

## L607 3-Digit ZIP Code Sort Option for Drop-Ship Mailers

[6-1-09] L607 lists the 5-digit ZIP Codes for machinable parcels eligible to be entered at designated SCFs when sorted into 3-digit containers. The corresponding rate eligibility and mail preparation standards are described in [453.3.1.4](#), [455.4.2](#), [466.4.1](#), and [466.4.2](#).

Column A lists the 5-digit destination ZIP Codes that may be included in this sortation. Column B lists the corresponding 3-digit destination for container labeling. Use [L005](#) for determining the corresponding SCF entry facility.

| Column A<br>Destination ZIP Codes                                                                                                                                                                                                                                 | Column B<br>Label Container To |
