Firearms, including gas guns, and any component parts of such weapons.

Restrictions

Coins; banknotes; currency notes (paper money); securities of any kind payable to bearer; traveler's checks; platinum, gold or silver, manufactured or not; precious stones; jewelry; and other valuable articles may only be sent in insured parcels. These articles are not admitted in First-Class Mail International items, First-Class Package International Service items, or Priority Mail International Flat Rate Envelopes.

Observations

- Insured parcels for Sabah (North Borneo and Labuan) and Sarawak are accepted only for delivery at the following offices:
Sabah (North Borneo and Labuan): Beaufort, Keningau, Kota Belud, Kota Kinabalu, Kudat, Labuan, Lahad Datu, Papar, Ranau, Sandakan, Semporna, Tawau, Tenom, and Tuoran.
Sarawak: Baran, Bintulu, Kuching, Limbang, Miri, Mukah, Sarikei, Sibul, and Simanggang.
- Many types of merchandise require import licenses that addressees must obtain from the Malaysian authorities. Senders should be assured before mailing that addressees can obtain licenses if needed.
- As of January 1, 2024, Malaysia applies a sales tax to items containing low-value goods (LVG), which are defined as a class of goods as follows:
 - That originate outside Malaysia.
 - That are sold in online marketplaces at a price not exceeding 500 Malaysian ringgit (MYR).
 - That arrive in Malaysia for delivery to the buyer.
 The sales tax is based on the sale value of the LVG and is charged and levied at the rate of 10 percent and does not include the following charges:
 - Fees charged to the customer for transportation and insurance associated with transporting the goods originating outside Malaysia to the delivery destination in Malaysia.
 - Any tax or duty that is chargeable and payable on the sale of the LVG.
 Malaysian customs legislation requires all LVG suppliers — i.e., online sellers or online marketplaces — that are not based in Malaysia to register as LVG sellers under section 13 of the Sales Tax Act 2018 (LVG) if they meet the following requirements:
 - Have a registered business address in Malaysia.
 - Have a physical subsidiary in Malaysia that is licensed under section 13 of the Sales Tax Act 2018.
 - Have total sales of LVG in Malaysia exceeding 500,000 MYR within 12 months.
 Once a supplier is registered, Malaysia Customs suggests that the supplier sending an item containing LVG to Malaysia

avoid double taxation by providing its Malaysian tax identification number (TIN) as follows:

- On the customs declaration form in the sender's customs reference field, or on the associated address label if the customs form does not contain that field.
- On the invoice or commercial document affixed to the exterior of the parcel or item.

Failure to comply with this requirement to provide the TIN in one of these ways might cause delays in customs clearance and might result in double taxation (with the addressee being required to pay the sales tax for the delivery of the item).

More information on LVG and registration requirements is available on the website of Royal Malaysia Customs at <https://mysst.customs.gov.my> and at <https://mylvg.customs.gov.my>. More information regarding the sales tax for LVG is available on the Pos Malaysia website at www.pos.com.my. Direct questions regarding the sales tax for LVG to Royal Malaysia Customs at mylvg@customs.gov.my.

 Meat or meat products and fish and fish products are admitted only conditionally.
 Merchandise for the addressee's personal use, not for his or her business or professional use or for sale or trade, and not exceeding 20 New Zealand dollars in value.
 Used clothing and used bedding must be for personal use of persons in New Zealand, or with permission of the New Zealand Minister of Customs. Worn out clothing not for personal use must be clean and disinfected, or it will be done at the addressee's expense.

Observations

- Each commercial shipment must be covered by a commercial invoice showing the current domestic price of the goods (that is, what the price would be if sold in the United States) and the selling price to the purchaser in New Zealand. The invoice must include a certificate as to the value of the goods, prepared in prescribed form, and signed by the shipper. Printed blanks for the invoice and certificate can be purchased from printing firms specializing in such supplies.
- The completed invoice must be sent to the addressee by First-Class Mail International. It is desirable to send one copy by air and another by ordinary means.
- Goods purchased online from the United States with an individual value not exceeding 1,000 New Zealand Dollars (NZD) may have the Goods and Services Tax (GST) collected by the seller at the point of sale. To avoid double taxation, New Zealand Post recommends that a U.S. mailer include a copy of the receipt or commercial invoice showing the GST number and the amount of GST paid. New Zealand Customs Service (NZCS) will use the documentation to assess tax liability at the border. When no proof of payment of GST is available, NZCS may charge the GST to the addressee before completing importation.
- New Zealand Post (the designated postal operator of New Zealand) requests that the mailer include both the addressee's telephone number (preferably mobile) and email address, if available, on the customs declaration form.

Norway

Country Conditions for Mailing

All items containing goods must include the corresponding 6-digit harmonized system code for each article listed on the customs declaration form. For more information, see 537 and the Observations section below.

Prohibitions (130)

Firing caps, loaded metal cartridges for portable firearms, non-explosive elements of artillery fuses and matches.
Pharmaceutical products of any kind, whether of synthetic extraction or classified as naturopathic preparations.
Radioactive materials.
Substances considered explosive; inflammable or dangerous.

Restrictions

Cosmetics (perfumes, cosmetics, and sanitary products containing alcohol) must be approved by the Technical Alcohol committee.
Importation of radio and telecommunications equipment (equipment like radio remote controls or other wireless systems including walkie-talkies, remote controls, and wireless telephones) is prohibited without the authorization of the Norwegian Telecommunication Regulatory Authority, Oslo. Ordinary TV and radio receivers are exempt from the regulation. Any imported dutiable equipment must be reported to the Norwegian Broadcasting Corporation by the importer.
Medicaments and other products used for medical treatment require authorization by the Ministry of Health. Serum, vaccines, and other bacteriological and serological preparations may be imported by labs and institutes approved by the Norwegian State.
Norwegian bank notes and coins and Norwegian and foreign securities of all kinds require authorization of the national Bank of Norway. Bills for exchange and bank drafts in payment of goods exported from Norway may be imported without prior authorization.
Products of animal origin intended for consumption/use by humans or pet animals are subject to authorization by the Veterinary Department of the Ministry of Agriculture in addition to customs clearance permission. Exception is made for some products. A list can be obtained from the Ministry of Agriculture in Norway.
The importation of firearms, ammunition, and parts of such and other military equipment is subject to the authorization of the Norwegian Police.

Observations

1. A commercial invoice in duplicate is required for customs clearance of all commercial items.
2. As of January 1, 2020, Norway applies a value-added tax (VAT) to all goods containing food, goods with import restrictions, and goods that are subject to excise duty, regardless of value. (Previously, Norway exempted these low-value goods from a VAT.) Goods containing food include, but are not limited to, candy, food supplements, health food, protein powders, soft drinks, spices, and teas. For additional information and guidance, see the following two websites: www.skatteetaten.no/en/person/duties/purchases-from-abroad, and www.skatteetaten.no/en/business-and-organisation/vat-and-duties/vat/foreign-exporting-goods-to-consumers-in-norway-important-changes.
3. As of April 1, 2020, Norway discontinued the 350 Norwegian krone (NOK) exemption from value-added tax (VAT) and excise duties for goods. A supplier offering low-value goods (not exceeding 3,000 NOK) must register for VAT in Norway and collect VAT on the sale of goods to consumers. To

facilitate the reporting and payment of VAT, a supplier can use the VAT on e-commerce (VOEC) Web site — to obtain guidelines and register for a VOEC number, visit www.skatteetaten.no/voec. Items that do not comply with VOEC requirements are subject to taxation at the border, and the addressee will incur a customs clearance fee, which might delay delivery. To ensure prompt and efficient customs clearance, Posten Bring AS (the designated postal operator of Norway) suggests including the 7-digit VOEC registration number on the customs form preceded with “sender’s customs reference No.” or “VOEC No.” Effective January 1, 2024, Norwegian Customs requires that the VOEC number is electronically transmitted in a digital format. Noncompliance with this requirement may result in delayed delivery and the potential risk of double taxation and administrative fees.

4. Norway requests that, for all items containing goods, the customs declaration form include the following information, if available:
 - a. Country of origin for each article in the item.
 - b. Economic Operator Registration Identification (EORI), if such a number has been assigned.
 - c. Telephone number (preferably mobile) and email address for both the sender and the addressee.
