

L007 5-Digit Scheme—Periodicals, Standard Mail, and Package Services Flats in Bundles

[12-6-10] [10-4-10] [8-2-10] L007 describes the 5-digit scheme sortation list for automation price (see 345.7.0 for Standard Mail, 365.7.0 for Bound Printed Matter, and 707.25.0 for Periodicals) and cobundled automation and Presorted rate (see 705.11.0) Periodicals and Standard Mail flat-size pieces and Presorted rate Bound Printed Matter (BPM), Media Mail, and Library Mail flat-size pieces that meet the automation criteria under 301.3.0. The pieces within the scheme bundles are processed in the same operation and therefore are not required to be prepared in individual 5-digit bundles.

When the 5-digit scheme sort is used, mail for the 5-digit ZIP Codes shown in Column A must be combined in bundles for all combinations for which mail exists and density dictates. All 5-digit scheme bundles must include the appropriate OEL under 708.7.0, which must contain the 5-digit ZIP Code listed in Column B. 5-digit scheme bundles using OELs must include the appropriate OEL under 708.7.0, which must contain the 5-digit ZIP Code listed in Column B. See L006 for optional sortation of 5-digit FSS scheme bundles on pallets for flats destined for Flats Sequencing System (FSS) zones.
