Periodicals — Instructions

Use this form for Periodicals mailings

Step 1: Complete Mailer and Mailing sections on page 1. List all containers in the Number and Type of Containers field. You must select either Yes or No under Consolidated Postage Statement.

Step 2: Before you complete the Postage section, go to parts A through E and complete the part(s) that pertain to your mailing. Pieces that comply with the Full-Service Intelligent Mail option requirements are additionally reported on the line provided. The following information will help you determine which parts to complete:
Part A: In-County piece and pound prices.
Part B: Outside-County pound prices.
Part C: Outside-County piece prices.
Part F: Outside-County Ride-along prices.
Part P: Periodicals Pending Authorization

Step 3: Complete only applicable part(s), as follows:

1. For In-County mailings, complete only part A.
2. For Outside-County mailings, complete applicable parts B through F.
3. For Periodicals Pending Authorization, check applicable Pending Class of Mail. Calculate Total Periodicals Postage (page 1) multiplied by percentage in DMM 207.5.2.3 equals Pending Postage. Add Pending Postage (P1) plus Total Periodicals Postage (page 1) equals Total Postage While Pending.

Step 4: Go to the Postage Section on page 1. Add postage from Part Total box for each completed part. Bring these totals forward to front page and insert in appropriate box. Add all parts together to get Total Postage.

Step 5: Go to the Total Postage While Pending Section on page 1. Add postage from Part P Total box (P3). Bring total forward to front page and insert in Total Postage While Pending box.

Step 6: Read and sign the Certification section, including your telephone number. Attach all completed pages together to submit with the mailing. (Do not include blank pages.)

Further Information About Discounts Total Columns

Promotion Discounts are calculated and applied after all other discounts and incentives are applied at each line/product level.

If multiple promotion discounts apply, each promotion is calculated based on the same postage subtotal (for each line/product level), after other discounts and incentives are applied.

Further Information About Part Z – Promotions, Incentives, Discounts - Optional/Display Only
Part Z is an optional, display-only part. This part summarizes the information on promotions, discounts, and incentives that were received on prior parts of the postage statement. This part is not used to calculate promotions, discounts, or incentive amounts; rather summarize the amounts that were already processed elsewhere on the statement. This part is intended for reporting and display purposes only, and is marked as an optional part.

The promotions, discounts and incentives are documented as aggregate amounts by the type of promotion, discount, and incentive. For example, a promotion, or discount, or incentive applies to mailpieces listed across lines (sorts/entries), or spans multiple parts of the statement, the total amount will be combined and shown as a single value (per promotion, discount or incentive) in Part Z.

For credit-based incentives, if credits from multiple periods are claimed in the statement, they will also be aggregated and displayed as a single total amount in Part Z.

Part Z is primarily used for market dominant products. Additions of promotions, discounts and incentives may be published as part of the current market dominant updates. Removal of promotions, discounts and incentives may be published with the next cycle of market dominant updates.
