in the handheld or POS ONE scanner.

713.3 Forwarding or Returning Dutiable Mail

713.31 Forwarding Dutiable Mail Within the U.S.

713.311 Procedures

Forward dutiable mail as prescribed in [764.1](#). Allow CBP Form 3419ALT to remain attached to the redirected mail in its original envelope, which is also redirected to the new address.

713.312 PS Form 3849, Delivery Notice/Reminder/Receipt

- a. *Manual Record Management Sites:* Prepare PS Form 3849 to show the name and address of the addressee, forwarding address, and name of port where the duty was assessed.
- b. *Electronic Record Management Sites:* Scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.

713.313 Disposition of PS Form 3849

- a. *Manual Record Management Sites:* File PS Form 3849 with other delivery records.
- b. *Electronic Record Management Sites:* Send delivery receipts to the appropriate Computerized Forwarding System (CFS) unit.

- 713.32 **Forwarding Dutiable Mail to Another Country**
- 713.321 **CBP Form 3419ALT**
- When dutiable mail is entitled to be forwarded to another country, detach both copies of CBP Form 3419ALT, endorse them “ADDRESSEE MOVED OUTSIDE JURISDICTION OF THE UNITED STATES,” and report the mail as an uncollected item, as prescribed in [713.52](#). If applicable, scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.
- 713.322 **Procedures**
- See [764.2](#) concerning procedures for forwarding mail.
- 713.33 **Returning Dutiable Mail to Sender**
- 713.331 **CBP Form 3419ALT**
- When dutiable mail is to be returned to the sender, detach both copies of CBP Form 3419ALT; endorse them “REFUSED,” “UNCLAIMED,” etc.; and report the mail as an uncollected item as prescribed in [713.52](#). If applicable, scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.
- 713.332 **Procedures**
- See [772](#) for procedures for returning mail.
- 713.34 **Forwarding or Returning Dutiable Mail by Stations and Branches**
- Postmasters may authorize stations and branches to forward or return mail directly from those units, without sending the mail to the main office.
- 713.4 **Payment of Duty**
- 713.41 **Duty Rate Information**
- Customers desiring information concerning rates of duty or other customs procedures should communicate directly with the nearest customs office (see [711.62](#)) or with:
- US CUSTOMS AND BORDER PROTECTION
OFFICE OF THE COMMISSIONER
DEPARTMENT OF HOMELAND SECURITY
1300 PENNSYLVANIA AVE SW
WASHINGTON DC 20229-0001
- 713.42 **Prepayment of Customs Duty Abroad**
- No provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.
- 713.43 **Registration of Items to Be Returned to the United States**
- 713.431 **Customs Form 4455, Certificate of Registration**
- Before sending an item abroad for alterations, repairs, use, or replacement, the owner should submit it to a customs officer for issuance of a *Certificate of Registration* (Customs Form 4455). Otherwise, the package may be subject to a customs duty when it is returned to the United States.

713.432 Certification by Postal Service Personnel

Due to the lack of customs offices in many parts of the country, customers often are unable to have items registered with the U.S. Customs Service before sending them abroad, or are able to do so only after considerable expense and inconvenience. As a service to Postal Service customers, postmasters — or employees they designate — may certify the exportation of items mailed abroad for alteration, repair, use, or replacement under the following conditions:

- a. The customer must live more than 20 miles from a customs office. In addition to those listed in [711.62](#), there are a number of other customs locations throughout the country. A customer who lives within 20 miles of any customs office must have the item certified by a customs officer.
- b. The customer must present the items to be exported in an open state. The package must be accompanied by an original and duplicate copy of Customs Form 4455, which is completed and signed by the sender, and a customs declaration form(s) appropriate to the class of mail. (See [123](#) for declaration requirements.) Customers may obtain Customs Form 4455 from any customs office.
- c. The postmaster or designated Postal Service employee must check to see that the description of the item to be exported is the same on both Customs Form 4455 and the customs declaration form. If the description is the same, he or she certifies to the mailing (lading) by completing the “Signature of Customs Officer” space on both copies of Customs Form 4455. A Certificate of Mailing fee (see [Notice 123, Price List](#)) must be charged and accounted for by affixing postage stamps to the original and duplicate copies of Customs Form 4455 and canceling each stamp with the Post Office date stamp.
- d. Both copies of Customs Form 4455 must be returned to the customer. The customer must insert the original in the package so that the foreign addressee can return it with the merchandise. The customer should retain the duplicate for possible use in clearing the merchandise upon its return.
- e. After the customer has inserted the original Customs Form 4455, he or she must secure and seal the package and return it to the acceptance employee, who will handle it in the usual manner.

713.44 Return of Audio-Visual Materials

Customs Form 3311, *Declaration for Free Entry of Returned American Products and/or Certificates of Exportation*, should accompany outbound shipments of educational films sent to foreign addressees on a loan or rental basis. By enclosing Customs Form 3311, the mailer is indicating that the contents of the shipment are eligible for duty-free handling and classification upon reentry into the United States. This procedure is applicable to shipments of educational films valued at \$250 or less, which have been produced in the United States and are returned through the mail by foreign consignees. Customs Form 3311 can be obtained at any Customs Service office.

713.45 Assessment of Duty in Foreign Countries

The assessment of customs duty in foreign countries is outside the control of the U.S. Postal Service. Postal Service employees must not attempt to inform customers whether any items — either gifts or commercial shipments — will be subject to customs duty. It may be suggested to customers, however, that they inform the addressee before they mail so that the latter may determine whether those items are dutiable. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.

713.46 Recording and Reporting Collections

Post Office facilities making delivery/collection of dutiable mail must follow the recording and reporting procedures in Handbook F-101, *Field Accounting Procedures*, subchapter 7-2.

713.5 Treatment of Uncollected Items**713.51 Disposal of Uncollected Items**

When it is definitely established that a dutiable package is undeliverable, detach both copies of CBP Form 3419ALT (see [713.11](#)) and treat the package as prescribed in [770](#). Mark the mail entry forms to show the reason for nondelivery, and report as prescribed in [713.52](#).

713.52 Reporting of Uncollected Items**713.521 PS Form 2933, Register of Uncollected Customs Charges**

Complete PS Form 2933, Register of Uncollected Customs Charges, in duplicate, listing uncollected items in numerical order according to the 7-digit serial number on CBP Form 3419ALT.

713.522 Disposition of PS Form 2933

Forward the original PS Form 2933, with both copies of CBP Form 3419ALT, to the following address:

US CUSTOMS AND BORDER PROTECTION
MAIL ENTRY
6650 TELECOM DR STE 100
INDIANAPOLIS IN 46278-0001

If supporting Customs Form 3342, *Declaration for Free Entry of Gifts and/or Authorization to Postmaster to Deliver Mail Importation Conditional Free of Duty*, or other statements are necessary, they must be forwarded with the original PS Form 2933 and copies of the CBP Form 3419ALT to the Regional Commissioner of Customs.

713.523 Filing of PS Form 2933, Register of Uncollected Customs Charges

File duplicate PS Form 2933 for reference purposes.

713.524 Reports

Prepare reports as needed, but not less frequently than weekly.

713.53 Past-Due Entries

When the U.S. Customs Service fails to receive a remittance of duty or a report of disposition made of a dutiable package, the postmaster will receive a set of reproduced copies of CBP Form 3419ALT. In this circumstance, a search should be made at the Post Office of address and a report of its findings made to the Regional Commissioner of Customs at the address shown in [713.522](#).

713.54 Detached Customs Mail Entries

When a detached CBP Form 3419ALT is found, attempt to locate the related package and attach the form to it. If the package cannot be located, send CBP Form 3419ALT to the following address:

US CUSTOMS AND BORDER PROTECTION
MAIL ENTRY
6650 TELECOM DR STE 100
INDIANAPOLIS IN 46278-0001

713.6 Refund of Customs Duty**713.61 Action by Postmaster****713.611 General**

Amounts collected on CBP Form 3419ALT are *not* refundable by postmasters. An addressee who requests a refund of duty should be advised to make application to the customs office that issued the mail entry forms *within 90 days* from the date the duty is paid. If a refund is claimed for damage, it is suggested that the package be forwarded with the application. Any addressee wishing to abandon the package to the government should so state in the application.

713.612 Addressee's Request for Refund

If the addressee wishes to request a refund of duty from the Customs Service and intends to file an indemnity claim with the Postal Service, he or she must present the contents, container, and complete wrapping to the postmaster for the inspection in conjunction with the preparation of PS Form 2855, International Claim for Indemnity. Following this inspection, the postmaster accepting the claim will provide the claimant with a statement to the effect that:

- a. The Postal Service has accepted the damage claim and has received the abandoned merchandise;
- b. The package and its wrapper and contents with no commercial value have been presented to and retained by the Postal Service; and
- c. The documents, including the customer's yellow receipt copy of CBP Form 3419ALT, indicated that customs duty in the stated amount was paid by the customer.

Note: This statement, which is to be provided to the customer by the postmaster, is to accompany the customer's application to the Customs Service for refund of duty. If this statement accompanies the application, the presentation of the abandoned articles is not required by the Customs Service.

713.62 Refunds by Customs Service**713.621 Refund of Duty on Abandoned Merchandise**

A request for refund of duty paid will be considered by the Customs Service when merchandise covered by CBP Form 3419ALT is abandoned, provided:

- a. The abandoned merchandise represents five percent or more of the total value of all merchandise of the same class or kind entered in the invoice in which the item appears.
- b. The abandoned merchandise is delivered to the customs office where the CBP Form 3419ALT was issued within 90 days of the date of delivery (unless the Secretary of the Treasury authorizes a longer time in writing).

713.622 Refund of Duty on Returned Merchandise

The refund of duty paid “less 1 percent” will be considered by the Customs Service when merchandise covered by CBP Form 3419ALT is returned, provided:

- a. The returned merchandise does not conform to the sample or specification, or has been shipped without the consent of the consignee.
- b. The returned merchandise is delivered to Customs Service custody for exportation within 90 days of the date of delivery (unless the Secretary of the Treasury authorizes a longer time in writing).

Note: The addressee must pay the postal charges incident to returning the merchandise to the sender.

713.623 Refund of Duty on Goods Lost En Route

The Customs Service will not refund the duty paid when goods are lost en route after an addressee has paid the customs duty at the Post Office facility and requested that delivery be made at his or her residence or place of business. In addition, the Postal Service does not make any refunds of customs duty.

713.624 Refund of Duty as Drawback on Exported Merchandise

See [580](#) for drawback arrangements.

720 Plant and Animal Quarantine Inspection

721 What Is Subject to Inspection

All packages that contain plants, plant products, soil, plant pests, plant material used for packing, animals, and animal products and byproducts, including meats, are subject to agricultural quarantine inspection by the U.S. Department of Agriculture (see DMM 601).

722.2 Treatment of Packages Exempt From Inspection

Undamaged packages bearing the Agriculture Department label *Importation Authorized* should be forwarded directly to the Post Office of address. If packages bearing this label are damaged, recondition them if necessary, and forward for agricultural inspection as prescribed in [722.3](#).

722.3 Treatment of Unauthorized Importations

Mark “FOR AGRICULTURAL QUARANTINE INSPECTION” on packages containing the articles listed in [721](#) but not bearing any Agriculture Department labels or inspection stamps. Forward them under seal to the postmaster at the most accessible location listed in [723](#).

722.4 Packages Containing Prohibited Material

Upon inspection, packages found to contain prohibited agricultural material are either (1) released for delivery after removal of the prohibited contents and insertion of a notice by the inspector, or (2) marked “REFUSED ENTRY” (or a similar notation) and returned to origin.

730 Shortpaid Mail to the United States

731 Computation of Postage Due

- a. The postal service of the country of origin identifies and marks shortpaid mail with a T stamp. Next to the T is a fraction that consists of the amount of postage deficiency (expressed in its own currency) divided by the country's international surface letter price at the first increment.
- b. The receiving exchange office in the United States multiplies the T fraction by the U.S. First-Class Mail International letter price to determine the short paid amount in U.S. currency. This amount, plus a \$0.50 handling charge, accounts for the postage-due amount to be collected on delivery. The postage-due formula is as follows:

$$\begin{array}{l}
 \text{T} \frac{\text{shortpaid amount}}{\text{International letter price of postage to U.S.}} \times \text{First-Class Mail International price} \\
 \\
 = \text{Postage deficiency in U.S. currency} \\
 + \$0.50 \text{ handling charge} \\
 \\
 = \text{Postage due amount}

Indemnity may not be paid:

- a. In excess of the limit prescribed for the insurance or registry fee paid or greater than that corresponding to the actual amount of loss (except Registered Mail service), damage, or the missing contents. Allowance must be made for depreciation or for needed repairs, and in the absence of purchase receipts or invoices, the contents must be described in sufficient detail.
- b. When an item cannot be accounted for due to the destruction of service records by *force majeure*.
- c. When the contents are prohibited.
- d. For an item seized by customs or any other government agency.
- e. When no inquiry or application has been made by the claimant or a representative within 6 months, commencing with the day following the mailing of the item. In the case of insured mail with Canada, however, the time limit may be waived when it is satisfactorily established that the delay was unavoidable and not the fault of the claimant.
- f. For damage that results from the characteristics of the contents — that is, its inability, due to its nature, to withstand the ordinary incidents of the contemplated carriage.
- g. When full compensation or reimbursement has otherwise been made by the U.S. Postal Service or by any outside firm or corporation whatsoever except on a pro rata basis as coinsurer.
- h. For sentimental values arising from association. Also, in the absence of a complete description, the claimant must satisfactorily establish the ordinary market value at the time of mailing, particularly in the case of heirlooms or antiques.
- i. For an amount in excess of the maximum prescribed for the insurance or registry fee paid, unless responsibility rests with the United States and it is shown to the satisfaction of the Postmaster General that the sender was charged a fee less than that required to cover the amount

of indemnity desired, through error on the part of the U.S. Postal Service. On such a showing, the deficiency in fee may be collected from the sender and postal indemnity paid, within the limit fixed for the higher fee.

933 **Payments for Priority Mail International Parcels**

933.11 **Payment of Indemnity**

Priority Mail International shipments are covered by document reconstruction and merchandise insurance in case of loss, damage, or missing contents. Indemnity will be paid by the Postal Service as specified in DMM 503.4 and 609, subject to the exclusions in IMM [933.12](#).

Indemnity may be paid as follows:

- a. For loss, damage, or missing contents, based on the actual value of articles at the time and place of mailing.

- a. When other countries report delivery of parcels without external trace of damage or missing contents and acceptance by the addressee or an agent without reservation concerning the condition of the contents, and when delivery was made under conditions prescribed by the domestic regulations of the country of destination for mail of the same kind or on presentation of a regular postal identity card.
- b. When loss, damage, or missing contents has been caused by the fault or negligence of the sender or the addressee or the representative of either, such as failure to endorse the parcel conspicuously to show the nature of the contents or to provide adequate packing for the length of the journey and for the protection of the contents.
- c. When the claimant, with intent to defraud, has declared the contents of a parcel to be above their real value.
- d. For parcels that:
 - (1) Contain matter of no intrinsic value.
 - (2) Contain matter that did not conform to applicable postal conventions.
 - (3) Were not posted in the manner prescribed. In the event of loss, damage, or missing contents of mail erroneously accepted for insurance to other countries, limited indemnity may be paid as if it had been addressed to a domestic destination — i.e., on the basis of the indemnity limits for domestic insured mail. If postage was erroneously collected at other than a parcel price, but the

parcel was otherwise properly accepted for insurance, indemnity may be paid pursuant to the general provisions of this section and the special provisions of [933.2](#).

- e. For indirect loss or loss of profits.
- f. For an amount in excess of the maximum prescribed for the insurance fee paid, unless full or partial responsibility rests with the other country and the sender requested full coverage at the time of mailing, but a deficient and unauthorized insurance fee was collected. In such case, the sender must be paid for full value, less the amount of the deficient fee, but not exceeding the limit fixed for the appropriate insurance fee.
- g. When evidence of insurance coverage has not been presented.

933.13 **Priority Mail International Parcels — Indemnity Limitations**

- c. When other countries report delivery of parcels without external trace of damage or missing contents and acceptance by the addressee or an agent without reservation concerning the condition of the contents, and when delivery was made under conditions prescribed by the domestic regulations of the country of destination for mail of the same kind or on presentation of a regular postal identity card.

Restrictions

Bees, plants, seeds must be accompanied by a health certificate countersigned by the Argentine Consul.

Observations

- Argentine customs legislation stipulates that in all cases the addressee must be present to authorize the opening, checking, and customs clearance of packages. To expedite the examination of such packages, the sender should write in a suitable place on the customs Declaration, the phrase "Peutetre Ouvert D' Office" (May Be Opened Officially), followed by his signature.
- Each commercial shipment must be accompanied by a consular invoice in duplicate. These invoices must include a declaration signed by the seller or his representative reading: "I declare under oath that all the information given in this invoice is true and the prices indicated are those that actually have been paid (or will have to be paid). I also declare that no arrangements have been made that would make possible any alterations in these prices." The following articles do not require consular invoices:
 - Books, reviews, newspapers, printed papers and scientific and literary periodicals, on condition that no import duty is payable.
 - New or used effects or articles imported for noncommercial purposes or not of a saleable nature or value, intended for personal use or consumption and which, by reason of their quantity or type, give no grounds for thinking that they are intended for sale, and which do not exceed the value above which import duty would have to be paid.

 - Samples without saleable value (unused).
 - Brochures, posters, printed papers, diaries, almanacs, negatives, photographs, films and other miscellaneous publicity articles advertising foreign goods or concerns, which are marked to prohibit their free sale.

 - Customs, properties and other belongings of visiting theatrical companies.
 - Goods returned to Argentina after definitive or temporary export unless a return invoice was explicitly requested when authorization for temporary export was granted.
 - Educational equipment or materials intended for schools or scientific research institutes, whether as purchases, gifts, loans or technical or financial aid, on condition that the Argentine Ministry for Foreign Affairs and Religion gives permission beforehand.
- Used linen and clothing must be accompanied by a certificate of disinfection issued by a competent authority in the country of origin and countersigned by an Argentine consular service. In areas without an Argentine consular service, a disinfection certificate issued by the competent authorities is sufficient. The wrapper must be marked "Disinfection Certificate Enclosed."

Restrictions

A filtering facepiece (FFP) mask conforming to the EN 149 standard for class FFP2 is defined as personal protective equipment (PPE) and is subject to import restrictions as outlined in Regulation (EU) 2016/425. This same regulation is applicable to any other filtering FFP mask that conforms to similar standards and is intended for use as PPE (e.g., KN95, N95, GB 2626-2006, KP95, DS2, DL2, BIS P2, etc.). Consequently, a mailing that includes such a mask must meet the following criteria:

1. Each FFP mask must include the CE marking followed by the identification number of the notified body responsible for quality assurance.
2. Each FFP mask must be accompanied by user instructions in German.
3. Each mailpiece must include a copy of the manufacturer's EU declaration of conformity in German affixed to the outside of the item — alternatively, the mailer may affix the Internet address at which the document is accessible. The declaration of conformity must include the information outlined in Regulation (EU) 2016/425, Annex IX.

For additional information, visit the following website (available only in German): <https://www.bmdw.gv.at/Themen/International/covid-19/FAQ-corona-massnahmen/Import-von-PSA-waehrend-Covid.html>. Austrian Customs will consider postal items containing noncompliant masks as wrongly admitted and will return them to the sender.

Articles made of precious metals (gold, silver or platinum) must be of the fineness required by the Austrian regulations.

Austrian coins, gold coins require permission of the Austrian National Bank.

Cigars may be imported only by a business that holds a permit issued by the Austrian government.

Meat and animal products; plants and parts of plants; fruit, onion and flower bulbs; and other root plants must be accompanied by a certificate of origin and plant-health certificate. Shipments containing processed meat products

(salami, tinned meats, etc.) up to a weight of 3 kg (6 lbs., 9 oz.) when sent to private persons are exempt from this requirement.

Medicines intended for personal use are permitted only under an import license.

Observations

1. A parcel may be addressed to a street address or to a post office box. A local telephone number for the addressee should be provided when the item is addressed to a street address and must be provided when the item is addressed to a post office box.

The invoices must be affixed to the outside of the parcel or may be enclosed in PS Form 2976-E with the customs declaration.
3. As of July 1, 2021, the value-added tax (VAT) exemption is abolished on all imported goods, with the exception noted in entry 4 below. For more information regarding the European Union's VAT rules, visit https://ec.europa.eu/taxation_customs/business/vat/vat-e-commerce_en.
4. Gift shipments valued at less than 45 EUR sent from a consumer to a consumer (C2C) and marked "Geschenksendung" or "Gift" are exempt from taxes and duties.
5. Austria requests that, for all items containing goods, the customs declaration form include the following information, if available:
 - a. Country of origin for each article in the item.

For each item containing goods mailed to Bahrain, include on the customs declaration form the addressee's telephone number. This contact number assists Bahrain Post (the designated postal operator of Bahrain) in notifying the addressee when the item has arrived. If an undeliverable item does not contain the addressee's correct contact number, Bahrain Post will leave a notice at the addressee's address, and if the item is not collected within 30 days, Bahrain Post will return it to the country of origin.

Belgium

Country Conditions for Mailing

All items containing goods must include the corresponding 6-digit harmonized system code for each article listed on the customs declaration form. For more information, see 537 and the Observations section below.

Prohibitions (130)

Arms and weapons, including parts and accessories thereof.

Such items include both prohibited and controlled arms (subject to a license), over-the-counter weapons and their accessories, and ammunition. The relevant Harmonized System (HS) code range is 930100 to 930700. The designated postal operator of Belgium (bpost) will consider a postal item containing such items as wrongly admitted and will treat them in accordance with Belgium's national legislation.

Bronze, copper, and nickel coins not legal tender in Belgium, unless imported for collections.

Commercial shipments containing any form of tobacco, including electronic or vapor cigarettes that contain nicotine.

Human remains.

Live plants and animals.

Perishable infectious biological substances.

Radioactive materials.

Restrictions

Plastic wrap of any kind regardless of its chemical composition, including biodegradable or compostable materials, is not allowed on mailed items containing free press, free magazines, commercial mailings, and catalogues addressed to postcodes in the Walloon Region (postcodes 1300–1499 and 4000–7999). To comply with the new environmental legislation in the Walloon Region, bpost (the designated postal operator of Belgium) recommends that the sender use paper to wrap such items mailed to these areas. Plastic wrap is permitted for merchandise, newspapers, and magazines subject to paid subscriptions to all addresses. Window envelopes are still permitted, provided that plastic is not the main component of the wrapping. Parcels are not affected by this restriction.

Observations

1. Priority Mail International parcels must have a street address. Delivery cannot be made to post office boxes. A local telephone number for the addressee should be provided.
2. For Priority Mail International parcels, an invoice, in duplicate, is required for all commercial shipments regardless of value and all personal shipments valued at \$300 or more. The invoices must be affixed to the outside of the parcel or may be enclosed in PS Form 2976-E with the customs declaration.
3. Import permits or licenses are required for many types of goods; therefore, the sender should ascertain from the addressee before mailing whether the necessary documents are held.
4. Gift shipments for private individuals for their personal use are exempt from the license requirement provided the value of the shipment does not exceed 74 EUR.
5. As of July 1, 2021, the value-added tax (VAT) exemption is abolished on all imported goods. For more information regarding the European Union's VAT rules, visit https://ec.europa.eu/taxation_customs/business/vat/vat-e-commerce_en.

6. Belgium requests that, for all items containing goods, the customs declaration form include the following information, if available:
 - a. Country of origin for each article in the item.
 - b. Economic Operator Registration Identification (if such number has been assigned).
 - c. Telephone number (preferably mobile) and email address for the addressee.

Postal packages containing medicaments and not satisfying the above-mentioned conditions will be returned to the senders or, if abandoned, treated as undeliverable items.

Postage stamps are admitted only in First-Class Package International Service with Registered Mail service shipments.

Saccharine and other artificial sweeteners for artificial beverages require permission from the Brazilian Department of Public Health for importation.

Observations

1. Empresa Brasileira de Correios e Telégrafos (ECT) is introducing a "Fee for Postal Dispatch" with a current value of 15 Brazilian reals (BRL) for items presented to customs. If the addressee has not properly paid this fee, ECT will return the item to the sender.
2. Import licenses are required for many kinds of goods. ECT recommends that the sender ascertain from the addressee before mailing that the addressee holds the necessary documents. A shipment that does not have a required import permit is subject to confiscation as contraband.
3. The mailer must affix all necessary or relevant documents including invoices, export/import licenses, certificates of origin, health certificates, etc., to the outside of the item.
4. Imports are allowed by mail, including mail order catalog shipments, up to a value of U.S. \$500 (U.S. \$1,000 for computer software) without the requirement of an import license provided the item is not for resale. Shipments valued

at no more than U.S. \$50 are duty-free and are delivered to the addressee; shipments above U.S. \$50 can be picked up at the post office upon payment of import duties. Imports that are prohibited or subject to special regulations must comply with applicable Brazilian government provisions. Identical shipments from the same source to the same person or address in Brazil within a 90-day period are considered part of the same shipment and may be subject to confiscation. Other merchandise that usually enters duty-free includes items such as newspapers, maps, books, and magazines.

5. The mailer must fully and accurately complete the customs declarations, including the landline or mobile telephone number of the addressee, if available, and detailed information concerning the contents and value of the item, such as branded product description, model, serial number, and value of each individual article within the item. ECT immediately returns to the sender an item that does not have a properly completed customs declaration.
6. The importer tax identification (ID) number is required for all items containing goods. In Brazil, the importer tax ID number is known as "CPF" (format: 000.000.000-00) for natural persons and as "CNPJ" (format: 00.000.000/0000-00) for legal persons. This information must be provided either by the mailer in the importer reference field of the customs declaration form or on the commercial invoice, or by the importer through the Correios website at <https://www2.correios.com.br/sistemas/rastreamento>.
7. Shipments that do not indicate the applicable postage and fees on PS Form 2976-A will hinder the customs clearance process, causing delays to clear the items.
8. Used consumer goods may only be sent to charitable organizations that are recognized by the Brazilian government as being entities which serve the public interest.

Prohibitions (130)

An issue of a publication in which more than 5 percent of its total advertising space is primarily directed to a Canadian market and which indicates:

- a. Specifically where goods or services may be obtained in Canada, or
- b. Specific items or conditions relating to the sale or provision of goods or services in Canada.

All alcoholic beverages including wines, etc.

An issue of a publication that contains an advertisement primarily directed to a Canadian market is a prohibited import if that advertisement does not appear in identical form in all editions of the issue distributed in the country of origin.

Articles so marked as to create the false impression that they were made in Canada, the United Kingdom, or any other British country.

Commercial tags of metal.

Firearms.

Gold bullion, gold dust, and nonmanufactured precious metals.

Non-refillable lighters or any other lighter that contains fuel.

New lighters with no fuel may be sent.

Oleomargarine and other butter substitutes, including altered or renovated butter.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Plumage and skins of wild birds.

Prison-made goods being sold or intended for sale by a person or firm.

Radioactive materials.

Replica or inert munitions, as well as other devices that simulate explosive devices or munitions, including replica or inert grenades or other simulated military munitions, whether or not such items are for display purposes.

Reprints of Canadian or British works copyrighted in Canada.

Reproductions of Canadian postage stamps unless printed in publications in black and white only and with a defacing line drawn across each reproduction.

Shipments bearing caution labels indicating the contents are flammable.

Smoke-making devices for motor vehicles and boats.

Used or secondhand hives or bee supplies.

Vaping liquids containing 66 mg/g or more nicotine by weight.

Note: The U.S. Postal Service measures the concentration of nicotine solutions by volume rather than by weight, so it is possible that a product that does not exceed Canada's weight restriction would exceed the Postal Service's volume restriction. Nicotine solutions with a concentration of 16.67 percent (166 mg/ml) or more, when nicotine is the only toxic material in the liquid, are classified as "dangerous goods" (see 136.1) and as such are prohibited in international mail. (See also [Observation 1.](#))

Restrictions

Coins; banknotes; currency notes; securities payable to bearer; traveler's checks; gold, silver, platinum, manufactured or not; precious stones; jewelry; and other valuable articles may be sent only in insured parcels.

Drugs and medicines must comply with Canadian law.

Eggs for hatching must be packed in new, clean containers and accompanied by a certificate issued by a veterinarian of the U.S. Department of Agriculture, or one issued by a State veterinarian and endorsed by a veterinarian of that Bureau, stating that to the best of his or her knowledge the eggs come from a flock that is free from Newcastle disease, fowl pest, or fowl typhoid. See 135.3 for method of packing.

Meat and meat food products must be accompanied by an export certificate issued by the U.S. Department of Agriculture and labeled in accordance with Canadian regulations. Exception to these requirements are:

1. bona fide sample shipments weighing less than 10 kg;
2. meat products addressed to a government department or agency;
3. meat products intended for personal consumption when they enter Canada in the possession of the importer.

Pet food that contains biologically appropriate raw food or bones and raw food — such as heat-processed, shelf-stable pet foods, treats, and compound chews — must be accompanied by an import permit from the Canadian Food Inspection Agency and a zoo sanitary certificate from the United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) Veterinarian Services. Attach a copy of both documents to the outside of the mailpiece for review by the Canada Border Service Agency.

Veterinary biological products including serums and vaccines must be accompanied by a permit issued by the Veterinary Director General, Ministry of Agriculture of Canada.

Observations

1. As noted in the Prohibitions section, Canada prohibits certain vaping products. However, vaping products, otherwise known as electronic smoking products (i.e., electronic products for the vaporization and administration of inhaled doses of nicotine including electronic cigarettes, cigars, cigarillos, and pipes, as well as cartridges of nicotine solutions and related products), that make health claims are subject to the Canadian Food and Drugs Act (FDA). "Health claims" refers to any statement that represents the product as a drug or device under section 2 of the FDA — for example, a statement that the product will help someone quit smoking. Vaping products that make health claims require authorization under the FDA before being commercially imported, advertised, or sold in Canada. A vaping product that makes health claims is considered a prescription drug, and before importation to Canada, it requires a Drug Establishment License and an assigned corresponding Drug Identification Number (DIN). For more information, visit canada.ca/en/health-canada/topics/licensing-authorizing-manufacturing-drug-health-products.html. Vaping products with no health claims and no drugs other than nicotine are not subject to the FDA.
2. Banknotes valued at \$100 or more must be put up in a compact package and securely tied with strong twine before wrapping. The wrapper must be linen or other strong, woven material, linen lined paper, or two thicknesses of strong kraft paper. After wrapping, the package must be again securely tied or stitched and sealed at the points of closing.
3. The name of the Canadian province in which the office of destination is located must appear as part of the address.
4. The following must not be accepted for insurance: Bees, postage stamps (canceled and uncanceled) and albums in which they are mounted, and parcels addressed to CFPOs.
5. Canadian Forces Mail (CFPO) is processed through Canadian military post offices and must be addressed in the following manner:
 - a. NUMBER, RANK, NAME UNIT
 - b. CFPO (NUMBER)
 - c. BELLEVILLE ON K0K 3R0
 - d. CANADA

- Maximum weight limits for mail addressed to members of the Canadian Forces based outside of Canada (CFPO) is 22 pounds. Parcels for CFPO addresses may not be insured. Direct sacks of printed matter (M-bags) are not permitted for CFPO addresses.
6. A letter fully prepaid and bearing the same address as that of a parcel may be tied or otherwise securely attached to the outside of the parcel. Stamps to cover postage on the parcel must be affixed to the wrapper of the parcel. Stamps to pay postage on the letter must be affixed to the envelope thereof.
 7. Certain types of merchandise must be marked to show country of origin in the manner prescribed by the Canadian customs regulations.
 8. Goods valued under 20 Canadian dollars are duty and excise tax exempt. Goods over 20 Canadian dollars will be subject to the applicable duties and excise taxes. Gift shipments received by mail that are valued under 60 Canadian dollars are duty and excise tax exempt.
 9. For all casual and commercial goods valued at or under 1,600 Canadian dollars, Canada Post will collect assessed duties, excise taxes, and a handling fee from the addressee. This handling fee is set by Canada Post (see canadapost.ca/tools/pg/manual/PGcustoms-e.asp). All commercial mail items over 1,600 Canadian dollars will be held by Canada Customs and Excise until proper invoice and accounting documentation is provided by the addressee.
 10. The Canada Customs Invoice can be obtained from stationery, office supply, or printing companies. If mailers are unable to obtain the Canada Customs Invoice locally, they should visit the following Web site: canadapost.ca. In addition, commercial invoices are acceptable provided that each invoice has the required information for customs purposes.
 11. Information on Canadian customs regulations may be obtained from the Office of International Marketing/223, Bureau of International Commerce, Department of Commerce, Washington, DC 20230, or any field office of that Department.
 12. Obtaining post code information:
 - a. Information on Canadian post code directories can be obtained from:
 NATIONAL PHILATELIC CENTER
 CANADA POST CORPORATION
 STATION 1
 ANTIGONISH NS B2G 2R8
 Telephone: 1-800-565-4362
 Fax: 1-902-863-6796
 - b. To obtain Canadian post codes for specific addresses, call the General Information line at 1-416-979-8822 or access the Canada Post Corporation Web site on the Internet at canadapost.ca.
 13. Pursuant to the Canada Customs Act and a need to heighten border security, Canada will deny entry of all postal items (except postcards) that do not bear complete sender and addressee information in roman letters and arabic numerals.

Observations

- Items that contain powders, liquids, lithium batteries, or lithium cells are prohibited for carriage by domestic air transport within China. Any of these items that are approved for international air transport and arrive at the initial gateways in China will be forwarded via ground transportation to their next destination. China Post will accept no liability for the delay in delivering these items.
- As of November 30, 2018, the General Administration of Customs of the People's Republic of China (GACC) will dispose of any inbound mail item that lacks proper customs information or that the recipient refuses or does not claim in a timely manner. In addition, GACC will dispose of any item that it cannot deliver or return (including undeliverable liquids that fail aviation security checks).
- Mailers should be aware of the following customs requirements in China:
 - Items for personal use mailed to China are subject to duty and tax. However, items imported for personal use are exempt from duty and tax, if such duties and taxes are equal to or less than 50 CNY.
 - Items for personal use imported into China (not including items imported from Hong Kong, Macau, and Taiwan) may not exceed 1,000 CNY.
 - When items imported for personal use exceed the allowed value limit, three outcomes are possible:
 - The items will be returned.
 - If Customs determines that the items are not for personal use but are actually intended for commercial use, the items will be cleared using commercial customs procedures.
 - If Customs determines that the items are actually intended for personal use, then supporting documents such as a trade contract, commercial invoice, packing list, waybill, customs declaration brokerage authorization agreement, import and export license, or other similar documentation will need to be provided.
 - If imported items are intended for commercial use, commercial customs clearance will be applied.
 - China Customs permits only shippers and consignees that are registered declarants or other registered enterprises to present items that must be accompanied by the documents mentioned in paragraph 3c above. Individuals or companies that are not registered with China Customs to affect clearance are advised to entrust the customs clearance process to enterprises that are specifically registered with China Customs for this purpose.

4. For each item containing goods mailed to China, include on the customs declaration form the addressee's telephone number (mobile number preferred). This contact number assists China's customs authority in contacting the addressee for payment of customs duties and taxes, and it assists China Post (the designated postal operator of China) in contacting the addressee to arrange a specific time for delivery of the item.

Coloring powders and similar.

Documents having the character of current and personal correspondence exchanged between persons other than the sender and the addressee or persons living with them.

Fats.

Live animals, and dead animals not stuffed. *Exemptions:* Bees, leeches, and silkworms, as well as parasites and destroyers of noxious insects exchanged between officially recognized scientific institutions.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Radioactive materials.

Note: Colombia prohibits many types of goods, or subjects them to an import license; therefore, the sender should ascertain from the addressee before mailing whether the contents are permitted and whether the addressee holds the necessary documents.

Restrictions

New and used clothing is permitted when mailed as unaccompanied baggage. The words "Equipaje no acompañado" and the owner's passport number must be shown on the address label and the accompanying documents. Used clothing must have a certificate of disinfection enclosed.

Observations

1. First-Class Mail International and First-Class Package International Service items may not contain dutiable articles.
2. Books and other printed matter, if valued over \$20, require consular invoices, and the addressees must obtain import licenses.
3. A commercial invoice, numbered, certified and signed by the sender, must accompany each package containing books and periodicals of a commercial nature. In addition, the value of each item, the number of packages comprising the shipment, and gross weight must be shown on the invoice. One copy of the invoice should be sent to the post office of destination. A note must be made on each package of the number of books contained therein, its weight and the total number of packages comprising the shipment.
4. Packages must be addressed directly to the addressee, as the Colombian regulations do not permit customs entry to be effected by anyone except the addressee or an authorized representative.
5. Each shipment valued at \$20 or less requires two copies of the sender's commercial invoice, one of which must be enclosed in the parcel and the other sent under separate cover to the addressee. Consular legalization is not needed but the invoice must include a declaration of origin of the merchandise, in Spanish, reading as follows:
 "Certificamos bajo juramento que los precios de esta factura son los mismos que cargamos al cliente y que la mercancía a que se refiere esta misma factura es originaria de (Country of Origin). En fe de lo expuesto firmamos la presente declaración en (City, State) (Day) de (Month) de (Year) (Signature of shipper)".

(Translation: We certify under oath that the prices in this invoice are the same that we charge our customers, and that the merchandise in this same invoice comes from (Country of origin). In faith of which we sign the present declaration at (City, State), on (Date).

6. For shipments valued over \$20, the sender must have a copy of his or her commercial invoice legalized by a Colombian Consulate, and must prepare 4 copies of a consular invoice, one of which must be sent direct to the addressee with the legalized commercial invoice.
7. The addressees in Colombia are required in most cases to obtain import licenses in order to secure delivery of shipments. For shipments exceeding \$20 in value the addressee is required to send a copy of the import license to the sender, who must submit it to the Colombian Consul when obtaining the consular invoice. If a sender receives a copy of a Colombian import license for a parcel whose value does not exceed \$20, he or she must return it to the addressee in Colombia.
8. Consular invoice forms may be obtained and commercial invoices legalized at Colombian Consulates, which are located in principal cities of the United States.

Items containing goods may be confiscated upon entering Cuba or returned to sender.

Germany

Country Conditions for Mailing

All items containing goods must include the corresponding 6-digit harmonized system code for each article listed on the customs declaration form. For more information, see 537 and the Observations section below.

Prohibitions (130)

Absinthe.
 Arms and weapons, including firearms, parts of arms, ammunition, and imitation arms.
 Articles bearing political or religious notations on the address side.
 Human remains.
 Lithium cells and batteries — including items containing lithium cells and batteries under 135.6.
 Live plants and animals.
 Melatonin.
 Perishable infectious biological substances.
 Playing cards, except in complete decks properly wrapped.
 Pulverized coca beans.
 Radioactive materials.

Restrictions

Importation of medicines requires special authorization by German authorities.
 Import licenses or certificates are required for meat and meat products; pasta products; dairy products; egg and egg products; plant and plant products; tobacco products; and cigarette paper. Senders should ascertain before mailing whether the necessary documents are held by the addressee.
 Plants and seeds that originate outside the European Union are prohibited unless accompanied by a phytosanitary certificate issued by the country of origin.

Observations

- Any mail requiring a customs form must be addressed to the recipient's physical residential or business address and may not be addressed directly to a parcel locker (DHL Packstation), a service point (postal outlet or DHL Paketshop), or a post office box (Postfach). Otherwise, the German customs authority may reject the mail for return to the sender. Deutsche Post, the designated operator of Germany, also requests that such mail include a local telephone number for the addressee.
- For Priority Mail International parcels, an invoice, in duplicate, is required for all commercial shipments regardless of value and all personal shipments valued at \$300 or more. The invoices must be affixed to the outside of the parcel or may be enclosed in PS Form 2976-E with the customs declaration.
- Mailpieces delivered through international bulk mail services must be addressed with the correct postcode number or delivery zone number, if one exists. Without this number, the German postal administration will return such pieces to the sender or the country of origin due to insufficient addressing.
- The customs treatment of gift parcels will be facilitated if the customs declaration is marked by the sender "Private Geschenksendung" (personal gift package).
- Germany will not accept any Priority Mail Express International or Priority Mail International insured item valued at more than \$500. Items valued at more than \$500 will be returned to sender.
- As of July 1, 2021, the value-added tax (VAT) exemption is abolished on all imported goods, with the exceptions noted in number 7 below. For more information regarding the European Union's VAT rules, visit https://ec.europa.eu/taxation_customs/business/vat/vat-e-commerce_en.

- As of January 31, 2022, an item containing goods is exempt from import taxes and duties — with the exceptions noted in entry number 8 below — provided that the item meets all of the following conditions:
 - The mailer sends the item occasionally.
 - The item is declared as a "gift."
 - The total value of the item is less than 45 EUR.
 - The item does not involve a commercial transaction.
 - The item does not require payment.
 - The mailer sends the item as a consumer to consumer (C2C) shipment.
 - The item is intended for personal use or consumption by the recipient.
- As of January 31, 2022, import taxes and duties apply to the following:
 - An item associated with a swap deal, such as one conducted online or at a swap meet.
 - An item associated with a transaction between private persons conducted via an online auction platform.
 - An item sent either from or to a business — business to business (B2B), business to consumer (B2C), or consumer to business (C2B) — even when declared as a gift.
- Germany requests that, for all items containing goods, the customs declaration form include the following information, if available:
 - Country of origin for each article in the item.
 - Economic Operator Registration Identification (EORI), if such a number has been assigned).

Country Conditions for Mailing

Prohibitions (130)

- Appliances (including pistols, pistol pencils, etc.) for discharging gas, except on behalf of the Government.
- Arms and military equipment, except for the Indian Government.
- Articles of gold or silver.
- Coins; banknotes; currency notes; traveler's checks; securities payable to bearer; precious stones; jewelry; and other valuable articles.
- Coins or ingots exceeding 65 rupees in value, except coins obviously intended for ornament.
- Consumer electronic items, (except hearing aids and life-saving equipment, apparatus, and appliances and parts thereof). Shipments containing these goods up to the value of 200 Indian rupees (gift value) are at present released after the words "Released on caution" have been stamped on the item.
- Pistol-shaped articles such as toy guns.
- Radioactive materials.

Restrictions

- Addressees in India are required to obtain import licenses for all goods except those intended for their personal use and not exceeding 100 rupees in value. If the license is not obtained when required, the articles are considered as prohibited.
- Commercial shipments of tobacco, manufactured or not may only be sent to licensed importers or wholesalers.
- Indian banknotes, require permission of the Reserve Bank of India.
- Perishable articles or edible substances are admitted only by airmail.
- Piece goods and certain manufactured articles must be marked to show country of origin as prescribed by the Indian trademark regulations.
- Works of art (including photographs); forms ruled or printed; account and manuscript books; labels; advertising matter (except trade catalogs and circulars); almanacs in sheets or in cards; and other cards, as well as waste paper and old newspaper for packing, are considered to be merchandise, and may be liable to customs duty.

Observations

- In India, a very small number of articles is admitted free of customs duty and the tariffs of these duties vary considerably. The general rate of import duty is 30 percent but many articles are liable to a higher rate.
- Import duty is chargeable even if the articles are received as free gifts. The fact that goods are old or second-hand or gifts or articles intended for personal use does not entitle them per se to exemption from import duty. However, the collection of duty is waived in cases where the total duty on a shipment does not exceed 3 rupees. Books and magazines are generally exempt from import duty.
- Shipments can be more speedily released if their contents and value are clearly and correctly declared by the sender.
- Insured Priority Mail International parcels addressed to the post office boxes of Draw, Kargil and Leh in the State of Kashmir are not accepted from November 1 to May 31.

Ireland (Eire)

Country Conditions for Mailing

All items containing goods must, at minimum, include the corresponding 6-digit harmonized system code for each article listed on the customs declaration form. For more information, see 537 and the Observations section below.

Prohibitions (130)

Arms and weapons.
Articles bearing false trademarks or lacking the indication of origin required by the Irish regulations.
Coins minted in a foreign country, except gold and silver; false or counterfeit coins.
Hay, straw, including articles made of straw.
Human remains.
Live plants and animals.
Peat moss litter except under license.
Prison-made goods.
Safety fuses; fireworks.
Tobacco, cigars, or cigarettes packed with other articles; cut and compressed, sweetened, or adulterated tobacco.

Restrictions

Carbon paper, except for typewriter carbon paper that must be described on the customs declaration as follows:
“Typewriter carbon paper coated with wax and containing no oxidizable or fatty substances.”
Circulars or advertisements relating to the prevention or treatment of venereal disease must be addressed to physicians or pharmacists.
Import licensing information is contained in the Irish Customs and Excise Tariff, which may be obtained from the Secretary, Revenue Commissioners, Dublin Castle, Dublin 2 and from the Government Publications Sales Office, GPO Arcade, Dublin 1.
Importation of tea is subject to certain customs regulations. Many other goods, including certain fruit, vegetables and other foodstuffs, plants and seeds, and certain pharmaceutical products are subject to special regulations.
Margarine, skimmed milk, and other diluted or adulterated foodstuffs must be suitably labeled.
Oiled or varnished cloth or similar articles must be accompanied by a certificate as follows: “The oilcloth or similar articles in this parcel have been stored at a temperature of 140°F until completely dried, and then cured for at least a month before packing.” Only in Priority Mail International parcels.
The following goods are subject to quota restrictions and require an import license: boots and shoes, brushes, electric lamp bulbs, screws, tapered thread; felt hats and caps for women and girls; brushes and mops; wheaten flour and any commodity or product of wheat; rubber proofed wearing apparel; sparking plugs and component parts; silk and artificial silk hose; and certain woven fabrics.

Observations

1. A parcel may be addressed to a street address or to a post office box. A local telephone number for the addressee should be provided when the item is addressed to a street address and must be provided when the item is addressed to a post office box.
2. For Priority Mail International parcels, an invoice, in duplicate, is required for all commercial shipments regardless of value and all personal shipments valued at \$300 or more. The invoices must be affixed to the outside of the parcel or may be enclosed in PS Form 2976-E with the customs declaration.

3. The names of the counties in Ireland are as follows: Carlow, Cavan, Clare, Cork, Donegal, Dublin, Galway, Kerry, Kildare, Kilkenny, Leitrim, Laoighis, Limerick, Longford, Louth, Mayo, Meath, Monaghan, Offaly, Roscommon, Sligo, Tipperary, Waterford, Westmeath, Wexford, and Wicklow.
4. The names of the county and the delivery office must form a part of the address of all mail articles.
5. In the case of articles liable to customs duty that are eligible for preference, the preferential tariff will not be applied unless the customs declaration is inscribed in bold characters: “Preference claimed — Certificate of origin enclosed.” Otherwise, the full customs duties will be applied to the articles.
6. The same applies to goods imported under permit, unless the declaration is clearly marked “Imported under license,” and unless the relative license is produced at the time of customs examination. In such cases the license should be produced before the goods are imported.
7. As of July 1, 2021, the value-added tax (VAT) exemption is abolished on all imported goods. For more information regarding the European Union’s VAT rules, visit https://ec.europa.eu/taxation_customs/business/vat/vat-e-commerce_en.
8. A harmonized code (i.e., a code for the Integrated Tariff of the European Communities, also known as a “TARIC code”) is required for all goods destined to Ireland. The Irish customs authority has a tiered classification system. Some items require a 10-digit TARIC code while other items may be described using the 8-digit or 6-digit TARIC code. Items that require a 10-digit TARIC code may be returned by Irish customs, at the mailer’s expense, if the mailer provides only the first six or eight digits. Therefore, USPS recommends that mailers provide the 10-digit TARIC code for all goods destined to Ireland. More information can be found at <https://www.anpost.com/Commerce/SME/InternationalSending/Find-a-TARIC-Commodity-code>.
9. Ireland requests that, for all items containing goods, the customs declaration form include the following information, if available:
 - a. Country of origin for each article in the item.
 - b. Economic Operator Registration Identification (EORI), if such a number has been assigned).

Prohibitions (130)

Ammunition.

Hoverboards or gyroboards.

Items that infringe on patent rights, utility model rights, design rights, trademark rights, copyrights, neighboring rights, or layout design rights.

Narcotics and psychotropic substances.

Restrictions

Banknotes; securities payable to bearer; coins, gold bullion; bills of exchange; letters of credit; and other payment orders are subject to the conditions laid down in the law concerning foreign exchange and trade control.

Coins; banknotes; currency notes (paper money); securities payable to bearer; traveler's checks; platinum, gold, or silver, manufactured or not; precious stones; jewelry; and other valuable articles may only be sent in First-Class Package International Service with Registered Mail service shipments or insured Priority Mail International parcels.

Firearms, including handguns, pistols, machine guns, and rifles; other types of weapons, including daggers, swords, spears, and switch blade knives; and the components of firearms and weapons may *not* be imported into Japan unless the intended recipient has received prior permission from the competent authority (i.e., the Public Safety Commission) in the prefecture in which that person resides.

Meat products are prohibited unless accompanied by an inspection certificate issued by the U.S. Department of Agriculture.

Plants are limited to parcels and small packets only and are prohibited unless accompanied by a phytosanitary certificate issued by the country of origin, in accordance with Japan's national legislation. For a U.S. mailer, the phytosanitary certificate must come from the United States Department of Agriculture (USDA). Japan's national legislation authorizes the destruction of items that do not have the proper documentation. Japan's national legislation recommends that the outer package contains the words "Contains plants," "Requires plant inspection," "Plants," "Plant seeds," or similar wording. Confirmation of import conditions and additional guidance is available through the Ministry of Agriculture, Forestry and Fisheries at www.pps.go.jp/english/index.html.

Observations

- Human ashes may be accepted if presented for mailing by a licensed crematory or licensed mortuary. The ashes must be packed in a sealed metal container enclosed in a substantial outer container. There must be enclosed within the outer container, but outside the metal container, a certified copy of the death certificate and a statement or certificate executed by the crematory or mortuary to the effect that the ashes are those of the person named in the death certificate.
- Many articles are subject to an import license. Senders should ascertain from the addressee before mailing whether the necessary documents are held. Import permits are not required for articles intended for personal use and in quantities such that they could not be used for commercial purposes; articles for the relief of disaster victims; ashes of the dead; and publications sent to libraries as part of an exchange between countries.
- A sales invoice is required for all articles valued at more than U.S. \$1,600.00. The invoice must be affixed to the outside of the parcel or may be enclosed with the customs declaration in the plastic envelope of PS Form 2976-E. The sales invoice must not obscure the customs declaration, which must show through the plastic envelope.

- To improve the readability of postal labels in order to enhance customs clearance and the processing and delivery of mail destined to Japan, Japan Post requests that the mailer use labels made from non-thermal paper and recommends a font size of 10 points for the destination and sender's addresses.
- Japan Post requests that each item addressed to Japan include the correct postal code on the address label and, when applicable, also on the customs form. Information regarding Japanese postcodes is available in Japanese at <https://www.post.japanpost.jp/zipcode/dl/roman-zip.html>. For customers who are able to access the website in English, Japanese postcode information is available under the heading "Download Data."

 Circulars or advertisements containing amulets, charms, or talismans.
 Coins or ingots of a value higher than 50 Malaysian dollars, except coins for ornament.
 Firearms, including gas guns, and any component parts of such weapons.

 Radioactive materials.

Restrictions

Coins; banknotes; currency notes (paper money); securities of any kind payable to bearer; traveler's checks; platinum, gold or silver, manufactured or not; precious stones; jewelry; and other valuable articles may only be sent in insured parcels. These articles are not admitted in First-Class Mail International items, First-Class Package International Service items, or Priority Mail International Flat Rate Envelopes.

Observations

- Insured parcels for Sabah (North Borneo and Labuan) and Sarawak are accepted only for delivery at the following offices:
Sabah (North Borneo and Labuan): Beaufort, Keningau, Kota Belud, Kota Kinabalu, Kudat, Labuan, Lahad Datu, Papar, Ranau, Sandakan, Semporna, Tawau, Tenom, and Tuoran.
Sarawak: Baran, Bintulu, Kuching, Limbang, Miri, Mukah, Sarikei, Sibu, and Simanggang.
- Many types of merchandise require import licenses that addressees must obtain from the Malaysian authorities. Senders should be assured before mailing that addressees can obtain licenses if needed.
- As of January 1, 2024, Malaysia applies a sales tax to items containing low-value goods (LVG), which are defined as a class of goods as follows:
 - That originate outside Malaysia.
 - That are sold in online marketplaces at a price not exceeding 500 Malaysian ringgit (MYR).
 - That arrive in Malaysia for delivery to the buyer.
 The sales tax is based on the sale value of the LVG and is charged and levied at the rate of 10 percent and does not include the following charges:
 - Fees charged to the customer for transportation and insurance associated with transporting the goods originating outside Malaysia to the delivery destination in Malaysia.
 - Any tax or duty that is chargeable and payable on the sale of the LVG.
 Malaysian customs legislation requires all LVG suppliers — i.e., online sellers or online marketplaces — that are not based in Malaysia to register as LVG sellers under section 13 of the Sales Tax Act 2018 (LVG) if they meet the following requirements:
 - Have a registered business address in Malaysia.
 - Have a physical subsidiary in Malaysia that is licensed under section 13 of the Sales Tax Act 2018.
 - Have total sales of LVG in Malaysia exceeding 500,000 MYR within 12 months.
 Once a supplier is registered, Malaysia Customs suggests that the supplier sending an item containing LVG to Malaysia

avoid double taxation by providing its Malaysian tax identification number (TIN) as follows:

- On the customs declaration form in the sender's customs reference field, or on the associated address label if the customs form does not contain that field.
- On the invoice or commercial document affixed to the exterior of the parcel or item.

Failure to comply with this requirement to provide the TIN in one of these ways might cause delays in customs clearance and might result in double taxation (with the addressee being required to pay the sales tax for the delivery of the item).

More information on LVG and registration requirements is available on the website of Royal Malaysia Customs at <https://mysst.customs.gov.my> and at <https://mylvg.customs.gov.my>. More information regarding the sales tax for LVG is available on the Pos Malaysia website at www.pos.com.my. Direct questions regarding the sales tax for LVG to Royal Malaysia Customs at mylvg@customs.gov.my.

- As of March 1, 2019, import taxes (determined by the customs authority of Mexico) apply to goods with a declared value exceeding U.S. \$50, and Correos de México requests that a commercial invoice accompany such goods.
- To speed delivery of items subject to customs duty, commercial shipments must contain two copies of the commercial invoice, inserted inside the package.

Observations

- Each commercial shipment must be covered by a commercial invoice showing the current domestic price of the goods (that is, what the price would be if sold in the United States) and the selling price to the purchaser in New Zealand. The invoice must include a certificate as to the value of the goods, prepared in prescribed form, and signed by the shipper. Printed blanks for the invoice and certificate can be purchased from printing firms specializing in such supplies.
- The completed invoice must be sent to the addressee by First-Class Mail International. It is desirable to send one copy by air and another by ordinary means.
- Goods purchased online from the United States with an individual value not exceeding 1,000 New Zealand Dollars (NZD) may have the Goods and Services Tax (GST) collected by the seller at the point of sale. To avoid double taxation, New Zealand Post recommends that a U.S. mailer include a copy of the receipt or commercial invoice showing the GST number and the amount of GST paid. New Zealand Customs Service (NZCS) will use the documentation to assess tax liability at the border. When no proof of payment of GST is available, NZCS may charge the GST to the addressee before completing importation.

Norway

Country Conditions for Mailing

All items containing goods must include the corresponding 6-digit harmonized system code for each article listed on the customs declaration form. For more information, see 537 and the Observations section below.

Prohibitions (130)

Firing caps, loaded metal cartridges for portable firearms, non-explosive elements of artillery fuses and matches.
Pharmaceutical products of any kind, whether of synthetic extraction or classified as naturopathic preparations.
Radioactive materials.
Substances considered explosive; inflammable or dangerous.

Restrictions

Cosmetics (perfumes, cosmetics, and sanitary products containing alcohol) must be approved by the Technical Alcohol committee.
Importation of radio and telecommunications equipment (equipment like radio remote controls or other wireless systems including walkie-talkies, remote controls, and wireless telephones) is prohibited without the authorization of the Norwegian Telecommunication Regulatory Authority, Oslo. Ordinary TV and radio receivers are exempt from the regulation. Any imported dutiable equipment must be reported to the Norwegian Broadcasting Corporation by the importer.
Medicaments and other products used for medical treatment require authorization by the Ministry of Health. Serum, vaccines, and other bacteriological and serological preparations may be imported by labs and institutes approved by the Norwegian State.
Norwegian bank notes and coins and Norwegian and foreign securities of all kinds require authorization of the national Bank of Norway. Bills for exchange and bank drafts in payment of goods exported from Norway may be imported without prior authorization.
Products of animal origin intended for consumption/use by humans or pet animals are subject to authorization by the Veterinary Department of the Ministry of Agriculture in addition to customs clearance permission. Exception is made for some products. A list can be obtained from the Ministry of Agriculture in Norway.
The importation of firearms, ammunition, and parts of such and other military equipment is subject to the authorization of the Norwegian Police.

Observations

1. A commercial invoice in duplicate is required for customs clearance of all commercial items.
2. As of January 1, 2020, Norway applies a value-added tax (VAT) to all goods containing food, goods with import restrictions, and goods that are subject to excise duty, regardless of value. (Previously, Norway exempted these low-value goods from a VAT.) Goods containing food include, but are not limited to, candy, food supplements, health food, protein powders, soft drinks, spices, and teas. For additional information and guidance, see the following two websites: www.skatteetaten.no/en/person/duties/purchases-from-abroad, and www.skatteetaten.no/en/business-and-organisation/vat-and-duties/vat/foreign-exporting-goods-to-consumers-in-norway--important-changes.
3. As of April 1, 2020, Norway discontinued the 350 Norwegian krone (NOK) exemption from value-added tax (VAT) and excise duties for goods. A supplier offering low-value goods (not exceeding 3,000 NOK) must register for VAT in Norway and collect VAT on the sale of goods to consumers. To

facilitate the reporting and payment of VAT, a supplier can use the VAT on e-commerce (VOEC) Web site — to obtain guidelines and register for a VOEC number, visit www.skatteetaten.no/voec. Items that do not comply with VOEC requirements are subject to taxation at the border, and the addressee will incur a customs clearance fee, which might delay delivery. To ensure prompt and efficient customs clearance, Posten Bring AS (the designated postal operator of Norway) suggests including the 7-digit VOEC registration number on the customs form preceded with “sender’s customs reference No.” or “VOEC No.” Effective January 1, 2024, Norwegian Customs requires that the VOEC number is electronically transmitted in a digital format. Noncompliance with this requirement may result in delayed delivery and the potential risk of double taxation and administrative fees.

4. Norway requests that, for all items containing goods, the customs declaration form include the following information, if available:
 - a. Country of origin for each article in the item.
 - b. Economic Operator Registration Identification (EORI), if such a number has been assigned).
 - c. Telephone number (preferably mobile) and email address for both the sender and the addressee.

The commercial invoice must be legalized by a Peruvian consulate or countersigned by a chamber of commerce, or if neither is available, it may bear the notarized signatures of two well-known local merchants. If the value is under U.S. \$200, a commercial invoice must be furnished but need not be legalized. The consular or commercial invoice may be either enclosed in the parcel or sent separately to the addressee so as to arrive before the parcel, but the legalization must not be dated later than the day of mailing.

4. Gifts addressed to persons native to the country do not require a commercial invoice unless the value of such gifts exceeds U.S. \$450 per calendar year.

6. Each item addressed to Peru must include the correct 5-digit postcode to ensure efficient and accurate delivery. Information regarding Peruvian postcodes is available on the national postcode website at www.codigopostal.gob.pe (in Spanish only).

Restrictions

Meat or meat products including animal by-products require an
import permit issued by Director of Primary Production,
Singapore, and these articles must be addressed to the
addressee care of the above Director.

Observations

- Many types of merchandise require import licenses that
addressees must obtain from the authorities of Singapore.
Senders should be assured before mailing that the
addressees can obtain licenses if needed.
- As of January 1, 2023, the Goods and Services Tax (GST)
import relief threshold exemption of 400 Singapore dollars
(SGD) is abolished for Business to Consumer (B2C) mailers
that meet both of the following conditions:
 - Have an annual global turnover exceeding 1 million SGD.
 - Send B2C supplies of low-value goods (LVG — i.e., less
than \$400 SGD) to Singapore exceeding 100,000 SGD.
Such mailers must register and pay the GST when sending
goods to Singapore. Singpost (the designated postal
operator of Singapore) recommends that such B2C mailers
place the GST registration number and the GST amount paid
in the exporter reference field of the customs declaration
form or, when applicable, on the commercial invoice affixed
to the exterior of the item. For more information regarding
GST, mailers may visit [www.iras.gov.sg/taxes/goods-services-tax-\(gst\)/gst-and-digital-economy/gst-on-imports-of-low-value-goods](http://www.iras.gov.sg/taxes/goods-services-tax-(gst)/gst-and-digital-economy/gst-on-imports-of-low-value-goods) or contact the Inland Revenue Authority
of Singapore (IRAS) at www.iras.gov.sg/contact-us.

Gift shipments must be sent by private individuals. Those sent by commercial firms are not admitted.

Import permits are required for gift shipments exceeding three per year for one addressee, or for any parcel exceeding 3,000 Slovak Republic crowns in value. Permits may be issued to addressees or withheld at the discretion of the customs authorities after the shipment arrives.

Medicines are admitted provided the addressee is in possession of an import permit granted by the Slovak Republic health authorities.

Philatelic articles and stamps exchanged between member philatelists must not exceed 1,000 Slovak Republic crowns in any calendar year. Ukraine

Country Conditions for Mailing

The Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury and the Bureau of Industry and Security (BIS) of the U.S. Department of Commerce administer sanctions that restrict the mailing of items to certain destinations and recipients, including a broad embargo on items to and from the Crimea, Donetsk, and Luhansk regions of Ukraine (and any other regions of Ukraine designated by the Secretary of the Treasury as “covered regions” under Executive Order 14065). Many shipments to embargoed regions of Ukraine also require the filing of information with the U.S. Census Bureau. Before mailing any items to Ukraine, mailers are responsible for consulting OFAC and BIS regulations and websites to determine whether the addressee is in an embargoed region and what restrictions apply. For additional information, see IMM 510 520, and 530 and Publication 699, *Special Requirements for Shipping Internationally*.

Radios and mobile telephones for personal use may be sent to Ukraine, provided that the addressee has obtained prior authorization from the Ukrainian State Center of Radio Frequencies and Telecommunications Supervision. The Center is responsible for assigning radio frequencies and registering official authorization for the design, manufacture, and use of radio-electronic equipment. The applicable fax number is 011-38-044-450-2765.

Prescription medicines for personal use may be sent to Ukraine in quantities that are necessary for a complete course of treatment, provided that the addressee has obtained prior authorization from the Ukrainian Ministry of Health.

Funeral urns admitted for import are authorized only upon presentation of the following documentation to Customs authorities: A death certificate or any other document confirming death, issued by a competent body; or a certificate declaring that the urn does not contain other articles that may not be imported into Ukraine.

Used goods (e.g., clothes, footwear) that are unclean or that are not accompanied by supporting documents certifying that they have been fumigated cannot be sent via Priority Mail Express International service.

Goods that fall into categories 1 through 24 (i.e., “animal and animal products,” “vegetable products,” and “foodstuffs”) of the Harmonized Systems Codes (HS Codes) cannot be sent via Priority Mail Express International service, except for foodstuffs weighing less than 10 kilograms (22 pounds) in total and packed in their original packaging.

A shipment that exceeds this limit is subject to customs duty and other taxes according to the customs and tax legislation of Ukraine.
2. On each item with Registered Mail service and on the customs form on each parcel sent to Ukraine, display the addressee’s mobile telephone number. Ukrposhta provides an SMS notification regarding the arrival of these items.
3. To ensure prompt processing and timely delivery, address each item to Ukraine with the correct 5-digit postcode, preferably below the locality name or region name of the delivery address. Postcodes are available at http://services.ukrposhta.com/postindex_new/upload/houses_en.csv.

Observations

1. The following is a list of the names of the counties and city names in Northern Ireland. The County names are in capital letters. The geographic identifiers should be used in addressing mail to Northern Ireland:

ANTRIM:	DOWN:	LONDONDERRY:
Antrim	Banbridge	Coleraine
Ballymena	Bangor	Kilrea
Belfast	Downpatrick	Limavady
Carrickfergus	Kilkeel	Londonderry
Larne	Newcastle	Magherafelt
Lisburn	Newry	Portstewart
Portrush	Newtownards	TYRONE:

Whitehead	Enniskillen	Dugannon
ARMAGH:		Moy
Armagh		Omagh
Lurgan		Strabane

2. Many types of merchandise, unless sent as unsolicited gifts, require import licenses that the addressees must obtain from the British Board of Trade. Before mailing commercial shipments, senders should be assured that the addressees can obtain licenses if needed.

3. All goods sent to the UK are liable to customs duty and Value Added Tax on importation whether or not the package is marked as a "gift." Packages are admitted free of customs charges, however, if they meet the following conditions:

- Gift packages of small value provided they do not contain any tobacco goods, spirits or wine;
- Gift packages containing only well-worn clothing (excluding garments of high value), limited quantities of foodstuffs (other than caviar), soap or consumable medical supplies.

4. Postal packages without a customs declaration that contain goods liable to customs duty or control may be seized by the customs authorities.

5. Firearms that are intended for sporting purposes are mailable to the United Kingdom, provided the prospective addressee has obtained the required import license.

6. The United Kingdom limits the weight of M-bags to 20 kg (44 lbs.).

7. As of November 5, 2018, Parcelforce Worldwide, part of Royal Mail Group Ltd., charges a single-import customs clearance fee of 12 pounds sterling (GBP) for all low-value parcels subject to customs charges that it delivers — 873 GBP. Parcelforce Worldwide charges a flat fee of 25 GBP for high-value goods of more than 873 GBP.

8. Effective January 1, 2021, for all goods sent to the UK not exceeding £135 in value, the UK will not accept for importation an item that has not had the value-added tax (VAT) collected at the time of sale, before importation. For international postal items containing goods exceeding £135 in value, the UK will continue to collect the VAT at the UK border at the time of import. Online marketplaces that facilitate the sale of goods will be responsible for collecting and accounting for the VAT. For goods sent from overseas and sold directly to UK consumers, the overseas seller will be required to register and account for the VAT to HM Revenue and Customs. These changes will not apply to consignments containing excise goods or to noncommercial transactions between private individuals (known as Consumer-to-Consumer or C2C). Further guidance is available at www.gov.uk/eori and at www.gov.uk/vat-registration.
