Labels produced prior to January 2012 will have a "waiver of signature" box to check, while the updated labels will have a "signature required" box to check as follows:

- Waiver of signature (for labels dated prior to January 2012): mailers may instruct the USPS to deliver Priority Mail Express packages without obtaining the addressee's signature by signing the waiver on the Priority Mail Express label. A waiver of signature cannot be used for Priority Mail Express COD or Priority Mail Express with additional insurance.
- Signature required (for labels dated January 2012): mailers requiring a signature must instruct the USPS by checking the "Signature Required" box on the label. A signature is required for Priority Mail Express COD or Priority Mail Express with additional insurance.
