Postal Service Updates for October 2026 S&DC Activations

The Postal Service will launch new Sorting and Delivery Centers (S&DCs) in October 2026. The activations will include three sites opening with insource ZIP Codes into the one new S&DCs and two existing S&DCs.

The S&DCs will revitalize our network of nearly 19,000 delivery units — the last stop for mail and packages before they are delivered by our carriers. The Postal Service has targeted key markets where it is beneficial to aggregate delivery units into fewer, larger, centrally located S&DCs — leveraging both repurposed and new facilities — to simplify the entire network and create a more reliable and efficient Postal Service.
