The Mailer section must be completely filled in, including the Permit Holder in the first box, the Mailing Agent, if any as described below, in the second box, and the Mail Owner, as described below, if other than the Permit Holder, in the third box.
- Mailing Agent:** The mailing agent is a business entity, organization, or individual acting on behalf of one or more mail owners by providing mailing services for which the mail owners compensate the mailing agent. A business entity, organization, or individual whose services define it as a mailing agent may also be considered a mail owner, but only for its own mail or the mail of its subsidiaries. Mailing agents include, but are not limited to the following: Printer, letter shop, address list provider/manager; mail preparer, postage payment provider, mailing logistics provider, mailing tracking provider, ad agency, and mailing information manager.
- Mail Owner:** The mail owner is the business entity, organization, or individual who makes business decisions regarding the mailpiece content, directly benefits from the mailing, and ultimately pays for postage on the mailpiece directly or by way of a mailing agent.
- Step 2:** Before you complete the Postage section, go to parts A through S. Complete the part(s) that pertain to your mailing. All pieces must be reported on the appropriate line at the full published price (not including the Full-Service Intelligent Mail incentive). - Step 5:** Complete Line 2 for Postage Affixed mailings. Check the box for the Price at Which Postage Affixed (Correct, Lowest, or Neither). Multiply the number of pieces by the postage affixed. Put the total in the Postage Affixed block.
- Step 6:** Line 3 is for postage adjustments that apply to the entire mailing. Report any Incentive/Discount Flat Dollar Amount on Line 3.
- Step 7:** Calculate Line 4 Net Postage Due by subtracting any Postage Affixed and Incentive/Discount (Lines 2 and 3) from the Subtotal Postage (Line 1). For permit imprint mailings, the Net Postage Due is the amount that will be withdrawn from the permit imprint account listed in the Permit # box in the Mailing section. For postage affixed mailings, the Net Postage due is the amount that must be tendered in addition to that already affixed to the mail, and it may be tendered by any of the applicable methods including withdrawal from an advance deposit account that can be listed by Permit # on Line 4.

Further Information About Discount Total Columns

Promotion Discounts are calculated and applied after all other discounts and incentives are applied at each line/product level.

If multiple promotion discounts apply, each promotion is calculated based on the same postage subtotal (for each line/product level), after other discounts and incentives are applied.

Further Information About Part Z – Promotions, Incentives, Discounts - Optional/Display Only

Part Z is an optional, display-only part. This part summarizes the information on promotions, discounts, and incentives that were received on prior parts of the postage statement. This part is not used to calculate promotions, discounts, or incentive amounts; rather summarize the amounts that were already processed elsewhere on the statement. This part is intended for reporting and display purposes only, and is marked as an optional part.

The promotions, discounts and incentives are documented as aggregate amounts by the type of promotion, discount, and incentive. For example, a promotion, or discount, or incentive applies to mailpieces listed across lines (sorts/entries), or spans multiple parts of the statement, the total amount will be combined and shown as a single value (per promotion, discount or incentive) in Part Z.

For credit-based incentives, if credits from multiple periods are claimed in the statement, they will also be aggregated and displayed as a single total amount in Part Z.

Part Z is primarily used for market dominant products. Additions of promotions, discounts and incentives may be published as part of the current market dominant updates. Removal of promotions, discounts and incentives may be published with the next cycle of market dominant updates.
