

L005 3-Digit ZIP Code Prefix Groups—SCF Sortation

[11-29-09] [6-1-09] L005 describes the service area by individual 3-digit ZIP Code prefix for mail destined to a sectional center facility (SCF).

Subject to the standards for the rate claimed, pieces for the 3-digit ZIP Code prefixes shown in Column A must be combined and labeled to the corresponding SCF destination shown in Column B. SCFs serving only one 3-digit area are identified with ^S; Line 1 on labels for these destinations does not include the “SCF” prefix before the facility name. Unassigned 3-digit prefixes or assigned 3-digit prefixes not associated with an SCF are omitted.
