Postal Service Updates for July 2026 S&DC Activations

The Postal Service will launch eight new sorting and delivery centers (S&DCs) serving the nation in July 2026. These eight new S&DC sites are opening July 11, 2026, without moving additional ZIP Codes to their space. These S&DCs are an integral part of the Postal Service's Ten-Year Plan to Achieve Financial Sustainability and Service Excellence to create a best-in-class processing and delivery network.

The S&DCs will revitalize our network of nearly 19,000 delivery units — the last stop for mail and packages before they are delivered by our carriers. The Postal Service has targeted key markets where it is beneficial to aggregate delivery units into fewer, larger, centrally located S&DCs — leveraging both repurposed and new facilities — to simplify the entire network and create a more reliable and efficient Postal Service.

The schedules for the new S&DCs launches are listed below with the ZIP Codes™ they will serve:
